The development, communication and evaluation of administrative and information policies, regulations, standards and systems in order to ensure probity and prudence in the acquisition and use of material and services required to provide effective support to Government programs.

Official Languages
The development, communication and evaluation of the Official Language policies and programs within the federal public service.

Departmental Administration
Includes executive direction for the Secretariat; and information, financial, personnel and administrative services.

Government Contingencies and Centrally Financed Programs

Objective

To provide funds for unforeseen and urgent expenditures which arise after the Main Estimates have been tabled and for centrally managed programs.

Activity Description

Government Contingencies
Provides funding for increased salary costs arising out of negotiated and non-negotiated agreements and other paylist requirements not included in departmental Estimates and for urgent expenditures of a miscellaneous character which cannot be foreseen when the Estimates are drawn up.

Employment Initiatives
Provides funding for qualifying projects approved during the fiscal year which support the Government's employment strategy.

Employer Contributions to Insurance Plans Program

Objective

To provide for contributions by the Government as employer in respect of employee insurance and benefit plans and programs and for payments made under certain residual pension plans.

Activity Description

Public Service Insurance
Provides for the payment of the employer's share of health, income maintenance and life insurance premiums, for payments to or in respect of provincial health insurance plans, provincial payroll taxes and the employee's share of the unemployment insurance premium reduction.

Public Service Pensions
Provides for payments under earlier superannuation and retirement acts, under the Public Service Pension Adjustment Act of 1959 and for employer costs of pension and social security plans to which employees engaged locally outside of Canada are subject.

Temporary Assignments Program

Objective

To provide executives and senior officers to carry out high priority temporary assignments in response to departmental and agency requests.

Comptroller General

Management Practices and Controls Program

Objective

To see to the establishment and maintenance of sound management practices in the federal Government by developing policies and standards for financial and operational planning, reporting and controls, and by promoting and monitoring improvements in the practice of financial and operational management, in departments and agencies.

Activity Description

Financial and Management Accounting and Reporting
Has as its objective the establishment and maintenance of sound financial and management accounting and reporting in the federal Government. This is accomplished by developing and maintaining financial, accounting and reporting policies, including guidelines on the form and content of the Estimates and Public Accounts, and specifications for the development of financial systems; providing interpretative services and implementation assistance to departments and agencies; participating in the recruitment and development of financial officers; and assisting other central agencies in the development of legislation and policies affecting the control and accountability of departments and Crown Corporations in order to ensure their compatibility with the Government's stated accounting and reporting policies.

Management Practices and Processes
Has as its objective the establishment and maintenance by departments and agencies of sound management processes and systems for strategic and operational planning and review. This involves the conduct of surveys and assistance in the development and implementation of deparmental action plans for improvements in management practices; the elaboration of policies, guidelines and standards for program evaluation and internal audit; the provision of assistance to departments and agencies in the implementation of evaluation and audit policies; the monitoring of evaluation and audit practices; participation in the training and development of managers and practitioners of program evaluation and internal audit; and the development, in conjunction with other central agencies, of Government-wide procedures in order to ensure the demand for, and appropriate use of evaluative information.

Administration
Includes management and support work for the above activities; and financial, personnel and administrative services.

Department

Veterans Affairs Program

Objective

To provide support for the economic, social, mental and physical well-being of veterans and their dependants and other eligible persons.

Activity Description

Social and Income Support
Administration of matters relating to the social welfare of veterans, their dependants and certain other specified persons. These benefits include: War Veterans Allowances and Civilian War Allowances and supplementary financial assistance on the basis of need; hospitalization and medicare assistance; educational assistance for veterans and the pensioned children of deceased veterans; specialized welfare services for blind, deaf and paraplegic veterans; social welfare counselling services and special housing assistance for veterans. Operation of two sheltered workshops to produce poppy emblems and memorial wreaths for the Royal Canadian Legion Poppy Day Campaign and various memorial occasions.

Health Services
The provision to qualified veterans of hospital, medical and domiciliary care, out-patient medical and dental treatment, prosthetic services and related training, allowances and ancillary benefits.

Management of Property Contracts
Provision of property management and other services including post-loan counselling, real estate appraisals, loan advances for the construction of buildings and other improvements, and the administration of sale contracts relating to properties the titles to which are in the name of the Director, the Veterans' Land Act.

Departmental Administration
Operation of the offices of the Minister, Deputy Minister, Assistant Deputy Ministers and the managerial support functions of financial management, personnel administration, administrative services, public relations, and planning, audit and evaluation services.

War Veterans Allowance Board Program

Objective

To ensure that veterans and their dependants receive their entitlement under the War Veterans Allowance Act and Part XI of Civilian War Pensions and Allowances Act.

Activity Description

Appeal, Review, Adjudication and Interpretation
Provision for the expenses of the War Veterans Allowance Board which adjudicates appeals related to the rulings in cases of applicants and recipients made by the Department of Veterans Affairs under the War Veterans Allowances Act and the Civilian War Pensions and Allowances Act, Part XI, and related instruments, reviews rulings of the Department, adjudicates eligibility in specific cases and interprets the acts and regulations.

Pension Review Board Program*

Objective

To ensure that eligible ex-members of the Armed Forces, certain civilians and/or their respective dependants receive the full benefits of the Pension Act and related statutes.

Activity Description

Pension Review System
Provides for the adjudication of appeals made before it on decisions rendered by the Entitlement and/or Assessment Boards of the Canadian Pension Commission and for the determination of all matters of interpretation of the Pension Act, and for the adjudication of appeals under the Civilian War Pensions and Allowances Act, Compensation for Former Prisoners of War Act, Flying Accidents Compensation Regulations, RCMP Pension Continuation Act, RCMP Superannuation Act and other related statutes.

Canadian Pension Commission Program*

Objective

To ensure the provision of service-related death and disability benefits to eligible ex-members of the Armed Forces, certain civilians and/or their respective dependants.

Activity Description

Pension Adjudication and Administration
Provides for the administration and payment of pensions and benefits for disability and death in accordance with the Pension Act, Civilian War Pensions and Allowances Act, Flying Accidents Compensation Regulations, Civilian Government Employees (War) Compensation Order and related Acts and Orders, for the payment of compensation in accordance with the Compensation for Former Prisoners of War Act and for the adjudication of all claims for pensions and allowances including claims under the RCMP Pension Continuation Act and RCMP Superannuation Act.

Bureau of Pensions Advocates Program

Objective

To provide an independent professional legal aid service to persons seeking to establish entitlement under the Pension Act and allied statutes and orders or on appeal to the War Veterans Allowance Board.

Activity Description

Legal Counselling and Representation
Provisions of a complete independent legal aid service, which includes the acceptance of claims, the searching of records, the identification of evidence, the counselling of applicants, and the preparation and presentation of claims to the adjudicating bodies (Canadian Pension Commission and Pension Review Board) and appeals under the War Veterans Allowance Act to the War Veterans Allowance Board through the services of professional advocates and supporting staff located in eighteen cities throughout Canada.

---

*Formerly the Pension Program.

INTRODUCTION TO THE PUBLIC ACCOUNTS

Nature of the Public Accounts

The Public Accounts is the report of the Government of Canada prepared each fiscal year by the Receiver General as required by Section 55 of the Financial Administration Act.

The report covers the fiscal year of the Government, which ends on March 31, and is prepared from data contained in the accounts of Canada and from more detailed records maintained in departments and agencies. The accounts of Canada is the centralized record of the Government's financial transactions maintained by the Receiver General in which the transactions of all departments and agencies are summarized. Each department and agency is responsible for agreeing its accounts to the control accounts of the Receiver General, and maintains detailed records of the transactions in those accounts.

The report covers the financial transactions of the Government during the year. In certain cases, parliamentary authority to undertake transactions was provided by legislation approved in earlier years.

Format of the Public Accounts

The Public Accounts is produced in three volumes. **Volume I** presents a summary and analysis of the financial transactions of the Government while **Volume III** contains an annual consolidated report on the businesses and activities of all parent Crown corporations together with a listing of all Crown corporations and other corporate interests of Canada.

Volume II is published in two parts. **Part I** presents the financial operations of the Government, segregated by ministry while **Part II** presents additional information and analyses. The content of **Part II** is summarized as follows:

- financial statements of revolving funds (Section 1);
- financial statements of departmental corporations and other entities (Section 2);
- supplementary information required by the Financial Administration Act (Section 3);
- accounts receivable and deletions (Section 4);
- professional and special services (Section 5);
- construction and acquisition of land, buildings, works, machinery and equipment (Section 6);
- transfer payments (Section 7);
- public debt charges (Section 8);
- payments of damage claims, ex gratia payments, Federal Court awards and nugatory payments (Section 9);
- federal-provincial shared-cost programs (Section 10);
- other Government-wide information (Section 11); and,
- other miscellaneous information (Section 12).

Defence Production Revolving Fund

MANAGEMENT REPORT

The accompanying financial statements of the Defence Production Revolving Fund have been prepared by Supply and Services Canada in accordance with Treasury Board policies, the Defence Production Act, and reporting requirements and standards of the Receiver General for Canada.

The statements have been prepared on a basis consistent with that of the preceding year and are consistent with information presented elsewhere in the Public Accounts and with departmental reports. Significant accounting policies used in the preparation of the financial statements are included in the notes to financial statements. Some of the information included in these financial statements is based on management's best estimates and judgements and gives due consideration to materiality.

The primary responsibility for integrity and objectivity of these statements rests with the Finance, Personnel and Administration sector. This responsibility is discharged by the Comptroller's Directorate which develops and disseminates financial management and accounting policies and issues specific directives necessary to maintain standards of accounting and financial management. Furthermore, the Department maintains internal controls designed to indicate accountability, provide assurance that assets are safeguarded and that reliable financial records are kept.

NOTES TO FINANCIAL STATEMENTS MARCH 31, 1986

1. Purpose and authority

The Defence Production Revolving Fund has been authorized by Section 15 of the Defence Production Act. It was established in 1951 for the purpose of:

(a) financing the stockpiling of defence supplies or strategic materials;

(b) making loans or advances to aid in defence procurement such as working capital loans as advance payments on contracts but not including loans or advance payments for capital purposes; and

(c) permitting initial payments for defence supplies which can be promptly billed to a Government department, agency or an associated Government in advance of delivery of goods.

The Adjustment of Accounts Act (S.C. 1980, c. 17) had the effect of creating a separate Defence Production Loan Account for loans or advances authorized under the Defence Production Act, item (b) above.

The Fund and the Defence Production Loan Account have a joint continuing non-lapsing authority from the Adjustment of Accounts Act to make payments out of the Consolidated Revenue Fund, the total of which is not to exceed at any time by more than $100 million the aggregate of amounts received on these two accounts. An amount of $15,408,997, representing net assets assumed by the Fund was charged to this authority when the Fund became budgetary in 1981. Pursuant to Treasury Board authority, accumulated surplus in the amount of $455,935 has been transferred to the Fund's authority during 1984-85.

2. Significant accounting policies

(a) Progress payments to suppliers

Progress payments and accrued liabilities to suppliers for defence supplies requisitioned by Government departments and agencies and/or for stockpiled inventories, which are in progress and located on the supplier's premises, are recorded as progress payments to suppliers. Under the terms of the contracts, the suppliers are liable to the Fund until delivery takes place.

(b) Progress billings to customers

Billings to customers for defence supplies requisitioned which have not yet been delivered to customers are recorded in the accounts as progress billings to customers.

3. Long-term receivable

In accordance with the terms of an agreement, the collection of the long-term receivable is dependent on the recipient's ability to make sales. Should the sales be insufficient to retire the debt, any balance owing will be recovered from the Department of National Defence.

Environmental Studies Revolving Fund
(Energy, Mines and Resources)

MANAGEMENT REPORT

These financial statements of the Environmental Studies Revolving Fund have been prepared in accordance with Treasury Board policy and the reporting requirements of the Receiver General for Canada. The primary responsibility for integrity and objectivity of these statements rests with the management of the Fund. As a result of management reporting structure changes, a memorandum of understanding transferred, commencing November 5, 1985, the financial administration of the Environmental Studies Revolving Fund—Indian Affairs and Northern Development to the Comptroller, Canada Oil and Gas Lands Administration.

The financial statements were prepared with objective data maintained by the Department. The significant accounting policies used in the preparation of the financial statements are included in the notes to the financial statements. Some of the information included in these financial statements is based on management's best estimates and judgements and gives due consideration to materiality.

The Fund began operation during fiscal year 1983-84. The management of the Fund is effected through the maintenance of accounts which provide a centralized record of the Fund's transactions. The Department develops and disseminates financial management and accounting policies and the Fund is maintained under a system of internal accounting controls which provide management with reasonable assurance that transactions are recorded and executed in accordance with its authorizations and that its assets are safeguarded. Transactions are executed in accordance with the Financial Administration Act, regulations and directives from Treasury Board and the Receiver General for Canada in order to provide the required visibility, accountability and control of the operations of the Fund.

The accompanying notes are an integral part of this reconciliation.

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 1986

1. Authority and purpose

The Environmental Studies Revolving Fund was established under the authority of Section 49 of the Canada Oil and Gas Act, which was proclaimed in March 1982. The terms and conditions of the Fund were outlined and approved by Treasury Board in February 1983. The purpose of the Fund is to finance environmental and social studies, which are necessary to determine whether to authorize oil and gas exploration or development activities on Canada Lands. Levies are collected from the interest owners within prescribed regions, based on a rate fixed by the Minister, and are deposited into the Fund. Payments are made from the Fund to parties carrying out such environmental and social studies within these regions, as directed by the Minister. The total amount of deposit in the Fund cannot, at any time, exceed $15 million.

2. Significant accounting policy

Levies and expenses

Levies and expenses are recorded on the accrual basis of accounting. Therefore expenses include estimated amounts for study costs incurred, but not invoiced before year end.

3. Commitments

At March 31, 1986, the outstanding balance against the accepted study proposals was $1,051,192 and is composed of the following:

	1986	1985
	$	$
Studies not started	78,237	304,494
Studies not completed	972,955	1,618,877

Environmental Studies Revolving Fund
(Indian Affairs and Northern Development)

MANAGEMENT REPORT

The financial statements of the Environmental Studies Revolving Fund have been prepared in accordance with Treasury Board policy and the reporting requirements of the Receiver General for Canada. The primary responsibility for integrity and objectivity of these statements rested with Indian Affairs and Northern Development, departmental accounting operations from April 1, 1985 to November 4, 1985. As a result of management reporting structure changes effective November 5, 1985, a memorandum of understanding transferred the financial administration of the Fund to the Comptroller, Canada Oil and Gas Lands Administration (COGLA).

These financial statements were prepared with objective data maintained by the Department and at COGLA pursuant to the memorandum of understanding signed by both Energy, Mines and Resources and Indian Affairs and Northern Development. The significant accounting policies used in the preparation of the financial statements are described in the notes to the financial statements. Some of the information included in these financial statements is based on management's best estimates and judgments and gives due consideration to materiality. Financial information contained in the departmental statements and elsewhere in the Public Accounts is consistent with that in these financial statements, unless indicated otherwise.

The Fund began operation during fiscal year 1983-84. The management maintains Fund's accounts which provide a centralized record of the Fund's transactions. The Department develops and disseminates financial management and accounting policies and the Fund maintains a system of internal accounting controls which provide management with reasonable assurance that transactions are recorded and executed in accordance with its authorizations and that its assets are safeguarded. Transactions are executed in accordance with the Financial Administration Act, regulations and directives from Treasury Board and the Receiver General for Canada in order to provide the required visibility, accountability and control of the operations of the Fund.

Authority (used) provided	(2,886)	(943)	214	1,133

The accompanying notes are an integral part of this statement.

[1] An amount of $25,000 was charged to the Fund's account in the Accounts of Canada. It was also included in the expenses of the Fund and is part of the excess of expenses over levies for the current fiscal year. This amount represented an account payable to the Northern Affairs Program of the Department of Indian Affairs and Northern Development. Included as part of the $13,000 total of other items, an amount of $25,000 was recorded in the Accounts of Canada but incorrectly credited to the Fund's account instead of the appropriation of the said program. Therefore, the authority used, which is measured in the Accounts of Canada, was erroneously decreased by $25,000. An adjustment will be made in the Accounts of Canada in the 1986-87 fiscal year.

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 1986

1. Authority and purpose

The Environmental Studies Revolving Fund was established under the authority of Section 49 of the Canada Oil and Gas Act, which was proclaimed in March 1982. The terms and conditions of the Fund were outlined and approved by Treasury Board in February 1983. The purpose of the Fund is to finance environmental and social studies, which are necessary to determine whether to authorize oil and gas exploration or development activities on Canada Lands. Levies are collected from the interest owners within prescribed regions, based on a rate fixed by the Minister, and are deposited into the Fund. Payments are made from the Fund to parties carrying out such environmental and social studies within these regions, as directed by the Minister. The total amount of deposit in the Fund cannot, at any time, exceed $15 million.

2. Significant accounting policy—Levies and expenses

As levies are billed to the interest owners, they are recorded on an accrual basis as shown on the statement of operations. Expenses are recorded on an accrual basis of accounting and, include estimated amounts for such portion of environmental and social studies expenses incurred before the year end but not requested for payment.

3. Commitments

At March 31, 1986, the outstanding balance against the accepted study proposals was $1,069,050 and is composed of the following:

Government Telecommunications Agency Revolving Fund

MANAGEMENT REPORT

The accompanying financial statements of the Government Telecommunications Agency (GTA) Revolving Fund have been prepared as required by and in accordance with the policy and procedures of the Treasury Board for revolving funds and the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in these financial statements rests with the management of the Fund. The financial transactions contained in these financial statements have been subjected to a test audit by representatives of the Auditor General.

These financial statements were prepared in accordance with the stated accounting policies, as set out in Note 2, on a basis consistent with that of the preceding year. Some of the information included in these financial statements is based on management's best estimates and judgements and gives due consideration to materiality. Financial information contained in the departmental statements and elsewhere in the Public Accounts is consistent with that in these financial statements, unless indicated otherwise.

The Assistant Deputy Minister, Corporate Management develops and disseminates financial management and accounting policies, and issues specific directives which maintain standards of accounting and financial management. These are supplemented by additional systems and procedures developed and implemented by the Fund's Finance and Administration Division. The Fund maintains systems of financial management and internal control at appropriate cost. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities, and are properly recorded to maintain accountability of Government funds and safeguard the Fund's assets. The Fund is managed on a cost revenue dependent basis and all costs are allocated, on an equitable basis, to the users of telecommunications services and recovered on a timely basis. Financial management and internal control systems are augmented by the activities of internal audit and by frequent contacts with departmental financial and internal audit officers and with the staff of the Auditor General's Office. An internal audit was carried out by the Audit Services Bureau of the Department of Supply and Services during the period January-March 1984. The auditors concluded ". . .that the acquisition, utilization and protection of human, financial and physical resources under the responsibility of the Finance and Administration Division are achieved in an effective and economic manner".

The Fund also seeks to assure the objectivity and integrity of data in its financial statements by the careful selection, training and development of qualified accounting staff, by organizational arrangements that provide appropriate divisions of responsibility, and by a high standard of internal communications aimed at ensuring that regulations, policies, procedures and managerial authorities are understood throughout the Agency.

The accounting systems and financial statements of the Fund have evolved over the years to meet changing conditions. A feasibility study on the Fund's financial systems was completed resulting in the recommended development of an integrated financial information system for introduction by April 1, 1987. The new system is required to handle the increased volume and complexity of financial transactions within the Fund and the need for accurate and timely allocation and recovery of costs, budgetary control, and improved financial reporting.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 1986

1. Purpose and authority

The Government Telecommunications Agency Revolving Fund was originally established in 1963 to plan and provide telecommunications facilities and services at the request of federal departments and agencies. Section 23 of the Adjustment of Accounts Act authorized the Minister to make payments out of the Consolidated Revenue Fund for working capital, capital equipment and temporary financing of operating requirements, the total of which was not to exceed $8,000,000 at any time. This authority was increased to $12,000,000 by Appropriation Act No. 4, 1981-82, to $15,000,000 by Appropriation Act No. 4, 1983-84 and to $19,000,000 by Appropriation Act No. 4, 1984-85. In accordance with Vote 2c, Appropriation Act No. 4, 1982-83, an amount of $1,485,822 of the accumulated deficit caused by the payment to Bell Canada for a terminated contract has been written off to the authority. An amount of $741,781 representing net assets assumed by the Fund and assets contributed to the Fund was charged against this authority when the Fund became budgetary.

2. Significant accounting policies

(a) Fixed assets

Fixed assets are carried at cost. In most cases, depreciation is calculated using the diminishing balance method at the following rates: automobiles (30%), office equipment (20%), furniture and fixtures (10%). Telecommunications equipment constitutes a special category of assets, depreciated over the first five to seven years of utilization of the equipment.

(b) Deferred charges

Service contracts amounting originally to $900,000 (1983-84) are included in this category. They relate to advance payments to suppliers for future telecommunications services and are amortized on a straight-line basis over a five year period. In 1985-86, the amortization relating to service contracts amounted to $180,000 ($180,000 in 1984-85).

Other deferred charges ($8,774 added in 1985-86) are linked to telecommunications equipment acquisitions by Government Telecommunication Agency and are amortized on a straight-line basis on the same life expectancy as the asset they relate to. In 1985-86, the amortization relating to the other deferred charges amounted to $366.

(c) Deferred revenue—Service contracts

Advance payments from client departments and agencies for future telecommunications services are recorded as deferred revenue and are included in revenue on an equal basis over a five to seven years period. In 1985-86, $261,133 was recognized as revenue. An amount of $421,763 was also added to the deferred revenue in 1985-86 and will be amortized over the remaining life expectancy of the asset.

(d) Employee termination benefits

Termination benefits accrue to employees over their years of service with the Government of Canada as provided for under collective agreements. The cost of these benefits is recorded in the accounts as the benefits accrue to the employees.

3. Fixed assets and accumulated depreciation

Fixed assets	Balance at beginning of year	Acquisitions	Disposals	Balance at end of year
	$	$	$	$
Office equipment	653,651	145,923	2,018	797,556
Furniture and fixtures	190,918	5,724	46	196,596
Automobiles	37,799	9,273		47,072
Telecommunications equipment	443,564	725,765		1,169,329
	1,325,932	886,685	2,064	2,210,553

Accumulated depreciation	Balance at beginning of year	Depreciation	Decrease	Balance at end of year
	$	$	$	$
Office equipment	328,948	93,969	1,854	421,063
Furniture and fixtures	109,638	8,700	38	118,300
Automobiles	27,175	5,969		33,144
Telecommunications equipment	123,203	112,275		235,478
	588,964	220,913	1,892	807,985

4. Restatement of prior year figures

The 1985-86 statement of operations presentation has been modified to a format corresponding to the main estimates presentation. The 1984-85 figures have been restated to conform with 1985-86 presentation.

5. Correction of error in prior year's financial statements

In 1984-85, the accumulated depreciation on office equipment disposed of in 1984-85 had been incorrectly calculated resulting in an over-estimation of the loss on disposal of fixed assets and an under-estimation of the depreciation for the year. This resulted in a decrease of the accumulated surplus in 1985-86. The financial statements of the prior year have been restated to correct the situation.

National Film Board

MANAGEMENT REPORT

We have prepared the accompanying financial statements of the National Film Board Revolving Fund as required by and in accordance with the policy of the Treasury Board on revolving funds and the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in these financial statements rests with the management of the Fund. In order to assure maximum objectivity and freedom from bias, the financial data contained in these financial statements has been presented to the Board of Trustees.

These financial statements were prepared in accordance with the stated accounting policies, as set out in Note 2, on a basis consistent with that of the preceding year. Some of the information included in these financial statements is based on management's best estimates and judgements and gives due consideration to materiality. To fulfill this reporting responsibility, the Fund maintains a set of accounts which provides a centralized record of the Fund's financial transactions. Financial information contained in the departmental statements and elsewhere in the Public Accounts is consistent with that in these financial statements, unless indicated otherwise.

The Director of Administration and Financial Services develops and disseminates financial management and accounting policies and issues specific directives which maintain standards of accounting and financial management. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities and are properly recorded to maintain accountability of Government funds and safeguard the Fund's assets. Financial management and internal control systems are augmented by the maintenance of internal audit programs where contacts are maintained between our internal auditor and staff of the Auditor General's Office. The Fund also seeks to assure the objectivity and integrity of data in its financial statements by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility and by communications programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

These financial statements have been examined by the Auditor General, his role being to express an informed judgement as to whether the financial statements present fairly the financial position of the Board as at March 31, 1986 and the results of its operations and the changes in its financial position for the year ended in conformity with generally accepted accounting principles.

National Film Board—*Continued*

AUDITOR'S REPORT

THE HONOURABLE MARCEL MASSE, P.C., M.P.
MINISTER OF COMMUNICATIONS

I have examined the balance sheet of the National Film Board as at March 31, 1986 and the statements of operations, accumulated deficit and accumulated net charge against the Revolving Fund's authority for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Board as at March 31, 1986 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

NOTES TO FINANCIAL STATEMENTS MARCH 31, 1986

1. Authority and purposes

The National Film Board was established in 1950 under the National Film Act to initiate and promote the production and distribution of films in the national interest and in particular to:

produce and distribute, and to promote the production and distribution of, films designed to interpret Canada to Canadians and to other nations;

represent the Government of Canada in its relations with persons engaged in commercial motion picture film activity in connection with motion picture films for the Government or any department thereof;

engage in research in film activity and to make available the results thereof to persons engaged in the production of films;

advise the Governor in Council in connection with film activities; and

discharge such other duties relating to film activity as the Governor in Council may direct it to undertake.

The Board, through the operation of a revolving fund having a permanent continuing authority from Parliament, can make payments out of the Consolidated Revenue Fund for working capital and the interim financing of operating costs and the acquisition of fixed assets and can record the increase in the net book value of fixed assets against this authority, which provides that the aggregate of admissible working capital and net book value of fixed assets is not to exceed $20 million at any one time. A parliamentary authority, to replenish the revolving fund for net acquisitions of fixed assets and the admissible cost of operations, is voted annually and recorded in the year to which it applies. Any unused balance lapses.

National Film Board—*Continued*

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 1986—*Continued*

2. Significant accounting policies

Production of films and other forms of visual presentation

All production costs are charged to operations in the year in which they are incurred and shown in the statement of operations as follows:

Board's program
All costs incurred for unsponsored productions, the Board's share in coproductions and the excess of costs over the sponsor's contribution for partially-sponsored productions.

Sponsored production
All costs incurred for fully-sponsored productions and the sponsored costs of partially-sponsored productions.

Revenues from production of films and other forms of visual presentation are accounted for at an amount equal to the sponsored production costs during the year in which these costs are incurred. Any profit is recognized in the year the production is completed.

Film prints

The cost of prints made for sale purposes is recorded as inventories. The cost of other prints is expensed on a current basis.

Inventories

Productions in progress are carried at the cumulative amount of costs incurred for each production exceeding advances invoiced, up to the amount of the sponsored unbilled balance. On the other hand, any cumulative excess of advances invoiced over costs incurred is recorded as advances on productions.

Materials and supplies are carried at the average cost.

Film prints and other forms of visual presentation held for sale are carried at the lower of the average direct cost of production and net realizable value.

Fixed assets

Equipment, office equipment and furniture, motor vehicles and garage equipment are carried at cost. Depreciation is calculated on the straight-line method over the estimated useful lives of the assets, generally 5 to 10 years. No depreciation is provided during the year of acquisition.

Leasehold improvements are charged to operations as incurred.

The Board enters into agreements to acquire the exclusive use of certain fixed assets through leasing arrangements. Rentals are charged to operations in the year to which they apply.

Employee termination benefits

On termination of employment, employees of the Board are entitled to certain benefits provided for under their collective agreements and their conditions of employment. The cost of these benefits is expensed in the year in which they are earned.

Pension plan

All employees participate in the superannuation plan administered by the Government of Canada. The employees and the Board contribute equally to the cost of the plan. This contribution represents the total liability of the Board. Contributions in respect of current service and admissible past service are expensed during the year in which payments are made. The terms of payment for past service are set by the applicable purchase conditions in effect, generally over the number of years of service remaining prior to retirement.

3. Inventories

	1986	1985
	$	$
Productions in progress	1,662,243	759,042
Materials and supplies	1,332,916	1,441,357
Film prints and other forms of visual presentation held for sale	511,912	476,071
	3,507,071	2,676,470

4. Advance to a non-profit organization

The Government Film Commissioner and President of the Board initially submitted, on behalf of an organization yet to be incorporated, a request to the Canadian Radio-television and Telecommunications Commission (CRTC) with the view of obtaining licenses to offer programming directed to the Canadian youth. In June 1985, a non-profit organization was incorporated to carry out the project.

Through an agreement signed with this organization, the Board has agreed:

to assume research, development and promotion costs incurred to May 15, 1985 in the amounts of $229,000 during 1984-85 and $218,000 during 1985-86;

to directly or indirectly advance amounts totalling $1,000,000, reimbursable without interest before or at the end of the first complete period of the licenses awarded by the CRTC, to cover research, development and promotion costs until affiliation agreements have been signed with cable distributors serving at least three million Canadian subscribers; of which $456,257 had been advanced as at March 31, 1986; and

to provide a non-reimbursable amount of $150,000 during the first two years of programming to assure the smooth functioning of regional consultative committees.

Information	979,415	1,241,073
Miscellaneous	571,808	897,518
	73,621,078	73,182,275

9. Cost in excess of Treasury Board authorization

The admissible cost of operations for the year ended March 31, 1986 amounted to $61,168,089, as compared to an admissible cost authorized by Treasury Board of $60,825,349. The excess of $342,740 was temporarily funded by a charge against the Revolving Fund's authority, which will be replenished through the following year's parliamentary appropriation.

10. Reclassification

The figures for the year ended March 31, 1985 have been reclassified to conform with the presentation adopted for 1986.

11. Contingent liability

The Board is the defendant in certain pending claims and lawsuits for amounts totalling $5,366,130. It is the opinion of Management that these actions will not result in any substantial liabilities to the Board.

Passport Office Revolving Fund

MANAGEMENT REPORT

We have prepared the accompanying financial statements of the Passport Office Revolving Fund as required by and in accordance with the policy of the Treasury Board on revolving funds and the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in these statements rests with the management of the Fund.

These financial statements have been prepared in accordance with the stated accounting policies, as set out in Note 2, on a basis consistent with that of the preceding year.

The Fund maintains a system of internal accounting controls which provides management with reasonable assurance that transactions are recorded and executed in accordance with its authorizations and that its assets are safeguarded.

Financial information contained in the departmental statements and elsewhere in the Public Accounts is consistent with that in these financial statements.

Passport Office Revolving Fund—*Concluded*

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 1986

1. Authority and purpose

The Passport Office Revolving Fund was established in 1969 to provide for the issue of appropriate travel documents to Canadian citizens and to certain permanent residents of Canada who are unable to obtain valid passports from their country of origin.

The Fund has a continuing non-lapsing authority from Parliament to make payments out of the Consolidated Revenue Fund for working capital, capital acquisitions and temporary financing of accumulated operating deficits, the total of which is not to exceed $4,000,000 at any time. An amount of $745,893 representing net assets assumed by the Fund and assets contributed to the Fund was charged to this authority when the Fund became budgetary in 1981.

2. Significant accounting policies

(a) Inventories

The inventory of materials and supplies is carried at cost and the inventory of passports-in-process is valued at average cost for the year.

(b) Fixed assets

Leasehold improvements are amortized on the straight-line basis over the term of the appropriate lease. Other fixed assets are depreciated from the year of acquisition on the straight-line basis over their estimated useful lives as follows:

Furniture	16 years
Electronic data processing (EDP) equipment	5 years
Other equipment	10 years

(c) Employee termination benefits

Termination benefits accrue to employees over their years of service with the Government of Canada, as provided for under collective agreements. The cost of these benefits is recorded in the accounts as the benefits accrue to the employees.

3. Inventories

	1986	1985
	$	$
Materials and supplies	992,389	604,184
Work in process	58,754	95,197
	1,051,143	699,381

4. Fixed assets

Fixed assets	Balance at beginning of year	Acquisitions	Disposals	Balance at end of year
	$	$	$	$
Leasehold improvements	134,725	82,921	42,510	175,136

	1,312,530	301,740	831,798	782,472

5. Long-term leases

The Passport Office occupies space at twenty locations under long-term leases which expire between May 31, 1986 and August 31, 1994. The annual rental is approximately $1,600,000 ($1,550,000 in 1984-85).

6. Restatement of prior year figures

For comparative purposes, the 1985 figures have been restated to conform to the 1986 presentation.

Public Works Revolving Fund—Services and management account

MANAGEMENT REPORT

The financial statements of the Public Works Revolving Fund—Services and Management Account, have been prepared in accordance with Treasury Board policy and the reporting requirements of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in these statements rests with the management of the Fund.

These financial statements were prepared with objective data in accordance with the stated accounting policies and in conformity to the "consistency" principle. Some of the information included in these financial statements is based on management's best estimates and judgements and gives due consideration to materiality. The management of the Fund is effected through the maintenance of accounts which provide a centralized record of the Fund's transactions. It is further managed and controlled through procedure manuals, instructions and directives which maintain standards of accounting and financial management. Transactions are executed in accordance with the regulations contained in the Guide on Financial Administration and the Financial Administration Act in order to maintain accountability and exercise internal control.

The transactions of the Fund have been subjected to audit by the Office of the Auditor General as part of the review of internal control and the examination of the books, records and financial statements of the Department.

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 1986

1. Purpose and authority

Under revised terms and conditions of TB Minute 793370, the Construction Services Revolving Fund became the Public Works Revolving Fund—Services and Management Account as at April 1, 1985. The account is charged with all operating expenses for the PWC Services Program as well as disbursements on behalf of clients and credited with recoveries from client departments and agencies and other Public Works Programs based on disbursements and project costs plus salaries and benefit costs of the employees involved.

The Adjustment of Accounts Act (Bill C-22) authorized the operation of the Construction Services Revolving Fund in the current and subsequent years with a statutory limit of $55 million.

In accordance with Section 33 of the Adjustment of Accounts Act and through the 1983-84 supplementary estimates B, the Construction Services Revolving Fund was amended to include charges to be made to PWC's departmental programs and to increase the financial authority from $55 million to $150 million.

In the 1984-85 final supplementary estimates the Construction Services Revolving Fund draw-down authority was increased from $150 million to $300 million.

2. Significant accounting policies

The Public Works Revolving Fund, Services and Management Account, provides interim financing on a cost-recovery basis. The recoveries are always equal to the expenditures hence no profit is realized.

Race Track Supervision Revolving Fund

MANAGEMENT REPORT

The accompanying financial statements of the Race Track Supervision Revolving Fund have been prepared as required by and in accordance with the policy of the Treasury Board on revolving funds and the reporting requirements and standards of the Receiver General for Canada.

These financial statements were prepared in accordance with stated accounting policies on a basis consistent with that of the preceding year. Information presented herewith is consistent with that presented elsewhere in the Public Accounts and in departmental reports. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities and are properly recorded to maintain accountability of Government funds and safeguard the Fund's assets. The Fund maintains a set of accounts which provides a centralized record of the Fund's financial transactions.

Race Track Supervision Revolving Fund—*Concluded*

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 1986

1. Authority and purpose

The Race Track Supervision Revolving Fund was established under Appropriation Act No. 1, 1970, which authorized the operation of the Fund in the current and subsequent fiscal years in accordance with terms and conditions prescribed by Treasury Board for the purpose of providing race track supervision in Canada.

The Fund has a continuing non-lapsing authority from Parliament to make payments out of the Consolidated Revenue Fund for working capital, capital acquisitions and temporary financing of accumulated operating deficits, the total of which is not to exceed $2,000,000 at any time.

Charges to the Fund are to include administration expenses of race track supervision and costs of research relating to the use of drugs on horses and race surveillance techniques including the publication, distribution and sale of the results of such research. All revenues from activities approved by Treasury Board are to be credited to the Fund.

The use of the Fund's authority is monitored through the accumulated net charge against the Fund's authority account. Its balance, shown on the Balance Sheet under Equity of Canada, represents the financial position of the Revolving Fund. It is composed of the cumulative net cash transactions through the Consolidated Revenue Fund, the original net assets transferred to the Fund at inception and any subsequent write-offs of deficit or surplus. The change in this account during the year represents the net financial resources used or provided by the Fund.

2. Significant accounting policies

(a) Fixed assets

Fixed assets, acquired from parliamentary appropriations prior to April 1, 1970 are recorded in the Fund in accordance with Treasury Board circular 1970-7 at values determined as at that date by officers of the Department. Subsequent acquisitions are recorded in the Fund at cost and are depreciated from the year of the acquisition on a straight-line basis over their estimated useful lives as follows:

Furniture and equipment	10 years
Electronic data processing equipment	5 years
Automotive	3 years
Buildings	25 years

(b) Pension plan

Employees of the Race Track Division operating the Supervision Revolving Fund are covered by the Public Service Superannuation Act and the Supplementary Retirement Benefits Act. The Government of Canada's portion of the pension cost is included in the employee fringe benefit charge assessed against the Fund. The actual payment of the pension is made from the Public Service Superannuation and the Supplementary Retirement Benefits Account.

(c) Vacation pay

The accrued liability on the Balance Sheet represents the amount of vacation pay credits outstanding at the end of the year.

(d) Employee termination benefits

Employees leaving Government service generally receive termination benefits at the rate of one week's pay for each complete year of continuous service to a maximum of twenty eight weeks' pay. However, upon resignation, benefits are generally payable only to those with ten or more years of continuous service and the entitlement is reduced to one half week's pay for each year of continuous employment to a maximum of thirteen weeks' pay.

The provision at the end of the year consists of one half week's pay at current salary rates for each complete year of service to a maximum of thirteen weeks' pay.

3. Fixed assets and accumulated depreciation

Fixed assets	Balance at beginning of year	Acquisitions	Disposals	Balance at end of year

	327,706	86,414	91,361	322,759

Self-supporting Airports and Associated Ground Services Revolving Fund

MANAGEMENT REPORT

We have prepared the accompanying financial statements of the Self-supporting Airports and Associated Ground Services Revolving Fund in accordance with generally accepted accounting principles applied, except for the prospective application of accounting for interest associated with capital contributed to the Fund and services provided and received by Government departments without charge as explained in Note 3 to the financial statements, on a basis consistent with that of the preceding year. The responsibility for the integrity and objectivity of the data in these financial statements rests with management.

Some of the information included in these financial statements is based on management's best estimates and judgements, which give due consideration to materiality. To meet the reporting requirements, separate accounts are maintained on a decentralized basis for each of the airports funded by the Revolving Fund, under the functional authority of six Regional Financial Officers and the Director General, Finance, Air, and are submitted to Ottawa Headquarters for review and consolidation. Effective April 1, 1985 Treasury Board reduced the number of airports in the Fund from 23 to 9 (Halifax, Dorval, Mirabel, Ottawa, Toronto, Winnipeg, Edmonton, Calgary and Vancouver) and approved the transfer of the remaining fourteen airports to the financially dependent planning element of the Air Transportation Program.

Those airports in the Fund are subject to the departmental systems of financial management and internal control and such additional policies, practices and procedures as are necessary to facilitate financial reporting for the Revolving Fund, in accordance with the requirements of the Treasury Board and Receiver General for Canada. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities, and are recorded to maintain accountability of Government funds and to safeguard the assets of the Revolving Fund.

Management seeks to assure the objectivity and integrity of data in its financial statements by selection, training and development of qualified staff by organizational arrangements that provide appropriate divisions of responsibility, and by communications programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization. In addition, the financial management and internal control systems are augmented by the maintenance of internal audit programs.

The accounting and financial statements of the Fund have evolved over time in conjunction with changing conditions, the evolvement of financial reporting in Canada and, more recently, in response to the reporting requirements of Treasury Board and the Receiver General for Canada.

The airports in the Revolving Fund are operated and maintained in accordance with nationally promulgated policies, standards and procedures, on a cost-recoverable basis, so as to provide safe and efficient facilities and services consistent with the protection of the environment. Certain essential services provided by the Telecommunications and the Air Traffic Control Branches are charged to the airports in the Fund.

As requested by the Deputy Minister of Transport, these financial statements have been examined by the Auditor General of Canada. The Auditor General's role is to express an opinion as to whether the financial statements present fairly the financial position of the Fund and the results of its operations and the changes in its financial position in accordance with generally accepted accounting principles applied on a consistent basis.

Self-supporting Airports and Associated Ground Services Revolving Fund—*Continued*

AUDITOR'S REPORT

TO THE MINISTER OF TRANSPORT

I have examined the balance sheet of the Self-supporting Airports and Associated Ground Services Revolving Fund as at March 31, 1986 and the statement of operations, accumulated surplus, contributed capital and changes in financial position for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Fund as at March 31, 1986 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles applied, except for the change in the method of accounting for interest associated with capital contributed to the Fund and services provided and received by Government departments without charge as explained in Note 3 to the financial statements, on a basis consistent with that of the preceding year.

Self-supporting Airports and Associated Ground Services Revolving Fund—*Continued*

NOTES TO THE FINANCIAL STATEMENTS
MARCH 31, 1986

1. Authority and purpose

These financial statements disclose the financial position of the Airports Revolving Fund and the results of its operations within the established parliamentary authority. In addition, these financial statements demonstrate the extent of cost recovery in the operations of the airports within the Airports Revolving Fund, on the basis of allowable costs as explained in the note on significant accounting policies, below.

The Airports Revolving Fund was established in 1969 and authorized by Vote L160, Appropriation Act No. 3, 1969, 1968-69, c. 36 for the purpose of financing the operation and development of certain airports. As at March 31, 1979, the Fund included the international airports at Dorval, Mirabel, Toronto and Vancouver.

Effective April 1, 1979, Treasury Board approved an expansion of the Fund to include the operations of five additional international airports (Gander, Halifax, Winnipeg, Calgary and Edmonton) and fourteen national airports (Sydney, St. John's, Saint John, Fredericton, Moncton, Charlottetown, Quebec, London, Windsor, Ottawa, Saskatoon, Regina, Thunder Bay and Victoria). At that same date, the Department of Transport commenced to recover from the Fund the costs of providing certain essential operating support, including air traffic control and telecommunication and electronic services.

Effective April 1, 1980, Parliament through the passage of the Adjustment of Accounts Act repealed all Votes in respect of the accounts of the Airports Revolving Fund. Section 31 of the Act established the Self-supporting Airports and Associated Ground Services Revolving Fund as a budgetary entity with a statutory drawing authority of $80 million. In addition to this authority the Fund has the authority to spend accumulated cash receipts in excess of cash disbursements. As at the end of the 1985-86 fiscal year the Fund had accumulated cash receipts in excess of disbursements of $59 million, for a total unused authority of $139 million. If the drawing authority is exhausted either through normal operational requirements or by settlements of pending and threatened litigation (Note 7), Parliamentary action may be required to provide additional spending authority.

On November 29, 1984, the Treasury Board approved revised terms and conditions governing the operation and financing of the Fund, including the requirement for an annual financial plan to be approved by the Treasury Board. In accordance with these terms and conditions, the Treasury Board:

(a) approved the principle of funding capital expenditures through revenues, appropriations, or from the statutory drawdown authority, as determined in the annual financial plan;

(b) endorsed the principle that capital investments will be recovered from users over the life of the assets by including depreciation and a return on assets (as determined in the financial plan) in the determination of fees and charges;

(c) approved the principle of providing annual appropriations to compensate the Fund for activities of a non-commercial nature; but did not approve such an appropriation for 1985-86.

The Treasury Board also provided authority for a $1 item in the 1984-85 Supplementary Estimates (C) to amend certain provisions of the Adjustment of Accounts Act to provide specific authority for:

the making of capital expenditures within the Fund; providing capital funds from revenues, appropriations or from the drawdown authority; and providing annual compensation for costs incurred in fulfilling objectives not directly related to the operation of airports as a self-supporting entity.

In addition, the Treasury Board reduced the number of airports in the Fund to nine (Halifax, Dorval, Mirabel, Ottawa, Toronto, Winnipeg, Edmonton, Calgary and Vancouver) and approved the transfer of the remaining fourteen airports to the Financially Dependent Airports planning element of the Air Transportation Program. The change took effect April 1, 1985.

The revised terms and conditions state that the basic principle underlying the Fund is that it shall be operated as a financially self-supporting entity, in accordance with the following:

(1) The Fund shall operate on the basis of financial plans to be submitted annually for approval by the Treasury Board. Financial plans will include, inter alia, a review of past performance with respect to approved financial and management objectives; proposed performance targets, fee changes, capital expenditures, and allocations of revenues, overhead and indirect costs; a five-year forecast of revenues, expenditures and profitability; and, recommendations as to source and application of funds for the upcoming year.

(2) The Fund shall recover all its expenses through revenues, subject to the following:
   (a) capital funds will be provided from revenues, appropriations, or the statutory authority, as determined in the approved financial plan;
   (b) capital appropriations to the Fund are to be recovered under terms and conditions to be approved by the Treasury Board in the annual financial plan;
   (c) subject to approval by the Treasury Board, the Fund will be eligible for payments, through appropriations in Main Estimates, for costs incurred in support of activities, the costs for which are not to be recovered from users (these provisions were not enforced during the year); and,
   (d) in any given year, revenues of up to 110% of those forecast in Main Estimates may be expended without further reference to the Treasury Board.

(3) As approved in the financial plan, surplus monies generated by the Fund in a given year may be used to repay any outstanding drawdown against the non-lapsing statutory authority, to pay a return to the Consolidated Revenue Fund (CRF) on capital payments made through appropriations, or be retained in the CRF as a credit to the Fund if no drawdown exists.

(4) Airports shall be eligible for inclusion in the Fund if deemed capable of recovering on average, 90% of operating costs, including depreciation, over a five-year forecast period, either as individual entities or as complementary airports serving the same geographic area.

(5) Capital funds within the Fund will be subject to allotment control in accordance with Treasury Board policy.

(6) Subject to these terms and conditions, it is expected that the Fund will operate within the limits of the statutory drawdown authority approved by Parliament.

Self-supporting Airports and Associated Ground Services Revolving Fund—*Continued*

NOTES TO THE FINANCIAL STATEMENTS
MARCH 31, 1986—*Continued*

2. Significant accounting policies

The financial statements have been prepared in accordance with accounting principles generally accepted in Canada. A summary of significant accounting policies follows:

(a) Inventory

Inventory of materials and supplies, maintained for repair and maintenance purposes at the airports, is carried at the lower of cost and replacement value.

(b) Fixed assets

Fixed assets purchased by the Fund are recorded at cost. Fixed assets transferred to the Fund prior to April 1, 1979 are recorded at appraised values established by the Department of Transport in accordance with Treasury Board Circular 1970-7 of January 8, 1970. Fixed assets transferred to the Fund as at April 1, 1979 are recorded at their depreciated value at that date. Subsequently, all transfers of fixed assets from and to Canada are recorded at net book value at the date of transfer.

Project administration costs, including interest incurred during the construction of new airports, are capitalized and included in airport development costs to the extent that these costs are not readily identifiable with specific fixed assets. Additions, renewals and betterments which extend the economic lives of the assets are capitalized. Maintenance and repairs are charged to operations.

(c) Depreciation

Depreciation is charged on a straight-line method based on the estimated useful life of the asset.

The depreciation rates used within the major classes of assets are as follows:

Terminal and facilities	2.5% to 5.0%
Runways and other paved surfaces	3.3% to 5.5%
Machinery	3.3% to 5.0%
Equipment	
Static	5.0% to 9.0%
Mobile	6.0% to 18.0%
Airport development costs (excluding interest)	10.0%
Capitalized interest	4.2% (the average rate of depreciation)

(d) Air transportation tax

Air transportation tax is levied and collected under the Excise Tax Act, Part II by the Minister of National Revenue. By authority of Appropriation Acts, tax received during the year is remitted to the Department of Transport. Of the total tax revenue 14.4% is credited to air navigational services, the balance is allocated among airports in the air transportation program based on the number of enplaned and deplaned passengers.

(e) Terminal control costs

Terminal control costs are those air navigational services associated with the approach, landing and take-off of aircraft at an airport and the control of enroute flights while traversing a terminal control area. The costing of terminal control includes direct and indirect costs and depreciation for air traffic services, flight service stations, technical support services, flight calibration, and meteorological services.

(f) Headquarters and regional overhead

Headquarters and regional overhead reflects the charges by Transport Canada for providing technical and administrative services to the Fund. Since expenditures are not readily identifiable with specific services, these charges are a percentage of direct operating and maintenance expenses of the Fund.

(g) Grants in lieu of taxes

Grants in lieu of taxes, imposed on airports of the Fund, are accrued based on estimated municipal assessments adjusted in accordance with the Municipal Grants Act. Grants are paid by the Department of Public Works and recovered from the Fund.

The grants are not finalized until they have been audited by the Department of Public Works, often several years in arrears. Any adjustments upon finalization are reflected in the accounts in the year of settlement.

(h) Pension plan

Transport Canada employees operating the airports of the Fund are covered by the Public Service Superannuation Act and the Supplementary Retirement Benefits Act. The Government of Canada's portion of the pension cost is included in the employee fringe benefit charge assessed against the Fund. The actual payment of the pension is made from the Public Service Superannuation Retirement Benefits Account.

(i) Employee termination benefits

Termination benefits accrue to Transport Canada employees operating airports of the Fund. Payment of these benefits is made to employees on separation or retirement. The cost of these benefits is expensed in the year in which they are earned.

3. Change in accounting policy

During the 1985-86 fiscal year the Revolving Fund adopted the policy of accounting for interest associated with capital contributed to the Fund and services provided and received by other Government departments without charge (Note 6). This change has been applied prospectively because the necessary financial data is not available for retroactive application.

Interest associated with capital contributed to the Fund was calculated using an interest rate (10.35%) based on Crown corporation borrowing rates weighted against the net book value of capital acquisitions for the last 20 years. This rate was applied against the average of the opening contributed capital balance and the closing contributed capital balance *less* the surplus in the accumulated net charge against the Fund's authority account. The interest applicable to 1985-86 is $81.795 million.

NOTES TO THE FINANCIAL STATEMENTS
MARCH 31, 1986—*Continued*

4. Fixed assets

	1986		1985	
	Cost and appraised values	Accumulated depreciation	Cost and appraised values	Accumulated depreciation
	(in thousands of dollars)			
Land and land development costs	111,934		126,215	
Terminals and facilities	610,324	239,934	656,702	230,171
Runways and other paved surfaces	415,082	153,411	429,346	152,006
Machinery and equipment	56,547	30,634	77,640	34,385
Airport development costs	82,391	62,927	82,391	58,312
Construction in progress	118,312		163,707	
	1,394,590	486,906	1,536,001	474,874
Net book value	907,684		1,061,127	

5. Equity of Canada

(a) Accumulated net charge against the Fund's authority

The accumulated net charge against the Fund's authority at the end of the year shown as part of the Equity of Canada, represents the net accumulation of all cash transactions made through the Consolidated Revenue Fund.

The Consolidated Revenue Fund is the central account through which all Government receipts and disbursements flow. All cash transactions of the Fund are therefore made through the Consolidated Revenue Fund. By virtue of the Fund's mandate, it receives credit for all revenues generated and is empowered to draw funds under statutory authority from the Consolidated Revenue Fund for any shortfalls.

A drawdown on the Fund's authority occurs when accumulated cash disbursements exceed accumulated cash receipts (credit balance) and bears interest at a rate determined by the Minister of Finance. An accumulated excess of cash receipts over cash disbursements (debit balance) represents an addition to the drawing authority of the Fund.

(b) Contributed capital

Contributed capital includes the amounts representing working capital advances, the values assigned to assets transferred from and to Canada, deletion of loans from Canada, services provided and received by Government departments without charge, interest associated with capital contributed to the Fund, the transfer of net assets of the 14 airports deleted from the Fund effective April 1, 1985, and reimbursement by Canada for projects undertaken under the Special Recovery Capital Projects Program.

(c) Accumulated surplus

The accumulated surplus account at the end of the year represents the net accumulation of surpluses and deficits since the establishment of the Fund.

The accumulated deficit and accumulated net charge against the Fund's authority for the 14 airports no longer in the Fund have not been removed from the Equity of Canada portion of the balance sheet. The effect is illustrated in the table below:

	As reported on the balance sheet	For 9 airports only
	(in thousands of dollars)	
Accumulated net charge against the Fund's authority	(77,677)	(422,936)
Contributed capital	908,515	996,883
Accumulated surplus	78,126	335,017

6. Related party transactions

In the course of operations the Fund receives certain direction and administration services from the Department of Transport and other Government departments without charge. These services include $10.002 million for Transport Canada departmental administration overhead, $5.835 million (includes provincial sales tax of $2.500 million paid to provinces by the Department of Finance) for services provided without charge by other Government departments, and $.875 million for the settlement of a lawsuit paid on behalf of Pearson International Airport by Transport Canada.

The airports provide maintenance services and other services to Transport Canada and airports not in the Fund. The cost of those services was $.535 million. Other services provided without charge include $4.281 million relating to the exemption of landing fees for state and military aircraft, and $.282 million for space provided at airports for VIP lounges and chapels.

7. Contractual obligations

As at March 31, 1986, the Fund was committed to expenditures totalling approximately $78 million under fixed asset construction and maintenance contracts.

8. Contingent liabilities

The Department of Transport is a defendant in certain pending and threatened litigations related to the operations of the Fund. The aggregate amount of claims in respect thereof as at March 31, 1986 is approximately $176 million. These claims include a legal suit filed in the Federal Court of Canada by a group of major international air carriers challenging the legality of the Air Services Fees Regulations related to the transoceanic landing fee levied under Section 5 of the Aeronautics Act. They have claimed reimbursement of all transoceanic landing fees paid since 1974. The action was heard in 1986, and no decision has as yet been rendered. Any settlement resulting from the resolution of these contingent liabilities will be accounted for as a prior period adjustment.

Self-supporting Airports and Associated Ground Services Revolving Fund—*Concluded*

NOTES TO THE FINANCIAL STATEMENTS
MARCH 31, 1986—*Concluded*

9. Correction of prior years errors

Errors in the calculation of general terminal fees on embarkation for various air carriers at the revolving fund airports, and the calculation of depreciation expense at the Mirabel airport has resulted in the understatement of prior years income.

As a result the balance of the accumulated surplus as of March 31, 1986 has been restated to show a retroactive adjustment of $5.2 million ($3.3 million for general terminal fees and $1.9 million for depreciation at Mirabel).

The credit of $5.2 million to accumulated surplus includes an amount of $2.4 million ($2.3 million for general terminal fees and $.1 million for depreciation) applicable to the year ended March 31, 1985 and net income for that year has been restated. The remaining $2.8 million ($1 million for general terminal fees and $1.8 million for depreciation) relates to years prior to 1985 and has been applied against the balance of accumulated surplus for the year ended March 31, 1984.

The figures reported as at March 31, 1985 for accounts receivable and accumulated depreciation, have also been restated.

Public Service Commission—
Staff Development and Training Revolving Fund

MANAGEMENT REPORT

We have prepared the accompanying financial statements of the Staff Development and Training Revolving Fund as required by and in accordance with the policy of the Treasury Board on revolving funds and the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in these financial statements rests with the management of the Fund.

These financial statements are prepared in accordance with the stated accounting policies, on a basis consistent with that of the preceding year. Some of these policies are further explained in the notes which form part of these statements. Some of the information included in these financial statements is based on management's best estimates and judgements and give due consideration to materiality. To fulfill this reporting responsibility, the Fund maintains a set of accounts which provides a centralized record of the Fund's financial transactions. Financial information contained in the departmental statements and elsewhere in the Public Accounts is consistent with the information presented in these financial statements, unless indicated otherwise.

The Financial Services Directorate and the Fund's Comptroller, who reports functionally to the senior full-time financial officer, develop and disseminate financial management and accounting policies, and issue specific directives which maintain standards of accounting and financial management. Systems of financial management and internal control are maintained for the Fund at appropriate cost. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities, and are properly recorded to maintain accountability of Government funds and safeguard the Fund's assets. Financial management and internal control systems are augmented by the activities of internal audit and by on-going monitoring activities by the Fund's Comptroller, financial services officers and by the Financial Services Directorate. The Fund also seeks to assure the objectivity and integrity of data in its financial statements by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

During 1985-86, the Fund was able to respond to Government as well as to voluntary restraint measures by limiting its average rate increases to 3.61%. Further, it has reflected a rate decrease of approximately 2.7% for 1986-87 and thereby assists user departments to operate within the Government spending restraints. An annual review will be conducted each year as part of the budgetary process and will allow the Fund to respond to further Government restraint measures.

NOTES TO FINANCIAL STATEMENTS MARCH 31, 1986

1. Authority and purpose

The Staff Development and Training Revolving Fund was established by Vote L120, Appropriation Act No. 3, 1971, for the purpose of providing training and development to the Public Service.

The Fund has a continuing non-lapsing authority under the Adjustment of Accounts Act, S.C. 1980, c.17, to make payments out of the Consolidated Revenue Fund for working capital and temporary financing of accumulated operating deficits, the total of which is not to exceed $4,500,000 at any time. In accordance with Vote 115a (1980-81) and Vote 35c (1981-82), accumulated deficits of $4,573,071 have been deleted from the accounts. An amount of $1,915,571 representing net liabilities assumed by the Fund was charged to this authority when the Fund became budgetary in 1981.

2. Significant accounting policies

(a) Employee termination benefits

Termination benefits accrue to employees over their years of service with the Government of Canada as provided for under collective agreements. The cost of these benefits is recorded in the accounts as the benefits accrue to the employees.

(b) Fixed assets and depreciation

Effective April 1, 1984 the Staff Development and Training Revolving Fund adopted the accounting policy of capitalizing fixed asset purchases and charging operations for the use of these assets. These fixed assets are depreciated on the declining balance method from the year of acquisition over their useful lives as follows:

Office and classroom furniture	10 years
Office and classroom equipment	6 to 7 years
EDP and word processing equipment	4 years

(c) Prepaid expenses

Under the terms of two contracts, advance payments are made to suppliers for the provision of video learning tapes and are recorded as prepaid expenses on the balance sheet. The operations of the Fund are charged with expenses coincident with the provision of services.

3. Subsidized operations

Appropriation funds in the amount of $2,784,163 were paid to the Staff Development and Training Revolving Fund for the 1985-86 fiscal year. These funds were approved to cover the cost of the ongoing operations which are not cost recoverable. The comparative figure for 1984-85 is $2,885,000.

	274,590	217,118	5,199	486,509

5. Prior years adjustments

The prior years adjustments represent a reduction in the rental costs of the Centre for Executive Development—Touraine for 1984-85. This charge was originally established by a Payable at Year-End. During 1985-86 the reconciliation of the Public Works Canada Facilities Inventory System and the Occupancy Agreements for the centre identified that charges were overstated by $130,000.

Stores Revolving Fund

MANAGEMENT REPORT

We have prepared the accompanying financial statements of the Transport Canada Stores Revolving Fund as authorized by Treasury Board and in accordance with the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of the data in these financial statements rests with the management of the Fund.

These financial statements were prepared in accordance with the stated accounting policies, as set out in Note 2, on a basis consistent with that of the preceding year. Some of the information included in these financial statements is based on management's best estimates and judgements and gives due consideration to materiality. The Department maintains a set of records for the Fund which provide a centralized summary of the Fund's financial transactions. Financial information contained in the departmental statements and elsewhere in the Public Accounts is consistent with that in these financial statements, unless indicated otherwise.

The operation of the Transport Canada Stores Revolving Fund is primarily designed to provide for the acquisition of recurring requirements of material and insurance spares in support of the operations of the Air, Marine, Surface and Departmental (Headquarters) Groups across Canada. The cost of operating, administering and controlling the supply activities associated with the Fund is shared jointly by the operating Groups and Headquarters corporate management under the direct guidance of the Director, Materiel and Contracting Services and the Assistant Deputy Minister, Finance.

The Assistant Deputy Minister, Finance develops and disseminates financial management and accounting policies, and issues specific directives which maintain standards of accounting and financial management. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities, and are properly recorded to maintain accountability of Government funds and safeguard the Fund's assets. Financial management and internal control systems are augmented by the maintenance of internal audit programs.

The Fund also seeks to assure the objectivity and integrity of data in its financial statements by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communications programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

The Department has decided to terminate the operations of the Fund effective at the close of the 1986-87 fiscal year. During the current fiscal year, a Treasury Board submission will be prepared in order to obtain the appropriate approval required to effect this termination. In addition, this submission will request approval to write off inventory losses due to obsolescence, miscellaneous adjustments, as well as bad debt expenses.

NOTES TO THE FINANCIAL STATEMENTS MARCH 31, 1986

1. Authority and purpose

The Stores Revolving Fund was authorized by the Adjustment of Accounts Act, S.C. 1980, c. 17, with an authorized working capital limit of $30,000,000, which was increased to $35,700,000 by Appropriation Act No. 4, 1981-82 and to $43,700,000 by Appropriation Act No. 4, 1983-84. An amount of $25,489,058, representing the net assets of the "Stores Working Capital Advance", was assumed by the Fund and charged against the authority when the Fund became budgetary in 1981.

The objective of the Fund is to establish an effective central control and accountability over the purchasing, stocking and issuing of expendable items, controllable items and initial sparing for depot stocks required by the Department.

2. Significant accounting policies

(a) Inventories
Inventories are valued at cost.

(b) Sales pricing
Selling prices to consumers are on the basis of acquisition costs.

3. Correction of an error in prior years' financial statements

During the year an error affecting prior years' financial statements was uncovered. Losses on inventory due to obsolescence and miscellaneous adjustments were inadvertently reported in inventory rather than in operating expenses.

In accordance with generally accepted accounting principles, all relevant 1984-85 statements have been restated to reflect this correction.

As a result of this error, applicable to the 1980-81 to 1984-85 fiscal years, the inventories, accumulated deficit accounts and the statement of operations as at March 31, 1985, have been adjusted by $1,566,870 representing the cumulative amount of obsolescence and miscellaneous adjustments as at that date. Of the $1,566,870, $472,553 is applicable to 1984-85 and has been charged to operating expenses for that year. The remaining $1,094,317 is applicable to years prior to April 1, 1984 and the accumulated deficit at that date has been adjusted accordingly.

Supply Revolving Fund

MANAGEMENT REPORT

The accompanying financial statements of the Supply Revolving Fund have been prepared by Supply and Services Canada in accordance with Treasury Board policies, and reporting requirements and standards of the Receiver General for Canada.

The statements have been prepared on a basis consistent with that of the preceding year and are consistent with information presented elsewhere in the Public Accounts and with departmental reports. Significant accounting policies used in the preparation of the financial statements are included in the notes to financial statements. Some of the information included in these financial statements is based on management's best estimates and judgements and gives due consideration to materiality.

The primary responsibility for the integrity and objectivity of these statements rests with the Finance, Personnel and Administration sector. This responsibility is discharged by the Comptroller's Directorate which develops and disseminates financial management and accounting policies and issues specific directives necessary to maintain standards of accounting and financial management. Furthermore, the Department maintains internal controls designed to indicate accountability, provide assurance that assets are safeguarded and that reliable financial records are kept.

Supply Revolving Fund—*Continued*

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 1986

1. Purpose and authority

The objective of the Fund is to acquire and provide goods and/or services required by departments and agencies, taking into account the contribution of procurement to the realization of national objectives, and to provide services for the disposal of Crown owned materiel, all in the most economical manner.

The Supply Revolving Fund was authorized by Supply and Services Vote L6, Appropriation Act No. 1, 1975. Amendments to the appropriation authorized that the operations of the Supply Revolving Fund be combined with the operations of the Printing Revolving Fund effective April 1, 1975, with the Publishing Revolving Fund effective April 1, 1976, and with the Expositions Revolving Fund effective April 1, 1977.

Effective April 1, 1980, Parliament through the passage of the "Adjustment of Accounts Act", repealed all votes in respect of the accounts of the Supply Revolving Fund. Section 29 of the Act established the Supply Revolving Fund as a budgetary entity with a statutory non-lapsing drawing authority of $150 million. The authorized limit of the Fund was subsequently increased to $200 million through the Appropriation Act No. 4, 1981-82.

The use of the Fund's authority is monitored through the accumulated net charge against the Fund's authority account. Its balance, shown on the Balance Sheet under Equity of Canada, represents the financial position of the Revolving Fund. It is composed of the cumulative net cash transactions through the Consolidated Revenue Fund, the original net assets transferred to the Fund at inception and any subsequent write-offs of deficit or surplus. The change in this account during the year represents the net financial resources used or provided by the Fund.

An amount of $44,171,345, representing net assets assumed by the Fund and assets contributed to the Fund, was charged to this authority when the Fund became budgetary in 1981. Pursuant to Treasury Board authority, accumulated surplus has been transferred to the Fund's authority as follows:

	$
1982-83	3,256,386
1983-84	4,888,134
1984-85	5,691,677
1985-86	22,763,154
	36,599,351

2. Significant accounting policies

(a) Revenue and expenses

Revenue and expenses are recorded on the accrual basis of accounting with the following variations:

(i) The accrual policy for recording certain acquisition revenue is based on detailed and validated statistical analysis of the procurement workload. This policy was implemented to avoid expensive record keeping while respecting the need for adherence to the generally accepted accounting principle of matching cost and revenue. This policy was revised April 1, 1985. As a result, on contracts ranging from $200,000 to $50 million, an initial fee equal to 50% on Science and Engineering Acquisition contracts and 65% on Commercial Acquisition and Printing Acquisition contracts is charged at the date of contract issuance and the balance of the fee is charged over the life of the contract. Certain other large contracts are administered on a project management basis and the actual cost of the project is recorded as revenue in each accounting period over the entire life of the project. Management recognizes that some revenue is earned prior to contract award date but is of the opinion that the accounting principle of matching cost and revenue is not materially violated.

(ii) Employee benefits (termination benefits and vacation pay) accrue to employees over their years of service with the Government of Canada as provided for under collective agreements. The total liability of these benefits is not accrued, however, the actual expenses are recorded in the period in which they are incurred. The unaccrued liability is reflected in Note 8.

(b) Depreciation

Depreciation is calculated on a straight-line basis over the established useful life of the fixed assets, generally 5 to 10 years.

3. Inventories

	1986	1985
	$	$
Raw materials and finished goods	20,686,944	17,274,339
Work-in-process	1,915,683	2,741,050
	22,602,627	20,015,389

4. Sales and cost of sales

For consolidation purposes, sales and cost of sales in the amount of $28,018,000 ($26,846,747 in 1985) have been eliminated.

5. Insurance

The Supply Revolving Fund does not carry insurance on either its own property or the property of others held in its warehousing operations. This is in accordance with the Government's policy of self insurance.

Supply Revolving Fund—*Concluded*

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 1986—*Concluded*

6. Fixed assets and accumulated depreciation

Depreciation in the amount of $1,416,004 has been included in the cost of sales in the statement of operations.

Fixed assets	Balance at beginning of year	Acquisitions	Disposals	Balance at end of year
	$	$	$	$
Furniture	3,892,663	573,669	100,117	4,366,215
Electronic data processing (EDP) equipment	9,040,451	1,806,900	212,143	10,635,208
Automotive	867,035	73,837	61,307	879,565
Warehouse equipment	2,223,293	350,526	12,391	2,561,428
Printing equipment	12,547,805	1,467,248	972,541	13,042,512
Audio-video	1,217,937	78,546	1,169	1,295,314
	29,789,184	4,350,726	1,359,668	32,780,242

Accumulated depreciation	Balance at beginning of year	Depreciation	Decrease	Balance at end of year
	$	$	$	$
Furniture	2,189,344	659,283	86,797	2,761,830
Electronic data processing (EDP) equipment	3,194,396	1,292,621	110,306	4,376,711
Automotive	454,596	111,752	48,467	517,881
Warehouse equipment	1,119,169	170,590	1,082	1,288,677
Printing equipment	8,441,232	1,173,742	960,119	8,654,855
Audio-video	637,809	70,402	468	707,743
	16,036,546	3,478,390	1,207,239	18,307,697

7. Net investment in the electronic data processing (EDP) equipment leases

The Treasury Board, on March 2, 1976, authorized the Supply Revolving Fund to purchase the designated electronic data processing (EDP) equipment approved by Treasury Board for client departments. The capital, interest and any other costs are recoverable from departments over a one to five year period under direct financing leasing agreements. Title to the equipment remains with the Supply Revolving Fund until the cost of the equipment is paid in full. Payments by the client departments for the long-term investment in leases are due—$62,518 in 1987-88, $70,216 in 1988-89 and $76,202 in 1989-90.

8. Employee benefits liability

The unaccrued liability for employee benefits consists of termination benefits and vacation pay.

	1986	1985
	$	$
Termination benefits	29,094,882	29,860,615
Vacation pay	6,975,063	7,609,610
	36,069,945	37,470,225

9. Deferred acquisition contract fees

In accordance with the Department's revised policy on smoothing revenue for certain types of contracts as detailed in 2(a)(i), the value of deferred acquisition fees on uncompleted contracting work as at March 31, 1986 amounted to $14,211,618. In addition, the change in policy had the effect of reducing the amount of $33,832,001 outstanding as at March 31, 1985 by $13,135,000 to $20,697,001.

10. Changes in financial statement presentation

The 1985 figures have been restated to conform with the 1986 presentation requirements.

Agricultural Stabilization Board

MANAGEMENT REPORT

In connection with the recording of financial transactions in the accounts of Canada and the reporting of financial information to be included in the Public Accounts, relating to Agricultural Stabilization Board for the year ended March 31, 1986, we make the following representations, based on the best of our knowledge and belief.

We have prepared the accompanying statement of operations of the Agricultural Stabilization Board in accordance with the reporting requirements and standards of the Receiver General for Canada, the responsibility for the integrity and objectivity of data in this financial statement resting with the Board.

This statement of operations was prepared in accordance with the accounting policies set out in Note 2, on a basis consistent with that of the preceding year. Some of the information included in the financial statement is based on management's best estimates and judgements and gives due consideration to materiality. To fulfill its reporting responsibility, the Board maintains a set of accounts which provides a centralized record of the Corporation's financial transactions. Financial information contained in the departmental statements and elsewhere in the Public Accounts is consistent with that in the statement of operations, unless indicated otherwise.

The Board maintains systems of financial management and internal control. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities, and are properly recorded to maintain accountability of Government funds and safeguard the Board's assets. Financial management and internal control systems are augmented by the maintenance of internal audit programs where frequent contacts are maintained between staff of Agriculture Canada and that of the Office of the Auditor General. The Board also seeks to assure the objectivity and integrity of data in its financial statement by the selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communications programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

AUDITOR'S REPORT

THE HONOURABLE JOHN WISE, P.C., M.P.
MINISTER OF AGRICULTURE

I have examined the statement of operations of the Agricultural Stabilization Board for the year ended March 31, 1986. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, this financial statement presents fairly the results of operations of the Board for the year ended March 31, 1986 in accordance with the accounting policies set out in Note 2 to the financial statement applied on a basis consistent with that of the preceding year.

As explained in Note 5 to the statement of operations, included in expenditure is an amount of $21 million that has been used to finance certain marketing costs of the Canadian Dairy Commission. The Appropriation Acts and Estimates for the year ended March 31, 1986 provide funds for payments to producers pursuant to the Agricultural Stabilization Act with no mention of financing marketing costs of the Commission. Therefore, I am of the opinion that, during the year ended March 31, 1986, $21 million was used in a manner not authorized by Parliament.

D. Larry Meyers, F.C.A.
Deputy Auditor General
for the Auditor General of Canada

Ottawa, Canada

NOTES TO THE STATEMENT OF OPERATIONS
MARCH 31, 1986

1. Authority and objectives

The Board, which was established in 1957 and operates under the authority of the Agricultural Stabilization Act, consists of three members appointed by the Governor in Council. The Board is a departmental corporation named in Schedule B to the Financial Administration Act.

The objectives of the Board are to stabilize the prices of agricultural commodities in order to assist the agricultural industry to realize fair returns for its labour and investment and to maintain a fair relationship between prices received by farmers and the costs of goods and services that they buy.

The Board's operating expenditures and contributions for designated commodities are funded by a budgetary lapsing authority, while contributions for named commodities pursuant to the minimum provisions of the Agricultural Stabilization Act are funded through a statutory authority.

2. Significant accounting policies

(a) Expenditure recognition

Expenditures funded by a budgetary lapsing authority are recorded on the accrual basis, except that termination benefits and vacation pay are recorded on the cash basis, in conformity with the Government of Canada accounting policy for recording Payables at Year End. Expenditures funded by a statutory authority are recorded on the cash basis.

Settlements, if any, arising from litigation or other contingent liabilities are expensed as disbursed.

(b) Adjustment of prior year's Payables at Year End

Adjustment of any overstatement of prior year's Payables at Year End is recorded as revenue in the year during which the amounts payable are disbursed.

(c) Refunds of previous years' expenditure

Refunds of previous years' expenditure are recorded as revenue when received.

(d) Capital purchases

Acquisitions of capital assets are charged to administrative expenditure in the year of purchase.

(e) Services provided without charge

Estimated amounts for services provided without charge by Government departments are included in administrative expenditure.

3. Use of parliamentary appropriations

	1986	1985
	(in thousands of dollars)	
Agriculture—Agri-Food Development Program		
Vote 15—Payments to producers for agricultural commodities designated by the Governor in Council and for named agricultural commodities in excess of the minimum provisions of the Agricultural Stabilization Act	307,357	397,264
Vote 5—Operating expenditures	1,918	1,835
Statutory—Payments to producers for named commodities pursuant to the minimum provisions of the Agricultural Stabilization Act	24,547	12,857
Use of appropriations	333,822	411,956

Agricultural Stabilization Board—*Concluded*

NOTES TO THE STATEMENT OF OPERATIONS
MARCH 31, 1986—*Concluded*

4. Services provided without charge

(a) Services provided to the Board

	1986	1985
	(in thousands of dollars)	
Data processing	477	125
Accommodation	303	275
Employee benefits	238	266
Accounting services	21	69
Executive Board	4	5
	1,043	740

(b) Services provided by the Board

During the year the Board provided support staff to other entities within the Department of Agriculture on a temporary basis. This amounted to 16 person-years with a salary cost of $370,000.

5. Authority for payments to the Canadian Dairy Commission

Included in expenditure is an amount of $21 million that has been disbursed to finance marketing costs paid by the Canadian Dairy Commission. While, in the opinion of the Board, this use by the Commission is consistent with Governor in Council approval given pursuant to the Agricultural Stabilization Act, it is not consistent with the basis upon which funds have been voted by Parliament. The Appropriation Acts and Estimates for the year ended March 31, 1986 provide funds for payment to producers with no mention of financing marketing costs paid by the Commission. Accordingly, the Board will endeavor to have the wording of future authorities consistent with expenditures intended.

6. Contingent liability

In connection with its operations, the Board is a defendant in certain cases of litigation. It is estimated that pending and threatened litigation could amount to $9.1 million.

Atomic Energy Control Board

MANAGEMENT REPORT

We have prepared the accompanying statement of operations of the Atomic Energy Control Board (AECB) in accordance with the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in this financial statement rests with the management of the AECB.

This statement of operations was prepared in accordance with the accounting policies set out in Note 2, on a basis consistent with that of the preceding year. Previous year figures have been reclassified to conform to the current year's presentation. To fulfill its reporting responsibility, the AECB maintains a set of accounts which provides a centralized record of the AECB's financial transactions. Financial information contained in the ministerial statements and elsewhere in the Public Accounts is consistent with that in the statement of operations.

The AECB planning and administration branch develops and disseminates financial management and accounting policies, and issues directives which maintain standards of accounting and financial management. The AECB maintains systems of financial management and internal control. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities, and are properly recorded to maintain accountability of Government funds and safeguard the AECB's assets. Financial management and internal control systems are augmented by the maintenance of internal audit programs where frequent contacts are maintained between staffs of the AECB and of the Auditor General's Office. The AECB also seeks to assure the objectivity and integrity of data in its financial statement by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and of accountability, and by communications programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

The statement of operations has been examined by the Deputy Auditor General, his role being to express an informed opinion as to whether the AECB's statement of operations, considered in its entirety, presents fairly, in conformity with stated accounting policies, the AECB's financial transactions.

NOTES TO THE STATEMENT OF OPERATIONS MARCH 31, 1986

1. Authority and objective

The Atomic Energy Control Board (AECB) was established in 1946 by the Atomic Energy Control Act. It is a departmental corporation named in Schedule B to the Financial Administration Act and currently reports to Parliament through the Minister of Energy, Mines and Resources.

The objective of the AECB is to control atomic energy in the interests of health and safety and national security. The AECB achieves this objective by providing through its atomic energy control program the control of the development, application and use of atomic energy in Canada and by participating on behalf of Canada in international measures of control.

The AECB is also responsible for the administration of the Nuclear Liability Act, including the designation of nuclear installations, the prescription of basic insurance to be carried by the operators of such nuclear installations, and the provision of supplementary insurance coverage for each of these installations. The sum of the basic insurance and supplementary insurance totals $75 million for each designated installation (see Note 9).

The AECB's grants and contributions, operating and administration expenditure is funded by a budgetary lapsing authority. Employee benefits are authorized by a statutory authority.

2. Significant accounting policies

The statement of operations has been prepared using the following accounting policies:

(a) Expenditure recognition

All expenditure is recorded on the accrual basis, in accordance with the Government's PAYE accounting policy, with the exception of termination benefits and vacation pay which are recorded on the cash basis.

(b) Revenue recognition

Revenue is recorded on the cash basis in accordance with the Government's accounting policies.

(c) Capital purchases

Acquisitions of capital assets are charged to operating expenditure in the year of purchase.

(d) Services provided without charge

Estimates of amounts for services provided without charge from Government departments are included in expenditure.

(e) Refunds of previous years' expenditure

Refunds of previous years' expe: diture are recorded as revenue when received and are not deducted from expenditure.

(f) Contributions to superannuation plan

AECB employees participate in the superannuation plan administered by the Government of Canada and contribute equally with the AECB to the cost of the plan. Contributions by the AECB are charged to expenditure when disbursed.

3. Changes in financial statement presentation

The allocation of expenditure has been revised to reflect administration costs as well as operational costs. In the prior year, all administration costs were included as part of operational costs.

Atomic Energy Control Board—*Continued*

NOTES TO THE STATEMENT OF OPERATIONS
MARCH 31, 1986—*Concluded*

4. Parliamentary appropriations

	1986	1985
	$	$
Department of Energy, Mines and Resources		
Vote 50 (Vote 45 in 1985)	21,817,000	18,584,000
Vote 50b (Vote 45b in 1985)	456,000	2,488,500
(Vote 45c in 1985)		456,000
	22,273,000	21,528,500
Lapsed	3,581,484	2,900,544
	18,691,516	18,627,956
Statutory contributions to employee benefit plans	2,033,000	1,825,000
Use of appropriations	20,724,516	20,452,956

5. Liabilities

At year end the amounts of liabilities are as follows:

	1986	1985
	$	$
(a) Accounts payable		
Suppliers accounts	1,816,778	1,537,569
Contractors holdbacks	67,673	54,979
	1,884,451	1,592,548
Salaries payable	272,612	212,124
	2,157,063	1,804,672

The costs represented by the accounts and salaries payable are reflected in the statement of operations.

	1986	1985
	$	$
(b) Other liabilities		
Vacation pay	837,612	761,131
Employee termination benefits	1,257,689	1,099,172
	2,095,301	1,860,303

The costs associated with other liabilities are not included in the statement of operations. These costs are recognized only when paid (see Note 2).

The vacation pay represents the amount of vacation pay credits outstanding at the end of the year.

The employee termination benefits are calculated on the basis of one half week's pay for each complete year of continuous service to a maximum of 13 weeks' pay.

6. Contingent liability

At March 31, 1986, the AECB was defendant in lawsuits amounting to $14,450,000. The lawsuits are seeking damages for breach of statutory duties related to radioactively contaminated soil. Any settlement resulting from the resolution of these actions will be paid from the Consolidated Revenue Fund.

7. Restatement of prior year figures

As a result of change in the Treasury Board's estimate for statutory employee benefits, the 1985 expenditure for salaries and employee benefits as well as the total 1985 expenditure are $8,000 less than the figure reported in the 1985 audited financial statements.

8. Related party transactions

AECB administers a special program jointly with Atomic Energy of Canada Limited (AECL) for research and development in support of the safeguards program of the International Atomic Energy Agency. For 1986, AECL charged $1,220,000 (1985—$1,785,000) to this program.

On the statement of operations, expenditure is net of $217,168 and revenue includes $26,778 for services provided by the AECB's Orientation Centre to the Department of External Affairs and AECL. The total received in 1986 was $243,946 (1985—$233,022).

9. Nuclear Liability Reinsurance Account

Under Section 17 of the Nuclear Liability Act, all premiums paid by the operators of nuclear installations for supplementary insurance coverage are credited to a Nuclear Liability Reinsurance Account. The Account forms part of the Consolidated Revenue Fund. Any claims against the supplementary insurance coverage are payable out of the Consolidated Revenue Fund and charged to the Account. There have been no claims against or payments out of the Nuclear Liability Reinsurance Account since its creation. The balance of the Nuclear Liability Reinsurance Account as at March 31, 1986 is $529,842 (1985—$528,342).

The supplementary insurance coverage provided by the Government of Canada under the Nuclear Liability Act, as at March 31, 1986 is $641,600,000 (1985—$699,900,000). During the year the number of facilities requiring supplementary insurance coverage was reduced from 16 to 15.

Canada Employment and Immigration Commission

MANAGEMENT REPORT

We have prepared the accompanying statement of operations of the Canada Employment and Immigration Commission (CEIC) in accordance with the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in this financial statement rests with the management of CEIC. In order to assure maximum objectivity and freedom from bias, the financial data contained in this financial statement has been examined by the Senior Management of CEIC.

This statement of operations was prepared in accordance with the accounting policies set out in Note 2, on a basis consistent with that of the preceding year. Previous year figures have been reclassified to conform to the current year's presentation. Some of the information included in the financial statement is based on management's best estimates and judgements and gives due consideration to materiality. To fulfill its reporting responsibility, the CEIC maintains a set of accounts which provides a centralized record of the CEIC financial transactions. Financial information contained in the departmental statements and elsewhere in the Public Accounts is consistent with that in the statement of operations, unless indicated otherwise.

Financial Services develops and disseminates financial management and accounting policies, and issues directives which maintain standards of accounting and financial management. The CEIC maintains systems of financial management and internal control. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities, and are properly recorded to maintain accountability of Government funds and safeguard CEIC assets. Financial management and internal control systems are augmented by the maintenance of internal audit programs where frequent contacts are maintained between staffs of the CEIC and of the Auditor General's Office. CEIC also seeks to assure the objectivity and integrity of data in its financial statement by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communications programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

Canada Employment and Immigration Commission—*Continued*

NOTES TO THE STATEMENT OF OPERATIONS
MARCH 31, 1986

1. Authority and objectives

The Canada Employment and Immigration Commission was established under Section 7 of the Employment and Immigration Reorganization Act, 1977 and is a departmental corporation named in Schedule B to the Financial Administation Act. All the Commission's operating and contributions and grants expenditures are funded by budgetary lapsing authorities whereas employee benefits, annuities agents supplementary retirement benefits, and the Government's contribution to the Unemployment Insurance Account and in respect of fishermen's benefit are authorized by statutory authorities. The Commission is divided into three program areas and their objectives are as follows:

Corporate and Special Services Program—To ensure the development and implementation of policies and programs, to provide strategic, operational and administrative support that enables the Commission and the Department to carry out its mission, and to provide for such other functions allocated to it.

Employment and Insurance Program—To further the attainment of national economic and social goals by realizing the full productive potential of Canada's human resources, while supporting the initiatives of individuals to pursue their economic needs, and more generally, their self-fulfillment through work.

Immigration Program—To administer the admission of immigrants and visitors in accordance with the economic, social and cultural interests of Canada.

Loans to immigrants and other classes of persons for the purpose of paying the costs of admission, transportation and reasonable living expenses are made under a non-budgetary statutory authority advanced by the Minister of Finance pursuant to the Immigration Act, Section 121. The total amount of loans outstanding shall not, at any time, exceed $60,000,000.

2. Significant accounting policies

The statement of operations was prepared using the following accounting policies:

(i) Expenditure is recorded for all goods and services received and/or performed up to March 31, in accordance with the Government's Payables at Year End accounting policy, with the exception of termination benefits and vacation pay.

(ii) Revenue is recorded on a cash basis in accordance with the Government's accounting policies.

(iii) Acquisitions of capital assets are charged to operating expenditure in the year the expenditure is incurred.

(iv) Estimated accounts for services provided without charge from other Government departments are disclosed in the statement of operations.

(v) Refunds of previous years' expenditure are recorded as revenue when received and are not deducted from expenditure.

5. Trust funds and specified purpose accounts

The Canada Employment and Immigration Commission also has the responsibility to administer and control the following trust funds and specified purpose accounts.

(a) Unemployment Insurance Account

The Unemployment Insurance Act provides for a compulsory contributory unemployment insurance program applying to all employees, subject to minor exceptions.

The Act authorizes an account in the Accounts of Canada to be known as the Unemployment Insurance Accout.

The Act provides for the following to be credited to the Account: (a) premiums, fines, penalties and interest; (b) the Government share of benefits paid; (c) refunds of overpayments of benefits, and benefit repayments; (d) amounts for services rendered to other Government departments or agencies, or to the public; (e) amounts provided for any other purpose related to unemployment insurance and authorized by an appropriation administered by the Canada Employment and Immigration Commission; and (f) interest on the balance of the account at such rates as the Minister of Finance may authorize. The Act also provides that the following be charged to the account; (a) benefits paid under the Act; (b) the costs of administering the Act; and (c) the interest on advances made by the Minister of Finance.

Interest bearing loans are made to the Unemployment Insurance Account, under Section 137(1) of the Unemployment Insurance Act, as a result of deficiencies in contributions from employers and employees. The loan balance outstanding as at March 31, 1986 bears interest at rates between 10% and 12.50% per annum, and is repayable between September 30, 1986 and March 31, 1988.

NOTES TO THE STATEMENT OF OPERATIONS MARCH 31, 1986—*Continued*

(b) Government Annuities Account

This account was established by the Government Annuities Act, and modified by the Government Annuities Improvement Act, which discontinued sales of annuities. The account valued on an actuarial basis each year, with the deficit or surplus charged or credited to the Consolidated Revenue Fund. The accounts of the Government Annuities Account are maintained on an accrual basis.

The purpose of the Government Annuities Act was to assist Canadians to provide for their later years, by the purchase of Government annuities. The Government Annuities Improvement Act increased the rate of return and flexibility of Government annuity contracts, and discontinued sales of annuities.

Receipts and other credits consist of premiums received, funds reclaimed from the Consolidated Revenue Fund for previously unlocated annuitants, earned interest and items tranferred from previous years' revenue to cover the actuarial deficit. Payments and other charges represent matured annuities, the commuted value of death benefits, premium refunds and withdrawals, and actuarial surpluses and unclaimed items transferred to non-tax revenue. The amounts of unclaimed annuities, related to annuitants who cannot be located, are transferred to non-tax revenue.

6. Loans, investments and advances

Assisted Passage Scheme—Employment and Immigration

Section 121 of the Immigration Act authorizes the making of loans to immigrants and other such classes of persons.

The total amount authorized to be outstanding at any time is $60,000,000.

The terms and conditions of the loans, with their year-end balances, are as follows:

(a) repayable by monthly instalments over 1 to 5 years with a possible deferment of 6 months, bearing interest at rates from 6% to 15% per annum, with final instalments between April 1, 1986 and April 1, 1991, $7,852,390; and,

(b) repayable by monthly instalments over 1 to 5 years with a possible deferment of 2 years, non-interest bearing, with final instalments between April 1, 1986 and April 1, 1991, $49,784,713.

Balance as at March 31	57,637,103	54,825,671

7. Contingent liabilities

Seven claims, two from clients for physical injury, two for breach of contract from an employee and a private company, two for mental injury from an employee for work environment reasons and from a private citizen for false arrest, and one from a prospective employee for loss of income, have been brought against the Canada Employment and Immigration Commission. All of these cases amount to approximately $2,745,849, and no date has yet been set for the hearing of these cases.

8. Consolidated statement of receipts and disbursements

This consolidated statement represents the aggregate of all financial activities pertaining to the Department of Employment and Immigration, the Canada Employment and Immigration Commission, the Unemployment Insurance Account, the Government Annuities Account and other trust funds and specified purpose accounts mentioned in the preceding Note 5. It represents a summary, on a consolidated basis, of the total operations of Employment and Immigration Canada.

Canadian Aviation Safety Board

MANAGEMENT REPORT

We have prepared the accompanying statement of operations of the Canadian Aviation Safety Board in accordance with the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in this financial statement rests with the Chairman and managerial staff of the Board.

This statement of operations was prepared in accordance with the accounting policies set out in Note 2. Some of the information included in the financial statement is based on management's best estimates and judgements and gives due consideration to materiality. To fulfill its reporting responsibility, the Board maintains a set of accounts which provides a centralized record of the Board's financial transactions. Financial information contained in the departmental statements and elsewhere in the Public Accounts is consistent with that in the statement of operations, unless indicated otherwise.

The Board's finance division develops and disseminates financial management and accounting policies, and issues directives which maintain standards of accounting and financial management. The Board maintains systems of financial management and internal control. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities, and are properly recorded to maintain accountability of Government funds and safeguard the Board's assets. The Board also seeks to assure the objectivity and integrity of data in its financial statements by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communications programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

The statement of operations has been examined by the Auditor General, his role being to express an informed opinion as to whether the Board's statement of operations, considered in its entirety, presents fairly, in conformity with stated accounting policies, the Board's financial transactions.

AUDITOR'S REPORT

TO THE CANADIAN AVIATION SAFETY BOARD
AND THE
MINISTER OF TRANSPORT

I have examined the statement of operations of the Canadian Aviation Safety Board for the year ended March 31, 1986. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, this financial statement presents fairly the results of operations of the Board for the year ended March 31, 1986 in accordance with the accounting policies set out in Note 2 to the financial statement applied on a basis consistent with that of the preceding period.

D. Larry Meyers, F.C.A.
Deputy Auditor General
for the Auditor General of Canada

Ottawa, Canada

NOTES TO THE STATEMENT OF OPERATIONS MARCH 31, 1986

1. Authority and objective

The Canadian Aviation Safety Board was established under Section 4 of the Canadian Aviation Safety Board Act and is a departmental corporation named in Schedule B to the Financial Administration Act. The Canadian Aviation Safety Board Act received Royal Assent on November 17, 1983 and was proclaimed into law on April 18, 1984. It was established officially on May 1, 1984 and became operational on October 1, 1984. The objective of the Board is to advance aviation safety by: identifying safety deficiencies as evidenced by aviation occurrences; conducting independent investigations and, if necessary, public inquiries into aviation occurrences in order to make findings as to their contributing factors and causes; and reporting publicly on its investigations and public inquiries and on the findings in relation thereto and by making recommendations designed to eliminate or reduce safety deficiencies. The Board's expenditure is funded by a budgetary lapsing authority.

2. Significant accounting policies

The statement of operations has been prepared using the following accounting policies:

(a) Expenditure recognition

All expenditure is recorded on the accrual basis, in accordance with the Government's PAYE accounting policy, with the exception of termination benefits and vacation pay which are recorded on the cash basis.

(b) Revenue recognition

Revenue is recorded on the cash basis in accordance with the Government's accounting policies.

(c) Capital purchases

Acquisitions of capital assets are charged to operating expenditure in the year of purchase.

(d) Services provided without charge by Government departments

Estimates of amounts for services provided without charge from Government departments are only included in expenditures for fiscal year 1985-86.

3. Parliamentary appropriation

	1985-86	Six months ended March 31, 1985
	$	$
Vote 95 (Vote 126b 1984-85)	20,663,375	5,738,400
Lapsed	3,807,567	363,848
	16,855,808	5,374,552
Statutory contributions to employee benefit plans	1,308,000	
Use of appropriation	18,163,808	5,374,552

The amount appropriated includes $7.4 million which was for the additional costs for the Air India crash investigation.

Of the $3.8 million lapsed, approximately $2.1 million relate to the estimated cost of the Air India crash investigation.

Canadian Centre for Occupational Health and Safety

MANAGEMENT REPORT

We have prepared the accompanying statement of operations of the CCOHS Corporation in accordance with the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in this financial statement rests with the management of the Centre.

This statement of operations was prepared in accordance with the accounting policies of the Receiver General for Canada. Previous year's figures have been reclassified to conform to the current year's presentation. Some of the information included in the financial statement is based on management's best estimates and judgements and gives due consideration to materiality. To fulfill its reporting responsibility, the Corporation maintains a set of accounts which provides a centralized record of the Corporation's financial transactions. Financial information contained in the departmental statements and elsewhere in the Public Accounts is consistent with that in the statement of operations, unless indicated otherwise.

The Corporation's directorate of financial services develops and disseminates financial management and accounting policies, and issues directives which maintain standards of accounting and financial management. The Centre maintains systems of financial management and internal control. Transactions are executed in accordance with the prescribed regulations, within the parliamentary authorities, and are properly recorded to maintain accountability of Government funds and safeguard the Corporation's assets. The Corporation also seeks to assure the objectivity and integrity of data in its financial statement by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communications programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

We are also attaching a copy of the audited financial statements for the year ended March 31, 1986. These statements were prepared in accordance with standard accounting principles.

The change in the status of the Centre under the Financial Administration Act, has led us to adopt revised accounting policies similar to those used for the preparation of the Accounts of Canada which meet the reporting requirements of the Receiver General for Canada.

The amounts for the seven months ended March 31, 1985 have been restated, for comparative purposes, in accordance with the revised accounting policies. This restatement has resulted in increasing the net cost of operations for that period by $1,508,333 as detailed in Note 3 of the financial statement.

AUDITOR'S REPORT

TO THE COUNCIL OF THE CANADIAN CENTRE FOR OCCUPATIONAL HEALTH AND SAFETY
AND
THE HONOURABLE WILLIAM MCKNIGHT, P.C., M.P.
MINISTER OF LABOUR

I have examined the statement of operations of the Canadian Centre for Occupational Health and Safety for the year ended March 31, 1986. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, this financial statement presents fairly the results of operations of the Centre for the year ended March 31, 1986 in accordance with the accounting policies set out in Note 2 to the financial statement applied, after giving retroactive effect to the change of accounting basis referred to in Note 3, on a basis consistent with that of the preceding period.

NOTES TO THE STATEMENT OF OPERATIONS MARCH 31, 1986

1. Authority and objectives

The Centre was established on April 20, 1978 under the Canadian Centre for Occupational Health and Safety Act. The objectives of the Centre are to promote the right of Canadians to a healthy and safe working environment and to enhance the physical and mental health of workers.

An Act to amend the Financial Administration Act in relation to Crown corporations and to amend other Acts in consequence thereof (Chapter 31 of the Statutes of Canada, 1984), which came into force on September 1, 1984 by proclamation, names the Centre in Schedule B to the Financial Administration Act, as a departmental corporation. Previously, the Centre was unscheduled to the said Act. The Centre's operating expenditures are funded by a budgetary lapsing authority.

2. Significant accounting policies

The statement of operations has been prepared using the following accounting policies:

(a) Expenditure recognition

Expenditures are recorded on an accrual basis, except for employees' termination benefits and vacation pay which are accounted for when paid.

(b) Revenue recognition

In accordance with the Government's accounting policies, all revenues are recorded on the cash basis.

(c) Capital purchases

Acquisitions of capital assets are recorded as operating expenditures in the year of their purchase.

(d) Services provided without charge by other departments

Estimates of the amounts of these services are included in operating expenditures.

(e) Refunds of previous years' expenditures

Refunds of previous years' expenditures are recorded as revenue when received and are not deducted from expenditures.

(f) Pension plan

CCOHS employees participate in the Public Service Superannuation Plan administered by the Government of Canada. The employees and the Centre contribute equally to the cost of the Plan. The Centre's contributions are charged to expenditures on a current basis.

3. Change of accounting basis

The change in the status of the Centre under the Financial Administration Act, described in Note 1, has led it to adopt revised accounting policies similar to those used for the preparation of the Accounts of Canada which meet the reporting requirements of the Receiver General for Canada.

The amounts for the seven months ended March 31, 1985 have been restated, for comparative purposes, in accordance with the revised accounting policies. This restatement has resulted in increasing the net cost of operations for that period by $1,508,333 as follows:

Canadian Centre for Occupational Health and Safety—*Concluded*

NOTES TO THE STATEMENT OF OPERATIONS MARCH 31, 1986—*Concluded*

	$
Net cost of operations per financial statement as at March 31, 1985	4,118,886
Add: purchase of furniture, equipment and leasehold improvements	1,806,482
services provided without charge from Government departments	71,568
	5,996,936

Provision for employee termination benefits	28,404	16,179
	670,401	1,626,557

Crown Assets Disposal Corporation

MANAGEMENT REPORT

We have prepared the accompanying statement of operations of the Crown Assets Disposal Corporation in accordance with the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in this financial statement rests with the management of the Corporation.

This statement of operations was prepared in accordance with the accounting policies set out in Note 2, on a basis consistent with that of the previous period except as described in Note 3.

Also provided with the statement of operations is a schedule reconciling the net gain from operations, as per the above statement, with the net gain from operations on the accrual basis of accounting. The accrual basis financial statements, which are also included in the Public Accounts, were examined, and, an opinion expressed, by the Auditor General.

The Corporation develops and disseminates financial management and accounting policies, and issues directives which maintain standards of accounting and financial management. The Corporation maintains systems of financial management and internal control. Transactions are executed in accordance with prescribed regulations and are properly recorded to maintain accountability of Government funds and safeguard the Corporation's assets. The Corporation also seeks to assure the objectivity and integrity of data in its statement of operations by organizational arrangements that provide appropriate divisions of responsibility and by ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

Net gain from operations on the accrual basis of accounting	480,878	643,660

NOTES TO THE STATEMENT OF OPERATIONS
SEPTEMBER 9, 1985

1. Authority and objectives

   The Surplus Crown Assets Act, administered by the Minister of Supply and Services, established the Corporation to act as an agent of the Crown in the sale of surplus assets. The Act requires that each department, and other bodies, report to the Minister any property in its custody or under its control or administration that is determined as surplus to its requirements. The Act also allows agents of Her Majesty and boards, commissions, corporations and other bodies that are not agents of Her Majesty, but, that are ultimately accountable to Parliament for the conduct of their affairs, the option to use the services of the Corporation. The Corporation has the authority to sell or otherwise deal with such surplus property and to transfer net proceeds received from sales to the Consolidated Revenue Fund or to the agents of Her Majesty, boards, commissions, corporations and other bodies that are not agents of Her Majesty. Land and buildings (Order-in-Council PC 1974-2756 December 12, 1974) and certain commodities are exempted from sale by the Corporation.

   The primary objectives of the Corporation are to obtain on behalf of the Crown the highest return from the sale of surplus assets and to provide efficient and reliable services to its customers.

2. Significant accounting policies

   The statement of operations has been prepared using the following accounting policies:

   (a) Expenditure recognition

   All expenditure is recorded on the accrual basis, in accordance with the Government's accounting policy.

   (b) Revenue recognition

   Revenue is recorded on the cash receipts basis in accordance with the Government's accounting policies.

   (c) Capital purchases

   Acquisition of capital assets are charged to operating expenditure in the year of purchase.

Crown Assets Disposal Corporation—*Continued*

NOTES TO THE STATEMENT OF OPERATIONS
SEPTEMBER 9, 1985—*Concluded*

3. Changes in accounting policy

As a result of the legislation (Bill C-24) listing the Corporation as a Schedule B corporation, the reporting for the Public Accounts was changed from the accrual basis to the Government's modified cash basis of accounting. This was done in order to make it consistent with the accounting policies of the Government, and to meet the reporting requirements of the Receiver General for Canada. As a result of this change, the net gain from operations is increased by $29,060 for the period ended September 9, 1985. The restatement of the previous period for the seven months ended March 31, 1985 increased net gain from operations by $902,370.

4. Contractual obligations

The Corporation leases certain properties used in the performance of its operations. As at September 9, 1985, the aggregate minimum annual rentals for all such leases are:

	$
From September 9, 1985 to March 31, 1986	138,300
1986-87	93,500

5. Contingent liabilities

Claims aggregating approximately $112,000 in respect of contractual obligations, accidents, alleged misrepresentation of assets sold, and sundry other matters in dispute have been received by the Corporation but are not reflected in the accounts. In the opinion of management and legal counsel the position of the Corporation on these claims is defensible. However, the final outcome of such claims is not determinable. Settlements resulting from the resolution of these claims are expected to be accounted for in the year in which the settlements occur.

6. Subsequent event

The Crown Assets Disposal Corporation Dissolution Act to dissolve the Corporation and to amend the Surplus Crown Assets Act and other Acts in consequence thereof, Bill C-43, was passed by the House of Commons on April 19, 1985. The Act states that all rights and property, obligations and liabilities of the Corporation be deemed rights, property, obligations and liabilities of Her Majesty in right of Canada; and that the Minister of Supply and Services may do and perform all acts and things necessary for or incidental to closing out the affairs of the Corporation.

On September 9, 1985 Order-in-Council PC 1985-2148 was proclaimed and the Crown Assets Disposal Corporation was thereby dissolved.

The Corporation's fixed assets were transferred to the Department of Supply and Services at their net book value on September 9, 1985.

The Royal Canadian Mounted Police and the Department of Supply and Services are currently investigating an alleged fraud in the disposal operations of the Department. The outcome of this investigation is not yet known.

Crown Assets Disposal Corporation—*Continued*

AUDITOR'S REPORT

TO THE MINISTER OF SUPPLY AND SERVICES

I have examined the balance sheet of Crown Assets Disposal Corporation as at September 9, 1985 and the statements of income and retained earnings and changes in financial position for the period from April 1, 1985 to September 9, 1985 for the General Account, and the balance sheet as at September 9, 1985 and the statement of transactions for the period from April 1, 1985 to September 9, 1985 for the Agency Account. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Corporation as at September 9, 1985 and the results of its operations and the changes in its financial position for the period from April 1, 1985 to September 9, 1985 in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding period.

NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 9, 1985

1. Authority, objectives and operations

The Surplus Crown Assets Act, administered by the Minister of Supply and Services, established the Corporation to act as an agent of the Crown in the sale of surplus assets. The Act requires that each department, and other bodies, report to the Minister any property in its custody or under its control or administration that is determined as surplus to its requirements. The Act also allows agents of Her Majesty and boards, commissions, corporations and other bodies that are not agents of Her Majesty, but, that are ultimately accountable to Parliament for the conduct of their affairs, the option to use the services of the Corporation. The Corporation has the authority to sell or otherwise deal with such surplus property and to transfer net proceeds received from sales to the Consolidated Revenue Fund or to the agents of Her Majesty, boards, commissions, corporations and other bodies that are not agents of Her Majesty. Land and buildings (Order-in-Council PC 1974-2756, December 12, 1974) and certain commondities are exempted from sale by the Corporation.

The primary objectives of the Corporation are to obtain on behalf of the Crown the highest return from the sale of surplus assets and to provide efficient and reliable services to its customers.

The Corporation operates through two accounts: a general account and an agency (trust) account. The sales of the Corporation are recorded in the agency account from which direct sales expenses and sales commissions are deducted. The balance is transferred to the Consolidated Revenue Fund (CRF) or to appropriate agencies and Crown corporations. The commissions are transferred to the general account as "revenue" from which all operating expenses are paid.

Order-in-Council PC 1982-14/1256, dated April 22, 1982, conferred upon the Corporation the power to engage the services of the Department of Supply and Services in carrying out, on its behalf, the function, powers and duties relating to disposal of materiel.

As a result, the Corporation has been integrated into the Department of Supply and Services (DSS) but has maintained its legal status as a Crown corporation. Its employees have been transferred to DSS where they are carrying out all of the operations of the Corporation. Since April 1, 1983, the Corporation's operating expenses have been paid by DSS. Each month the Corporation reimburses DSS for the operating expenses paid on its behalf plus an agreed amount of administrative charges.

An Act to amend the Financial Administration Act in relation to Crown corporations and to amend other Acts in consequence thereof came into force by proclamation on September 1, 1984. This Act (Bill C-24) rescheduled the Corporation as a departmental corporation under Schedule B to the Financial Administration Act.

The Crown Assets Disposal Corporation Dissolution Act to dissolve the Corporation and to amend the Surplus Crown Assets Act and other Acts in consequence thereof, Bill C-43, was passed by the House of Commons on April 19, 1985. The Act states that all rights and property, obligations and liabilities of the Corporation be deemed rights, property, obligations and liabilities of Her Majesty in right of Canada; and that the Minister of Supply and Services may do and perform all acts and things necessary for or incidental to closing out the affairs of the Corporation.

Crown Assets Disposal Corporation—*Continued*

NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 9, 1985—*Continued*

Order-in-Council PC 1985-2148, dated July 4, 1985, proclaimed this Dissolution Act to come into force September 9, 1985. Therefore, the Corporation has prepared these financial statements as at September 9, 1985.

2. Statutory financial limitations

The Surplus Crown Assets Act, Section 11(2) requires that:

All monies deposited in the Corporation's bank accounts except

(a) monies paid or advanced to the Corporation by Her Majesty on account of working capital, and

(b) such percentage of the net proceeds of sales and of all other monies received by the Corporation during any period as the Governor in Council may from time to time fix to be retained to meet administrative costs or other expenses of the Corporation, and

(c) the net proceeds of sales of property reported by other than a department of the Government of Canada *less* any amount retained pursuant to paragraph (b) with respect to each such sale,

shall be transferred or deposited to the credit of the Receiver General on a day not later than the last day of the month following receipt thereof by the Corporation.

Section 11.1 of the above Act also requires that the Corporation remit the monies represented by (c) above to the respective bodies not later than the last day of the month following the month in which the monies were received by the Corporation.

Order-in-Council PC 1970-534, March 24, 1970 requires that the Corporation pay to Canada, at intervals of not longer than six months, the excess of the Corporation's retained earnings over $300,000.

3. Significant accounting policies

(a) Recognition of revenue

Sales and related commissions are recorded when the Corporation accepts an offer to purchase, with the exception of some sales contracts where the value of the sale is undeterminable until after the goods are weighed upon receipt by the purchaser. For these contracts, sales are recorded upon receipt of goods by the purchaser.

(b) Depreciation and amortization

Depreciation of furniture and equipment is recorded on the straight-line method over five years.

(c) Income tax

The Corporation is not subject to the provisions of any Income Tax Act.

4. Fixed assets

It is the intention of the management of the Corporation and of the Department of Supply and Services to transfer the Corporation's fixed assets to the Department at their net book value at the dissolution date.

5. Services rendered by the Department of Supply and Services

The following is a breakdown of the DSS charges to the Corporation for the period from April 1, 1985 to September 9, 1985 of which $700,289 remained unpaid at the end of the period.

	September 9, 1985	March 31, 1985
	$	$
Salaries and allowances	840,000	1,198,000
DSS administrative charges	568,000	798,000
Accommodation	262,482	382,694
Employee benefits	122,000	184,000
Freight	111,560	173,370
Computer systems costs	87,000	236,000
Repairs and supplies	79,187	104,654
Publication and advertising	44,000	97,963
Communications	43,753	48,150
Travel and removal	36,018	35,410
Professional and special services	31,490	58,712
Equipment rentals	8,000	11,053
Inventory and other losses	2,000	7,732
	2,235,490	3,335,738

6. Long-term receivables—Agency Account

Long-term receivables include mortgages which relate to land and buildings sold prior to 1974 and loans outstanding from the sale of major equipment.

These receivables mature as follows:

	$
From September 10, 1985 to March 31, 1986	148,020
1986-87	243,429
1987-88	115,096
1988-89	95,408
1989-90	95,408
1990-91	95,408
1991-92	95,408
Balance to 1997	383,450
	1,271,627
Less: current portion	243,429
	1,028,198

7. Commission to agent

During the period, Vebeg, an agency of the Government of the Federal Republic of Germany, retained $2,649 (previous seven months period—$24,830) from proceeds it remitted to the Corporation.

8. Lease commitments

The Corporation leases certain properties used in the performance of its operations. As at September 9, 1985, the aggregate minimum annual rentals for all such leases are:

	$
From September 10, 1985 to March 31, 1986	138,300
1986-87	93,500

Crown Assets Disposal Corporation—*Concluded*

NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 9, 1985—*Concluded*

9. Contingencies

Claims aggregating approximately $112,000 in respect of contractual obligations, accidents, alleged misrepresentation of assets sold, and sundry other matters in dispute have been received by the Corporation but are not reflected in the accounts. In the opinion of management and legal counsel the position of the Corporation on these claims is defensible. However, the final outcome of such claims is not determinable. Settlements resulting from the resolution of these claims are expected to be accounted for in the year in which the settlements occur.

10. Subsequent event

The Royal Canadian Mounted Police and the Department of Supply and Services are currently investigating an alleged fraud in the disposal operations of the Department. The outcome of this investigation is not yet known.

Director of Soldier Settlement

DIRECTOR OF SOLDIER SETTLEMENT IS A DEPARTMENTAL CORPORATION NAMED IN SCHEDULE B TO THE FINANCIAL ADMINISTRATION ACT. NO REVENUE AND EXPENDITURE HAVE BEEN INCURRED IN THIS FISCAL PERIOD AND AS A RESULT, NO FINANCIAL STATEMENTS HAVE BEEN PRODUCED FOR THE PUBLIC ACCOUNTS.

Economic Council of Canada

MANAGEMENT REPORT

The accompanying statement of operations of the Economic Council of Canada has been prepared in accordance with the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in this financial statement rests with the Chief Executive Officer of the Council.

This statement of operations was prepared in accordance with the accounting policies set out in Note 2, on a basis consistent with that of the preceding year. To fulfill its reporting responsibility, the Council maintains a set of accounts which provides a centralized record of the Council's financial transactions. Financial information contained in the ministerial statements and elsewhere in the Public Accounts is consistent with that in the statement of operations.

The Council's directorate of financial services develops and disseminates financial management and accounting policies, and issues directives which maintain standards of accounting and financial management. The Council maintains systems of financial management and internal control. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities, and are properly recorded to maintain accountability of Government funds and safeguard the Council's assets. Financial management and internal control systems are augmented by the maintenance of internal audit programs where frequent contacts are maintained between staffs of the Council and of the Auditor General's Office. The Council also seeks to assure the objectivity and integrity of data in its financial statement by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communications programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

The statement of operations has been examined by the Auditor General of Canada, his role being to express an informed opinion as to whether the Council's statement of operations, considered in its entirety, presents fairly, in conformity with stated accounting policies, the Council's financial transactions for the year ended March 31, 1986.

The accounting and financial statements of the Council have evolved over the years to meet changing conditions and reporting requirements both internal and external. With the implementation of an internal computerized financial reporting and control system during the 1984-85 fiscal year and the further developments and modifications initiated during the current year, the Council has realized achievements in more accurately forecasting for future initiatives and ultimately in the ongoing decision-making process through the timely provision of financial information and an overall increase in the strength of the Council's financial management and control.

AUDITOR'S REPORT

TO THE ECONOMIC COUNCIL OF CANADA
AND
THE RIGHT HONOURABLE MARTIN BRIAN MULRONEY, P.C., M.P.
PRIME MINISTER OF CANADA

I have examined the statement of operations of the Economic Council of Canada for the year ended March 31, 1986. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, this financial statement presents fairly the results of operations of the Council for the year ended March 31, 1986 in accordance with the accounting policies set out in Note 2 to the financial statement applied on a basis consistent with that of the preceding year.

NOTES TO STATEMENT OF OPERATIONS MARCH 31, 1986

1. Authority and objective

The Council was established in 1963 by the Economic Council of Canada Act and is a departmental corporation named in Schedule B to the Financial Administration Act.

The objective of the Council is to advise and recommend to the Prime Minister how Canada can achieve the highest possible levels of employment and efficient production in order that the country may enjoy a high and consistent rate of economic growth and that all Canadians may share in rising living standards.

The Council's operating expeditures are funded by a budgetary lapsing authority. Employee benefits are authorized by statutory authorities.

2. Significant accounting policies

The statement of operations has been prepared using the following accounting policies:

(a) Expenditure recognition

All expenditure is recorded on the accrual basis, in accordance with the Government's PAYE accounting policy, with the exception of termination benefits and vacation pay which are recorded on the cash basis.

(b) Capital purchases

Acquisitions of capital assets are charged to operating expenditure in the year of purchase.

(c) Estimates of amounts for services provided without charge by Government departments are included in expenditures.

(d) Refunds of previous years' expenditure

Refunds of previous years' expenditure are recorded as revenue when received and are not deducted from expenditure.

3. Parliamentary appropriations

Fisheries Prices Support Board

MANAGEMENT REPORT

We have prepared the accompanying statement of operations of the Fisheries Prices Support Board in accordance with the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in this financial statement rests with the management of the Board.

This statement of operations was prepared in accordance with the accounting policies set out in Note 2. Some of the information included in the financial statement is based on management's best estimates and judgements and gives due consideration to materiality. To fulfill its reporting responsibility, the Board maintains a set of accounts which provides a centralized record of the Board's financial transactions. Financial information contained in the departmental statements and elsewhere in the Public Accounts is consistent with that in the statement of operations, unless indicated otherwise.

The Board's financial service group develops and disseminates financial management and accounting policies, and issues directives which maintain standards of accounting and financial management. The Board maintains systems of financial management and internal control. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities, and are properly recorded to maintain accountability of Government funds and safeguard the Board's assets. Financial management and internal control systems are augmented by the maintenance of internal audit programs where frequent contacts are maintained between staffs of the Board and of the Auditor General's Office. The Board also seeks to assure the objectivity and integrity of data in its financial statement by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communications programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

NOTES TO THE STATEMENT OF OPERATIONS MARCH 31, 1986

1. Authority, objectives and operations

The Board was established in 1944 under the Fisheries Prices Support Act and is a departmental corporation named in Schedule B to the Financial Administration Act. As authorized by the Governor in Council, the Board is empowered to purchase fishery products for its own account and to make deficiency payments to producers of such products. The Act requires that the Board, in establishing purchase prices and in determining the rate at which deficiency payments are to be made, endeavour to secure a fair relationship between the returns from fisheries and those from other occupations. The Board operates through offices of the Department of Fisheries and Oceans, with departmental staff performing certain functions of the Board. Funding of Board operations is done under lapsing authority from Parliament.

2. Significant accounting policies

The statement of operations has been prepared using the following accounting policies:

(a) Expenditures are recorded for all goods and services received and/or performed up to March 31, in accordance with the Government's Payables at Year-End (PAYE) accounting policy, with the exception of termination benefits and vacation pay.

(b) Revenue is recorded on a cash basis in accordance with the Government's accounting policies.

(c) Administrative services provided without charge by the Department of Fisheries and Oceans are included in the cost of operations.

AUDITOR'S REPORT

TO THE FISHERIES PRICES SUPPORT BOARD
AND
THE HONOURABLE TOM SIDDON, P.C., M.P.
MINISTER OF FISHERIES AND OCEANS

I have examined the balance sheet of the Fisheries Prices Support Board as at March 31, 1986 and the statements of operations and changes in financial position for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Board as at March 31, 1986 and the results of its operations and the changes in its financial position for the year then ended in accordance with the accounting policies set out in Note 2 to the financial statements applied on a basis consistent with that of the preceding year.

NOTES TO FINANCIAL STATEMENTS MARCH 31, 1986

1. Authority, objectives and operations

The Board was established in 1944 under the Fisheries Prices Support Act and is a departmental corporation named in Schedule B to the Financial Administration Act. As authorized by the Governor in Council, the Board is empowered to purchase fishery products for its own account and to make deficiency payments to producers of such products. The Act requires that the Board, in establishing purchase prices and in determining the rate at which deficiency payments are to be made, endeavour to secure a fair relationship between the returns from fisheries and those from other occupations. The Board operates through offices of the Department of Fisheries and Oceans, with departmental staff performing certain functions of the Board.

2. Accounting policies

The Board follows the accrual basis of accounting.

Administrative services provided without charge by the Department of Fisheries and Oceans are included in the cost of operations.

Inventories are recorded at the lower of cost and net realizable value.

*3. Canned mackerel program

The Board acted as the procurement agent for fishery products required for international food aid and development programs administered by the Canadian International Development Agency (CIDA) and the World Food Program (WFP).

Fisheries Prices Support Board—*Concluded*

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 1986—*Concluded*

*4. Herring products program

At April 1st, 1985, the Board had 1,699,565 kg of herring products in inventory. This product was valued as of April 1st at $717,456.

The Board disposed of all its herring during the current fiscal year by the following means:

	Kg	Proceeds
		$
Repurchased by various processors in accordance with original purchase terms	99,492	110,727
Sold in non-traditional markets through agent	1,106,283	390,502
Disposal	493,790	
Total	1,699,565	501,229

The Board was represented in its sales in non-traditional markets by the Canadian Saltfish Corporation. The Canadian Saltfish Corporation received a commission of $7,969 in consideration of its participation in the Board's sales to Poland and the United Kingdom.

*5. Accounts receivable

As of April 1, 1985, the Board had $1,082,202 in trade account receivables as a result of sales of fish products. During the fiscal year $436,742 was collected in the normal manner.

Four accounts receivable totalling $645,460 were overdue as of March 31, 1986. The following action has been taken in regard to these accounts.

1. An account receivable for $168,645 has been converted from a trade account receivable to a long term receivable. A signed agreement between the producer and the Board calls for equal repayments of principal over 5 annual payments commencing in December 1987.

   The agreement calls for interest to be paid from December 1984 on the outstanding balance owed to the Board. Interest is due annually on December 31 of each year and the Board has received $21,371 in interest as of December 31, 1985. Interest earned by the Board but not paid by the producer has been accrued in these financial statements. Interest earned from January 1, 1986 to March 31, 1986 amounted to $5,361.

2. An account receivable for $199,693 has been outstanding for greater than 18 months. The company involved is in receivership and the Board has been informed that the account receivable is uncollectable. This amount has been written off to operations in the 1985-86 fiscal year.

3. Two separate accounts receivable from related companies totalling $277,121 are also currently in default. The Board is negotiating with the companies to convert these accounts to a long term receivable.

The write-off of $199,693 refers to the program initiated in fiscal 1983-84 by the Board for frozen cod blocks. Results of operations for this program were reported in the 1983-84 and 1984-85 financial statements. Final results for the 1983-84 Cod Block Program are:

	$
Loss reported in 1983-84 fiscal year	305,621
Loss reported in 1984-85 fiscal year	343,913
Write-off of account receivable in 1985-86	199,693
Total loss of 1983-84 Cod Block Program	849,227

*6. Deficiency payments

During the year, contributions in the form of deficiency payments were made by the Board to support the price of seal pelts (1985—Frozen cod products). These payments were made out of Fisheries and Oceans Vote 10.

7. Administrative services provided without charge by the Department of Fisheries and Oceans

	1986	1985
	$	$
Salaries	121,556	133,095
Travel and honoraria	9,127	11,735
Other	2,758	7,680
	133,441	152,510

* These notes are also an integral part of the statement of operations prepared on the Government's modified cash basis of accounting which precede these statements.

Medical Research Council

MANAGEMENT REPORT

We have prepared the accompanying statement of operations of the Medical Research Council in accordance with the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in this financial statement rests with the management of the Council.

This statement of operations was prepared in accordance with the accounting policies set out in Note 2, on a basis consistent with that of the preceding year. Previous year figures have been reclassified to conform to the current year's presentation. Some of the information included in the statement of operations such as the allocation of expenditure between operations and administration, is based on management's best estimates and judgements and gives due consideration to materiality. To fulfill its reporting responsibility, the Council maintains a set of accounts which provides a detailed record of the Council's financial transactions. Financial information contained in the ministerial statements and elsewhere in the Public Accounts is consistent with that in the statement of operations.

The Council's Corporate Management Branch develops and disseminates financial management and accounting policies, and issues directives which maintain standards of accounting and financial management. The Council maintains systems of financial management and internal control. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities, and are properly recorded to maintain accountability of Government funds and safeguard the Council's assets. The Council also seeks to assure the objectivity and integrity of data in its financial statement by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communications programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

The statement of operations has been examined by the Auditor General, his role being to express an informed opinion as to whether the Council's statement of operations, considered in its entirety, presents fairly, in conformity with stated accounting policies, the Council's financial transactions.

The Council has recently undertaken two major initiatives to improve its management process, namely the Program Evaluation and Internal Audit functions. Policies were developed for these functions in accordance with standards established by the Office of the Comptroller General. Evaluation of some personnel support programs was initiated in 1985-86 and audits are scheduled to begin in 1986-87.

AUDITOR'S REPORT

TO THE MEDICAL RESEARCH COUNCIL
AND
THE HONOURABLE JAKE EPP, P.C., M.P.
MINISTER OF NATIONAL HEALTH AND WELFARE

I have examined the statement of operations of the Medical Research Council for the year ended March 31, 1986. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, this financial statement presents fairly the results of operations of the Council for the year ended March 31, 1986 in accordance with the accounting policies set out in Note 2 to the financial statement applied on a basis consistent with that of the preceding year.

Raymond Dubois, C.A.
Deputy Auditor General
for the Auditor General of Canada

Approved by Management:

A. BELLIVEAU
Director, Corporate Management

NOTES TO THE STATEMENT OF OPERATIONS MARCH 31, 1986

1. Authority and objective

The Medical Research Council was established in 1969 by the Medical Research Council Act and is a departmental corporation named in Schedule B to the Financial Administration Act. The objective of the Council is to help attain the quality and scale of research in the health sciences essential to the maintenance and improvement of health services. The Council's operating and grants expenditures are funded by a budgetary lapsing authority. Employee benefits are authorized by a statutory authority.

2. Significant accounting policies

The statement of operations has been prepared using the following accounting policies:

(a) Expenditure recognition

Grants and scholarships are charged to expenditure when disbursed. All operating expenditure is recorded on the accrual basis, with the exception of termination benefits and vacation pay which are recorded on the cash basis. This practice is in accordance with the Government's policy on Payables at Year-End.

(b) Capital purchases

Acquisitions of capital assets are charged to operating expenditure in the year of purchase.

(c) Services provided without charge by Government departments

Estimates of amounts for services provided without charge by Government departments are included in expenditure.

(d) Refunds of previous years' expenditure

Refunds of previous years' expenditure are recorded as revenue when received and are not deducted from expenditure.

3. Changes in financial statement presentation

The allocation of expenditure between operations and administration groupings has been revised to more closely reflect the activities of the Council. Expenditure relating to the President's office, the meetings of the Council, its executive and standing committees, and expenditure relating to records management and the Council's management information system are now charged to operations. The net effect in 1985-86 is an increase in operating expenditure and a corresponding decrease in administration expenditure of $1,311,051.

4. Parliamentary appropriations

	1986	1985
	$	$
Department of National Health and Welfare		
Vote 80—Grants	157,776,001	153,191,000
Lapsed	76,301	1
	157,699,700	153,190,999
Vote 75—Operating expenditure	3,432,000	3,510,000
Lapsed	105,171	211,112
	3,326,829	3,298,888
Statutory contributions to employee benefit plans	304,000	310,000
Total use of appropriations	161,330,529	156,799,887

The lapse of $76,301 in Vote 80 is the result of frozen allotments imposed by the Treasury Board of Canada. The lapse of $105,171 in Vote 75 is comprised primarily of salary which accounts for 93.5% of the total.

Medical Research Council—*Concluded*

NOTES TO THE STATEMENT OF OPERATIONS
MARCH 31, 1986—*Concluded*

5. Trust funds

(a) In 1974, the Council received $75,000 from an anonymous donor to establish a fund. The interest received is used for the payment of grants for research in the fields of Dyskinesia and Torticollis. Other donations were received in prior years but were not earmarked for specific projects. The donations and interest received and grants paid are not included in the statement of operations of the Council. The transactions relating to these funds for the year ended March 31, 1986 are as follows:

	1986	1985
	$	$
Balance, beginning of year	79,079	79,603
Add: interest received	6,933	8,176
Less: grants paid	3,686	8,700
Balance, end of year, represented by deposit with Receiver General for Canada	82,326	79,079

(b) In 1985, the Council received a distinguished award entitled "The St Boniface General Hospital Research Foundation Award" which included an amount of $20,000. In recognition of the importance of the award, the Council, in agreement with the Foundation, decided to use the monetary portion of the award to establish a trust fund from which it could provide summer research scholarships to encourage graduate high school students, first year pre-med students and first and second year medical students to become involved in biomedical research. There will be two awards per year for the next five years with the recipients being chosen locally by the Foundation. The $20,000 is on deposit with the Receiver General for Canada and interest will be received starting in 1986-87. The transactions are not included in the statement of operations of the Council.

6. Commitments

The Council is committed to disburse grants and scholarships in future years subject to the provision of funds by Parliament. Future year commitments as at June 27, 1986 are as follows:

Year of Payment	1986	1985
	(in thousands of dollars)	
1985-86		150,396
1986-87	154,695	104,482
1987-88	104,765	59,821
1988-89	52,168	29,667
1989-90	21,980	14,467
1990-91	10,349	4,670
1991-92	4,349	
	348,306	363,503

7. Travel

Expenditure for travel charged to operations is related to the peer review process and was incurred by the members of 24 grant committees, 9 award committees and the staff of the Council to meet, assess and rate grant and award applications. In addition, travel expenditure incurred by the Council, its executive and standing committees and other non-staff advisory personnel is also charged to operations.

Expenditure for travel charged to administration is for the general support of the Council's administrative activities and includes meetings of ad hoc advisory groups established to study specific issues for the Council. Details are as follows:

	1986	1985
	$	$
Operations:		
Grant committees	359,184	348,215
Award committees	64,979	40,942
Council/executive	37,504	35,698
Standing committees	40,368	57,969
Other non-staff	7,137	16,902
Staff	58,806	42,624
	567,978	542,350
Administration:		
Advisory groups	54,016	17,282
Staff	30,962	25,539
	84,978	42,821

All members of the Council and the committees listed above serve without remuneration. Only their travel expenses are reimbursed by the Council.

National Museums of Canada

MANAGEMENT REPORT

We have prepared the accompanying statement of operations of the National Museums of Canada in accordance with the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in this financial statement rests with the management of the Corporation. In order to assure maximum objectivity and freedom from bias, the financial data contained in this financial statement was derived from the financial statements as of March 31, 1986 as published in the annual report of the Corporation and that were audited by the Auditor General of Canada.

This statement of operations was prepared in accordance with the accounting policies set out in Note 2. Some of the information included in the financial statement is based on management's best estimates and judgements and gives due consideration to materiality. To fulfill its reporting responsibility, the Corporation maintains a set of accounts which provides a centralized record of the Corporation's financial transactions. Financial information contained in the departmental statements and elsewhere in the Public Accounts is consistent with that in the statement of operations, unless indicated otherwise.

The Corporation directorate of financial services develops and disseminates financial management and accounting policies, and issues directives which maintain standards of accounting and financial management. The Corporation maintains systems of financial management and internal control. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities, and are properly recorded to maintain accountability of Government funds and safeguard the Corporation's assets. Financial management and internal control systems are augmented by frequent contacts between staffs of the Corporation and of the Auditor General's Office. The Corporation also seeks to assure the objectivity and integrity of data in its financial statement by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communications programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED MARCH 31, 1986

1. Authority and objectives

The National Museums of Canada was established by the National Museums Act in 1968 and is a departmental corporation named in Schedule B to the Financial Administration Act.

The Corporation's objective is to demonstrate, and to assist others to demonstrate, the products of nature and culture, with particular but not exclusive reference to Canada, so as to increase interest in and to disseminate knowledge of Canada's natural and cultural legacy for the enrichment of present and future generations.

The Corporation's operations comprise the National Gallery of Canada, the National Museum of Man, the National Museum of Natural Sciences, the National Museum of Science and Technology, National Programmes, Corporate Management and Corporate Services.

Operations and grants and contributions are funded by budgetary lapsing authorities and employee benefits are authorized by statutory authorities.

2. Accounting policies

(a) Expenditure

Expenditure is accounted for on the accrual basis of accounting, except for employee termination benefits, vacation pay, and trust account transactions which are accounted for on the cash basis of accounting.

(b) Revenue

Revenue is accounted for on the cash basis of accounting in accordance with Government of Canada accounting policies.

(c) Capital purchases

Capital acquisitions are charged to operating expenditure in the year of purchase.

(d) Services provided without charge

Estimated amounts for services provided without charge by Government departments are included in the operating expenditure.

(e) Refunds of previous years' expenditure

Refunds of previous years' expenditure are recorded as revenue when received and are not deducted from expenditure.

(f) Pension plan

The employees of the Corporation participate in the Public Service Superannuation Plan administered by the Government of Canada. The employees and the Corporation contribute equally to the cost of the plan. Contributions in respect of current service are expensed during the year in which services are rendered. With respect to past service, contributions are expensed when paid.

(g) Publishing and boutiques operations

Operating expenditure of publishing and boutiques do not include costs relating to personnel, travel, building maintenance, rent and utilities. These costs are included as general operating expenses.

Lapsed	(2,722,291)		(2,722,291)	(1,133,177)
Deferred	(1,042,229)		(1,042,229)	(545,277)
	60,797,913	958,305	59,839,608	59,887,224
Vote 80 (75 in 1985)	8,852,700		8,852,700	8,567,700
Lapsed	(518,122)		(518,122)	
	8,334,578		8,334,578	8,567,700
Statutory—Provincial Court award				141,186
Statutory—Contributions to employee benefit plans	5,738,004		5,738,004	5,127,000
Total use of appropriations	74,870,495	958,305	73,912,190	73,723,110

4. Inventories

Inventories are valued at the lower of cost and net realizable value, except for the cost of books and pamphlets which is written down on a straight-line basis over a five-year period to take into account obsolescence.

Inventories on hand to year-end are as follows:

	1986	1985
	(in thousands of dollars)	
Books, pamphlets, replicas, etc.	898	952
Publications in process	384	559
	1,282	1,511

5. Fixed assets and accumulated depreciation

Had the previous accounting policies of the Corporation, continued with respect to the capitalization of fixed assets and recording depreciation, the balances would be as follows:

Fixed assets	Balance at beginning of year	Acquisitions	Disposals	Balance at end of year
	(in thousands of dollars)			
Leasehold improvements	4,965			4,965
Furniture and equipment	9,358	1,684	1,261	9,781
Electronic data processing equipment	1,067	285		1,352
Automotive	1,023	206	68	1,161
	16,413	2,175	1,329	17,259

Accumulated depreciation	Balance at beginning of year	Depreciation	Decrease	Balance at end of year
	(in thousands of dollars)			
Leasehold improvements	1,817	199		2,016
Furniture and equipment	4,825	1,254	1,261	4,818
Electronic data processing equipment	305	270		575
Automotive	467	232	68	631
	7,414	1,955	1,329	8,040

Useful lives have been estimated as follows:

Leasehold improvements	Term of the lease
Furniture and equipment	5-12 years
Electronic data processing equipment	5 years
Automotive	5 years

6. Purchase of objects for the collections of the Corporation

AUDITOR'S REPORT

TO THE CHAIRMAN OF THE BOARD OF TRUSTEES
OF THE NATIONAL MUSEUMS OF CANADA

I have examined the balance sheet of National Museums of Canada as at March 31, 1986 and the statements of operations, equity and changes in financial position for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Corporation as at March 31, 1986 and the results of its operations and the changes in its financial position for the year then ended in accordance with the accounting policies set out in Note 2 to the financial statements applied on a basis consistent with that of the preceding year.

Parliamentary appropriations	73,924	73,583

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 1986

1. Authority, objective and operations

The National Museums of Canada was established by the National Museums Act in 1968 and is a departmental corporation named in Schedule B to the Financial Administration Act.

The Corporation's objective is to demonstrate, and to assist others to demonstrate, the products of nature and culture, with particular but not exclusive reference to Canada, so as to increase interest in and to disseminate knowledge of Canada's natural and cultural legacy for the enrichment of present and future generations.

The Corporation's operations comprise the National Gallery of Canada, the National Museum of Man, the National Museum of Natural Sciences, the National Museum of Science and Technology, National Programmes, Corporate Management and Corporate Services.

2. Accounting policies

(a) Basis of accounting

Expenses and revenue are accounted for using the accrual basis of accounting, except for refunds of previous year's expenditure and the trust account which are recorded on a cash basis. Parliamentary appropriations are recorded in the year to which they apply.

(b) Inventories

Inventories are valued at the lower of cost and net realizable value, except for the cost of books and pamphlets which is written down on a straight-line basis over a five-year period to take into account obsolescence.

National Museums of Canada—*Continued*

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 1986—*Continued*

(c) Property and equipment

Property and equipment are carried at cost and depreciated using the straight-line method over their estimated useful lives as follows:

Equipment	5 to 12 years
Building renovations	25 years
Office furniture	5 to 10 years

(d) Collections

Collections constitute the major portion of the Corporation's assets but are shown at a nominal value of $1,000 on the balance sheet because of the practical difficulties in reflecting them at a meaningful value. Objects purchased for the collections of the Corporation are recorded as expenses in the year of acquisition. Objects donated to the Corporation are not recorded in the books of accounts.

(e) Services provided without charge

Amounts for services provided without charge by Government departments are included in operating expenses.

(f) Pension plan

The employees of the Corporation participate in the Public Service Superannuation Plan administered by the Government of Canada. The employees and the Corporation contribute equally to the cost of the Plan. This contribution represents the total liability of the Corporation. Contributions in respect of current service are expensed during the year in which services are rendered. With respect to admissible past service, contributions are expensed when paid; the terms of payment are set by the applicable purchase conditions.

(g) Publishing and boutiques operations

Operating expenses of publishing and boutiques do not include costs relating to personnel, travel, building maintenance, rent and utilities. These costs are included as general operating expenses.

(h) Employee termination benefits

On termination of employment, employees of the Corporation are entitled to certain benefits provided for under their collective agreement and their conditions of employment. The cost of these benefits is expensed in the year in which they are earned.

3. Inventories

	1986	1985
	(in thousands of dollars)	
Books, pamphlets, replicas and other materials	898	952
Publications in process	384	559
	1,282	1,511

4. Property and equipment

	1986			1985
	Cost	Accumulated depreciation	Net book value	Net book value
	(in thousands of dollars)			
Equipment	8,400	4,145	4,255	3,719
Building renovations	4,965	2,016	2,949	3,148
Office furniture	3,913	1,879	2,034	2,132
	17,278	8,040	9,238	8,999

5. Parliamentary appropriations

	Operating expenditures		Grants and contributions	
	1986	1985	1986	1985
	(in thousands of dollars)			
Department of Communications				
Vote 75 (70 in 1985)	62,877	60,018		
Vote 80 (75 in 1985)			8,853	8,568
Deferred from the previous year	544	845		
Supplemented by Treasury Board				
Vote 5		331		
Vote 10	182	261		
Vote 30		110		
	63,603	61,565	8,853	8,568
Amount lapsed	(2,711)	(1,133)	(518)	
Amount deferred	(1,041)	(544)		
Amount used	59,851	59,888	8,335	8,568

The amount deferred represents the funds available for the purchase of objects for the collections of the Corporation until the end of the next year.

Vote 75 (1985—Vote 70) includes an amount of $816,000 (1985—$1,073,000) for planning the occupancy of the new museums.

National Research Council of Canada

MANAGEMENT REPORT

We have prepared the accompanying statement of operations of the National Research Council of Canada in accordance with the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in this financial statement rests with the management of the Council.

This statement of operations was prepared in accordance with the accounting policies set out in Note 2, on a basis consistent with that of the preceding year. Some of the information included in the financial statement is based on management's best estimates and judgements and gives due consideration to materiality. To fulfill its reporting responsibility, the Council maintains a set of accounts which provides a centralized record of the Council's financial transactions. Financial information contained in the departmental statements and elsewhere in the Public Accounts is consistent with that in the statement of operations, unless indicated otherwise.

The Council's finance division develops and disseminates financial management and accounting policies, and issues directives which maintain standards of accounting and financial management. The Council maintains systems of financial management and internal control. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities, and are properly recorded to maintain accountability of Government funds and safeguard of the Council's assets. Financial management and internal control systems are augmented by the maintenance of internal audit programs where frequent contacts are maintained between staffs of the Council and of the Auditor General's Office. The Council also seeks to assure the objectivity and integrity of data in its financial statement by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communications programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

The accounting systems and financial statements of the Council have evolved over the years to meet changing conditions and requirements. One area of heightened activity this past year has been that of cash management. The Council's finance division, in conjunction with the central agencies, has undertaken a program to improve cash management practices and in so doing is examining ways to accelerate the collection of monies and conversely, ensure that payment of invoices are not made earlier than required.

Towards this end, systems have been modified to accommodate the Government's new payment on due date policy. A project to redevelop and upgrade the existing automated accounts receivable system was initiated with the view to improve account management and speed up the collection process. The new system is to be operational in December 1986. A second project, introducing the acceptance of credit cards as a means of paying for National Research Council (NRC) products and services, is proceeding. Actual acceptance of the cards will begin in October 1986.

The accompanying notes are an integral part of this statement.

National Research Council of Canada—*Concluded*

NOTES TO THE STATEMENT OF OPERATIONS
MARCH 31, 1986

1. Authority and objective

The National Research Council of Canada was established under the National Research Council Act 1966-67 and is a departmental corporation named in Schedule B to the Financial Administration Act. The objectives of the Council are to create, acquire and promote the application of scientific and engineering knowledge to meet Canadian needs for economic, regional and social development and to promote and provide for the use of scientific and technical information by the people and Government of Canada to meet Canadian needs for economic, regional and social development. The Council's operating, capital and grant expenditures are funded through budgetary lapsing appropriations and revenue credited to vote. Employee benefits are authorized by a statutory authority.

2. Significant accounting policies

The statement of operations has been prepared using the following accounting policies:

(a) Expenditure recognition

All expenditure is recorded on the accrual basis, in accordance with the Government's PAYE accounting policy, with the exception of termination benefits and vacation pay which are recorded on the cash basis.

(b) Revenue recognition

Revenue is recorded on a cash receipts basis in accordance with the Government's accounting policies.

(c) Capital purchases

Acquisitions of capital assets are charged to operating expenditure in the year of purchase.

(d) Estimates of amounts for services provided without charge from Government departments are included in expenditures.

(e) Refunds of previous years' expenditure

Refunds of previous years' expenditure are recorded as revenue when received and are not deducted from expenditures.

3. Parliamentary appropriations

	1986			1985
	Gross	Credits	Net	Net
	$	$	$	$
Vote 5	208,397,000	11,750,000	196,647,000	218,408,439

Total use of appropriations	434,659,676	17,638,833	417,020,843	467,958,700

4. Accounts receivable

At year end, accounts receivable from the provision of services and sales of publications are as follows:

	1986	1985
	$	$
Current:		
Outside parties	716,599	364,537
Government of Canada	3,616	17,227
	720,215	381,764

5. Trust accounts

The Council keeps in trust monies received from the Canadian Biological Society and the Shanghai Institute of Cell Biology.

	1986	1985
	$	$
Balance, beginning of year	24,999	23,049
Less: payments made	43,866	34,914
Add: monies received	82,454	36,864
Balance, end of year	63,587	24,999

6. Contingent liabilities

In connection with its operations the Council is a defendant in certain cases of litigation. It is estimated that pending and threatened litigation amount to $186,359.

Natural Sciences and Engineering Research Council

MANAGEMENT REPORT

We have prepared the accompanying statement of operations of the Natural Sciences and Engineering Research Council in accordance with the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in this financial statement rests with the management of the Council.

This statement of operations was prepared in accordance with the accounting policies set out in Note 2, on a basis consistent with that of the preceding year. Previous year figures have been reclassified to conform to the current year's presentation. Some of the information included in the financial statement is based on management's best estimates and judgements and gives due consideration to materiality. To fulfill its reporting responsibility, the Council maintains a set of accounts which provides a centralized record of the Council's financial transactions. Financial information contained in the departmental statements and elsewhere in the Public Accounts is consistent with that in the statement of operations, unless indicated otherwise.

The Council's directorate of finance and administration develops and disseminates financial management and accounting policies, and issues directives which maintain standards of accounting and financial management. The Council maintains systems of financial management and internal control. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities, and are properly recorded to maintain accountability of Government funds and safeguard the Council's assets. Financial management and internal control systems are augmented by the maintenance of internal audit programs. The Council also seeks to assure the objectivity and integrity of data in its financial statement by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communications programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

The statement of operations has been examined by the Auditor General, his role being to express an informed opinion as to whether the Council's statement of operations, considered in its entirety, presents fairly, in conformity with stated accounting policies, the Council's financial transactions.

The accounting system and financial statement of the Council have evolved over the years to meet the changes in the structure of the grants and scholarships programs and to give improved reporting and control of expenditures relating to those programs.

AUDITOR'S REPORT

TO THE NATURAL SCIENCES AND
ENGINEERING RESEARCH COUNCIL
AND
THE HONOURABLE FRANK OBERLE, P.C., M.P.
MINISTER OF STATE FOR SCIENCE AND TECHNOLOGY

I have examined the statement of operations of the Natural Sciences and Engineering Research Council for the year ended March 31, 1986. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, this financial statement presents fairly the expenditure and revenue of the Council for the year ended March 31, 1986 in accordance with the accounting policies set out in Note 2 to the financial statement, applied on a basis consistent with that of the preceding year.

Kenneth M. Dye, F.C.A.
Auditor General of Canada

NOTES TO THE STATEMENT OF OPERATIONS MARCH 31, 1986

1. Authority and objective

The Council was established in 1978 by the Natural Sciences and Engineering Research Council Act, and is a departmental corporation named in Schedule B to the Financial Administration Act. Its objective is to promote and support the development and maintenance of research and the provision of highly qualified manpower in the natural sciences and engineering. The Council's grants and scholarships and operating expenditures are funded by a budgetary lapsing authority. Employee benefits are authorized by a statutory authority.

2. Significant accounting policies

The statement of operations has been prepared using the following accounting policies:

(a) Expenditure recognition

Grants and scholarships are charged to expenditure as disbursed. All other expenditure is recorded on the accrual basis, in accordance with the Government's PAYE accounting policy, with the exception of termination benefits and vacation pay which are recorded on the cash basis.

(b) Capital purchases

Acquisitions of capital assets are charged to operating expenditure in the year of purchase.

(c) Estimates of amounts for services provided without charge from Government departments and agencies are included in expenditures.

(d) Refund of previous years' expenditure

Refund of previous years' expenditure are recorded as revenue when received and are not deducted from expenditure. These funds are remitted to the Receiver General for Canada.

(e) Employees are covered by the Public Service Superannuation Plan administered by the Government of Canada. Contributions to the Plan are required from both the employee and the Council. Contributions with respect to current service are expensed in the current period. Contributions with respect to past service benefits are expensed when paid, generally over the remaining service lives of the employees.

4. Commitments

As at year end the Council had the following commitments in respect of grants and scholarships which have been approved for payment in future years, subject to the provision of funds by Parliament and final approval by the Council:

	March 31	
	1986	1985
	(in millions of dollars)	
Year of payment		
1985-86		266.8
1986-87	273.5	135.6
1987-88	147.9	63.0
1988-89	71.9	6.5
1989-90	9.3	3.3
1990-91	3.4	
	506.0	475.2

5. Grants and scholarships administered and disbursed for Government departments, agencies and organizations outside the Government

Grants and scholarships administered and disbursed by the Council on behalf of Government departments, agencies and organizations outside the Government, which are not included in the statement of operations, are detailed in Schedule II. Most of these disbursements are made by the Council from lapsing funds entrusted to it by Government departments and agencies.

At March 31, 1986, the Council held in trust for two organizations outside the Government (NATO and AECL) grants and scholarships funds amounting to $108,761 (1985—$97,006).

6. Donation trust fund

This account records monies, securities or other property received by way of gift, bequest or otherwise as approved by the Council. Donations are received and funds are paid out subject to the terms upon which such monies are given, bequested or otherwise made available to the Council.

Science Council of Canada

MANAGEMENT REPORT

We have prepared the accompanying statement of operations of the Science Council of Canada (hereafter called Council) in accordance with the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in this financial statement rests with the management of the Council.

This statement of operations was prepared in accordance with the accounting policies as set out in Note 2, on a basis consistent with that of the preceding year. Previous year figures have been reclassified to conform to the current year's presentation. Some of the information included in the financial statement is based on management's best estimates and judgements and gives due consideration to materiality. To fulfill its reporting responsibility, the Council maintains a set of accounts which provides a centralized record of the Council's financial transactions. Financial information contained in the departmental statements and elsewhere in the Public Accounts is consistent with that in the statement of operations, unless indicated otherwise.

The Council's financial section develops and disseminates financial management and accounting policies, and issues directives which maintain standards of accounting and financial management. The Council maintains systems of financial management and internal control. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities and are properly recorded to maintain accountability of Government funds and safeguard the Council's assets. Financial management and internal control systems are augmented by the maintenance of internal audit programs where frequent contacts are maintained between staffs of the Council and of the Auditor General's Office. The Council also seeks to assure the objectivity and integrity of data in its financial statement by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communications programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

The statement of operations has been examined by the Auditor General, his role being to express an informed opinion as to whether Council's statement of operations, considered in its entirety, presents fairly, in conformity with stated accounting policies, the Council's financial transactions.

The accounting system and financial statement of the Council have evolved over the years to meet changing conditions. The Council is constantly reviewing its policies and practices in order to improve its standards of accounting and financial management.

AUDITOR'S REPORT

TO THE SCIENCE COUNCIL OF CANADA
AND
THE HONOURABLE FRANK OBERLE, P.C., M.P.
MINISTER OF STATE FOR SCIENCE AND TECHNOLOGY

I have examined the statement of operations of the Science Council of Canada for the year ended March 31, 1986. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, this financial statement presents fairly the results of operations of the Council for the year ended March 31, 1986 in accordance with the accounting policies set out in Note 2 to the financial statement applied on a basis consistent with that of the preceding year.

D. Larry Meyers, F.C.A.
Deputy Auditor General

Science Council of Canada—*Concluded*

NOTES TO THE STATEMENT OF OPERATIONS
MARCH 31, 1986

1. Authority and objective

The Council was established in 1966 by the Science Council of Canada Act and is a departmental corporation named in Schedule B to the Financial Administration Act. The Council's operating expenditures are funded by a budgetary lapsing authority. Employee benefits are authorized by a statutory authority.

The objective of the Council is to assess Canada's scientific and technological requirements, to increase public awareness of these requirements and of the interdependence of various groups in society in the development and use of science and technology, and to advise the Government on the best use of science and technology.

2. Accounting policies

(a) Expenditure recognition

All expenditure is recorded on the accrual basis, in accordance with the Government's PAYE accounting policy, with the exception of termination benefits and vacation pay which are recorded on the cash basis.

(b) Capital purchases

Acquisitions of office furniture and equipment are charged to expenditure in the year of purchase.

(c) Contributions to the Public Service Superannuation Plan

Employees participate in the Public Service Superannuation Plan administered by the Government of Canada. The employees and the Council contribute equally to the cost of the Plan. Contributions by the Council are charged to expenditure on a current basis.

(d) Services provided without charge

Estimated amounts for services provided without charge by Government departments are included in expenditure.

(e) Refunds of previous years' expenditure

Refunds of previous years' expenditure are recorded as non-tax revenue when received and are not deducted from expenditure.

3. Parliamentary appropriations

	1986	1985
	$	$
Ministry of State for Science and Technology		
Vote 35	4,587,862	4,513,862
Lapsed	698,898	107,061
	3,888,964	4,406,801
Statutory contributions to employee benefit plans	413,000	390,000
Total use of appropriations	4,301,964	4,796,801

4. Employee termination benefits

During 1985-86, the Council spent $687,960 on employee termination benefits in the following areas:

	1986	1985
	$	$
Severance pay	194,507	32,423
Other termination benefits	493,453	
Total	687,960	32,423

Other termination benefits include payments to 27 employees under Treasury Board's early retirement program and under the Council's offer to laid-off employees. The offer consisted of up to 6 months' salary as termination pay. These expenses are not expected to recur in future fiscal years.

5. Overpayment of contributions to employee benefit plans

Salary and employee benefits contains an amount of $413,000 paid as "Contributions to employee benefit plans". This amount is paid from a statutory vote and equals 14% of the Council's estimate of salaries and wages as shown in the 1985-86 Estimates plus an adjustment at year end. In 1985-86 this adjustment amounted to $39,000 and equaled 10.4% of the original assessment.

It is the Council's opinion that the actual total contribution should have been $324,000 instead of $413,000. This would reduce the expenditure for salaries and employee benefits by $89,000 and thereby reducing the Council's "Net cost of operations" to $4,714,000. This difference is largely due to the Treasury Board's method of calculating employee benefit plans which does not take into account the reduction in salaries and wages paid by the Council in 1985-86.

Social Sciences and Humanities Research Council

MANAGEMENT REPORT

We have prepared the accompanying statement of operations of the Social Sciences and Humanities Research Council for the year ended March 31, 1986 in accordance with the accounting policies on a basis consistent with that of the preceding year.

The primary responsibility for the integrity and objectivity of data in this financial statement rests with the management of the Council. Some of the information included in the financial statement is based on management's best estimates and judgements and gives due consideration to materiality. To fulfill its reporting responsibility, the Council maintains a set of accounts which provides a centralized record of the Council's financial transactions. Financial information contained in the statements and elsewhere in the Public Accounts is consistent with the information presented in the statement of operations, unless indicated otherwise.

The Council's directorate of financial and administrative services develops and disseminates financial management and accounting policies, and issues directives which maintain standards of accounting and financial management. The Council maintains systems of financial management and internal control. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities, and are properly recorded to maintain accountability of Government funds and safeguard of Council's assets. Financial management and internal control systems are augmented by the maintenance of an internal audit program whose results are reported to an Audit and Evaluation Committee. This Committee is composed of Council members. Council activities are subject to a yearly audit by the Auditor General. The Council also seeks to assure the objectivity and integrity of data in its financial statement by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate division of responsibility, and by communications programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

The statement of operations has been examined by the Auditor General, his role being to express an informed opinion as to whether the Council's statement of operations, considered in its entirety, presents fairly, in conformity with stated accounting policies, the Council's financial transactions.

NOTES TO THE STATEMENT OF OPERATIONS
MARCH 31, 1986

1. Authority and objective

The Council was established in 1977 by the Social Sciences and Humanities Research Council Act and is a departmental corporation named in Schedule B to the Financial Administration Act. The objective of the Council is to promote and assist research and scholarship in the social sciences and humanities.

The operating and grant expenditures are funded by budgetary lapsing authorities. Employee benefit plans contributions are authorized by a statutory authority.

2. Accounting policies

The statement of operations has been prepared using the following accounting policies:

(a) Expenditure recognition

Grants are charged to expenditure when disbursed. Operating expenditure is recorded on an accrual basis, in accordance with the Government's PAYE accounting policy, except for employee termination benefits and vacation pay which are recorded on the cash basis.

(b) Capital purchases

Acquisition of office furniture and equipment is recorded as operating expenditure in the year of purchase.

(c) Services provided without charge by other departments

Estimates of amounts for services provided without charge by Government departments are included in operating expenditure.

(d) Refunds of previous years' expenditure

Refunds of previous years' expenditure are recorded as revenue when received and are not deducted from expenditure.

(e) Pension plan

Employees participate in the Public Service Superannuation Plan administered by the Government of Canada. The employees and the Council contribute equally to the cost of the Plan. Council's contributions are charged to expenditure on a current basis.

3. Changes in financial statement presentation

The financial statement presentation has been changed in 1986 to comply to new standards of presentation required by the Receiver General for Canada, and to display more clearly the nature of Council's activities. Operating expenditures are now segregated between operations and administration.

Charged to operations is expenditure relating to Council and its committees, evaluation and general processing of applications for grants and scholarships.

Charged to administration is expenditure relating to the Council's administrative and support services such as management systems, finance, administration and personnel.

Figures for 1985, presented for comparative purposes, have been restated to conform to the 1986 presentation.

Social Sciences and Humanities Research Council—*Concluded*

NOTES TO THE STATEMENT OF OPERATIONS MARCH 31, 1986—*Concluded*

4. Parliamentary appropriations

Parliamentary appropriations are recorded when used and any amount not used lapses in accordance with Section 30 of the Financial Administration Act. Appropriations are as follows:

	Grants		Operating expenditure	
	1986	1985	1986	1985
	(in thousands of dollars)			
Department of Communications				
Main Estimates				
Vote 90		51,329		
Vote 85				5,127
Secretary of State				
Main Estimates				
Vote 45	54,624			
Vote 40			5,762	
Supplementary Estimates (B)				
Votes 55 and 50		5,430		470
Supplementary Estimates (C)				
Votes 55 and 50		250		(250)
Supplementary Estimates (C)				
Vote 45	2,900			
Contributions to employee benefit plans			546	510
	57,524	57,009	6,308	5,857
Amounts lapsed				
Amount not used	(290)		(265)	(5)
Reserve allotment			(67)	
Amount spent	57,234	57,009	5,976	5,852

5. Supplementary information

(a) Accounts receivable

Accounts receivable from award holders amounting to $77,059 (1985—$94,964) are not included in the statement of operations.

(b) Queen's Fellowship Fund

The Queen's Fellowship Fund consists of $250,000 which has been deposited in an interest bearing trust account. The interest earned is used for fellowships to graduate students in certain fields of Canadian studies. The operations of the Fund, which are not included in the statement of operations, are as follows:

	1986	1985
	(in thousands of dollars)	
Balance, beginning of year	312	329
Add—Interest earned	27	33
Less—Fellowships paid	(44)	(50)
Balance, end of year, represented by deposits in the Consolidated Revenue Fund, in the name of the Council	295	312

For 1986, included in the year end balance is an amount receivable from the Department of Finance of $25,274 for interest earned.

(c) Special Trust Fund

An anonymous donation of $50,000 was made to the Council, for the creation and administration, in 1986 and 1987, of two special postdoctoral fellowships for research in sociology on urban poverty in Canada. The operations of this special trust fund, which are not included in the statement of operations, are as follows:

	1986	1985
	(in thousands of dollars)	
Balance, beginning of year	25	
Add—Donation received	25	25
—Interest earned	3	
Less—Fellowship paid	(12)	
Balance, end of year, represented by deposits in the Consolidated Revenue Fund, in the name of the Council	41	25

For 1986, included in the year end balance is an amount receivable from the Department of Finance of $1,508 for interest earned.

6. Commitments

Payment of grants and scholarships extending in future years are subject to the provision of funds by Parliament. Future years awards approved prior to March 31, 1986 are payable as follows:

	(in millions of dollars)
1987	53.3
1988	11.3
Subsequent years	7.8
	72.4

The Director, The Veterans' Land Act

THE DIRECTOR, THE VETERANS' LAND ACT IS A DEPARTMENTAL CORPORATION NAMED IN SCHEDULE B TO THE FINANCIAL ADMINISTRATION ACT. NO REVENUE AND EXPENDITURE HAVE BEEN INCURRED IN THIS FISCAL PERIOD AND AS A RESULT, NO FINANCIAL STATEMENTS HAVE BEEN PRODUCED FOR THE PUBLIC ACCOUNTS.

The National Battlefields Commission

MANAGEMENT REPORT

We have prepared the accompanying statement of operations of the National Battlefields Commission in accordance with the reporting requirements and standards of the Receiver General for Canada. Management is responsible for the integrity and objectivity of the financial information in this report. The role of the commissioners is to ensure that management fulfills its duty regarding financial information and internal control.

This statement of operations was prepared according to the accounting policies set out in Note 2 on a basis consistent with that of the preceding period. Some of the information included in the financial statement is based on management's best estimates and judgments and gives due consideration to materiality. To fulfill its reporting responsibility management maintains a system of internal control to assure that the financial information is reliable and that the assets are safeguarded. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities, and are properly recorded to maintain accountability of Government funds. Financial information contained in the departmental statements and elsewhere in the Public Accounts is consistent with that in the statement of operations, unless indicated otherwise.

The Auditor General performed an audit on the financial statements for the 12 months ended March 31, 1986 according to generally accepted auditing standards, his role being to express on informed opinion to see if the financial statement presents fairly the results of operations of the National Battlefields Commission for this period. The opinion of the Auditor General is attached.

AUDITOR'S REPORT

TO THE MINISTER OF THE ENVIRONMENT

I have examined the statement of operations of The National Battlefields Commission for the year ended March 31, 1986. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, this financial statement presents fairly the results of the operations of the Commission for the year ended March 31, 1986 in accordance with the accounting policies set out in Note 2 to the statement of operations applied on a basis consistent with that of the preceding period.

Raymond Dubois, C.A.
Deputy Auditor General
for the Auditor General of Canada

Ottawa, Canada

FERNAND TREMBLAY
Chairman

The National Battlefields Commission—*Concluded*

NOTES TO THE STATEMENT OF OPERATIONS
MARCH 31, 1986

1. Authority and objectives

The Commission was established in 1908 under an Act respecting The National Battlefields at Quebec for the purpose of acquiring, preserving and developing an historic battlefields park at Quebec.

The Commission is a departmental corporation named in Schedule B to the Financial Administration Act.

2. Significant accounting policies

The statement of operations has been prepared in accordance with the following accounting policies:

(a) Expenditures are recorded on an accrual basis, except for employee termination benefits and annual leaves which are accounted for when paid.

(b) Acquisitions of fixed assets, supplies and small tools are charged to expenditures.

(c) Expenditures include estimated amounts for services provided without charge by Government departments.

(d) Receipts are recorded on a cash basis.

(e) Contributions to the superannuation plan administered by the Government of Canada, in respect of current and admissible past services, are charged to expenditures when paid. All employees of the Commission participate in this plan. The employees and the Commission contribute equally to the cost of the plan. This contribution represents the total liability of the Commission under the plan.

3. Parliamentary appropriation

Parliament voted an appropriation of $2,909,000 to the Commission for its activities of the year ended March 31, 1986, of which $2,776,733 has been used. The unused balance of $132,267 has lapsed.

4. Fixed assets

The cost of fixed assets under the responsibility of the Commission is as follows:

	March 31, 1985	Additions	Disposals	March 31, 1986
	$	$	$	$
Land	724,710			724,710
Roadways, driveways and landscaping	1,002,219	9,175	110	1,011,284
Buildings	297,425	2,511		299,936
Equipment	858,878	36,270	19,070	876,078
	2,883,232	47,956	19,180	2,912,008

5. Special land purchase fund

Funds have been received from provincial and municipal governments and other administrations for the specific purpose of acquiring certain lands. These funds, together with revenue earned from the investment of such funds, are recorded in a special fund. As at March 31, 1986, the balance of this special fund amounts to $122,760 and is on deposit with the Receiver General for Canada. Interest earned during the year then ended amounted to $12,020.

6. Real estate taxes

It has been decided to retain the exemption from grants in lieu of real estate taxes on federally owned park land in urban areas contained in the Municipal Grants Act. To compensate for the cessation of grants previously paid, the Treasury Board has approved ex-gratia payments corresponding to the 1985 municipal taxes for the year 1985-86, no more than 2/3 of those taxes for the year 1986-87 and no more than 1/3 of those taxes for the year 1987-88, with payments to cease thereafter.

7. Fines and penalties

Since June 1985, fines and penalties levied for violations on the territory of the Commission are remitted by the courts directly to the Department of Justice and deposited into the Consolidated Revenue Fund. Amounts thus remitted to March 31, 1986 totalled $39,360.

8. Contractual obligation

In the course of its activities, the Commission has entered into a maintenance contract extending over the next two years, calling for payments as follows:

	$
1986-87	111,640
1987-88	117,122

9. Contingent liabilities

In connection with its operations, the Commission is the defendant in certain pending claims and lawsuits. It is the opinion of management that these actions will not result in any material liabilities to the Commission.

10. Comparative figures

The comparative figures for the twelve months ended March 31, 1985 include those for the five months ended August 31, 1984, when the Commission was a Crown corporation, and those for the seven months ended March 31, 1985, all being presented in accordance with the accounting policies followed since September 1, 1984. Also, certain figures for the previous year were reclassified to conform to current year's presentation.

FINANCIAL STATEMENTS OF OTHER ENTITIES

Agricultural Products Board

MANAGEMENT REPORT

In connection with the recording of financial transactions in the accounts of Canada and the reporting of financial information to be included in the Public Accounts, relating to Agricultural Products Board for the year ended March 31, 1986, we make the following representations, based on the best of our knowledge and belief.

We have prepared the accompanying statement of operations of the Agricultural Products Board in accordance with the reporting requirements and standards of the Receiver General for Canada, the responsability for the integrity and objectivity of data in this financial statement resting with the Board.

This statement of operations was prepared in accordance with the accounting policies set out in Note 2, on a basis consistent with that of the preceding year. Some of the information included in the financial statement is based on management's best estimates and judgements and gives due consideration to materiality. To fulfill its reporting responsibility, the Board maintains a set of accounts which provides a centralized record of the Corporation's financial transactions. Financial information contained in the departmental statements and elsewhere in the Public Accounts is consistent with that in the statement of operations, unless indicated otherwise.

The Board maintains systems of financial management and internal control. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities, and are properly recorded to maintain accountability of Government funds and safeguard the Board's assets. Financial management and internal control systems are augmented by the maintenance of internal audit programs where frequent contacts are maintained between staff of Agriculture Canada and that of the Office of the Auditor General. The Board also seeks to assure the objectivity and integrity of data in its financial statement by the selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communications programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

NOTES TO THE STATEMENT OF OPERATIONS
MARCH 31, 1986

1. Authority and objective

The Board which was established in 1951 and operates under the authority of the Agricultural Products Act, R.S., c. A-5, consists of a chairman and two members appointed by the Governor in Council.

The objective of the Board is to stabilize the prices of agricultural commodities through the purchase and sale of surplus commodities in times of depressed markets.

The Board's operations are funded by a budgetary appropriation through the Department of Agriculture.

2. Significant accounting policies

The statement of operations has been prepared using the following accounting policies:

(a) Expenditure recognition

All expenditure is recorded on the accrual basis.

(b) Revenue recognition

Revenue is recorded on the cash receipts basis in accordance with the Government's accounting policies.

(c) Estimates of amounts for services provided without charge from Government departments are included in expenditures.

3. Parliamentary appropriation

	1986	1985
	$	$
Department of Agriculture		
Vote 5	8,219,781	14,791,692
Total use of appropriation	8,219,781	14,791,692

4. Accounts and notes receivable

At March 31, accounts and notes receivable were as follows:

	1986	1985
	$	$
Current—Trade	1,509,620	1,423,339
Province of Ontario	894,119	2,000,000

AUDITOR'S REPORT

THE HONOURABLE JOHN WISE, P.C., M.P.
MINISTER OF AGRICULTURE

I have examined the balance sheet of the Agricultural Products Board as at March 31, 1986 and the statements of operations and equity for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Board as at March 31, 1986 and the results of its operations and the changes in its equity for the year then ended in accordance with the accounting policies set out in Note 2 to the financial statements applied on a basis consistent with that of the preceding year.

I wish to bring to your attention that, as explained in Note 6, the Board has exceeded, by $1.5 million, the limit for losses authorized by the Governor in Council in respect of the Surplus 1984 Ontario Grapes Program.

Equity at end of the year	7,838,125	16,829,241

NOTES TO FINANCIAL STATEMENTS MARCH 31, 1986

1. Authority and objective

The Agricultural Products Board, which was established in 1951, operates under the authority of the Agricultural Products Board Act and comprises a chairman and two members appointed by the Governor in Council.

The objective of the Board is to stabilize the prices of agricultural commodities through the purchase and sale of surplus commodities in times of depressed markets.

2. Accounting policies

The Board follows the accrual basis of accounting for the transactions authorized pursuant to the Agricultural Products Board Act.

Inventories are valued at the lower of cost and net realizable value.

Furniture and equipment are charged to administrative expenses in the year of acquisition.

An estimated amount for services provided to the Board without charge by Government departments is included in administrative expenses.

A statement of changes in financial position has not been presented since the Board's financing activities are disclosed in the statement of equity.

3. Inventories

	1986		1985	
	Net realizable value	Write-down	Net realizable value	Write-down
	$	$	$	$
Grape products	3,455,395	1,151,472	6,551,392	3,408,356
Raspberry concentrate	244,140	2,400,000	3,123,562	
Pears			575,524	34,042
Corn			517,912	111,326
Peaches			332,196	59,994
	3,699,535	3,551,472	11,100,586	3,613,718

The write-down of inventories to reflect their net realizable value has been charged to cost of sales in the statement of operations.

4. Long-term accounts and notes receivable

	Date of maturity	Interest terms	1986	1985
			$	$
Secured by notes	May 4, 1988		525,000	600,000
	December 31, 1992	Commercial bank prime per annum on simple basis	909,851	1,006,505
			1,434,851	1,606,505
Province of Ontario	April 1, 1986			398,811
			1,434,851	2,005,316

5. Use of parliamentary appropriation

	1986	1985
	$	$
Expenditure		
Purchases, processing and carrying charges		
Grapes	8,157,459	13,916,393
Corn	9,196	790,823
Processed fruit		9,774
Strawberries		3,172
	8,166,655	14,720,162
Administration	68,705	92,189
Less: services provided by Government departments without charge	(15,579)	(20,658)
Total expenditure financed from parliamentary appropriation—Agriculture Vote 5	8,219,781	14,791,693

6. Losses in excess of the amount authorized

During the year the Government of Ontario proposed that, if the Board disposed of its remaining 1984 grape product inventory expeditiously, it would absorb any additional losses, up to $3.5 million, as a result of such action. Selling prices for Board inventories declined immediately since the Government of Ontario's proposal became known to buyers. Subsequently, the Government of Ontario withdrew its proposal.

The Board has incurred losses to March 31, 1986 of $1.5 million in excess of the maximum amount authorized by Governor in Council in respect of the Surplus 1984 Ontario Grapes Program. The Board will seek Governor in Council approval for losses incurred in excess of the maximum amount originally approved.

Board of Trustees of the Queen Elizabeth II Canadian Fund to Aid in Research on the Diseases of Children

AUDITOR'S REPORT

TO THE BOARD OF TRUSTEES
AND
THE HONOURABLE JAKE EPP, P.C., M.P.
MINISTER OF NATIONAL HEALTH AND WELFARE

I have examined the balance sheet of the Board of Trustees of the Queen Elizabeth II Canadian Fund to Aid in Research on the Diseases of Children as at March 31, 1986 and the statements of operations and balance of fund and changes in financial position for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Board as at March 31, 1986 and the results of its operations and the changes in its financial position for the year then ended in accordance with the accounting policies set out in Note 2 to the financial statements applied on a basis consistent with that of the preceding year.

Further, in my opinion, the transactions of the Board that have come to my notice during my examination of the financial statements have, in all significant respects, been in accordance with the Queen Elizabeth II Canadian Research Fund Act and by-laws of the Board.

NOTES TO FINANCIAL STATEMENTS MARCH 31, 1986

1. Authority and objectives

The Queen Elizabeth II Canadian Fund to Aid in Research on the Diseases of Children was established by the Queen Elizabeth II Canadian Research Fund Act in 1959 to help individuals or organizations undertake or carry on research into the diseases of children, and the causes, prevention and treatment of such diseases. The Act established the Board of Trustees, consisting of a Chairman and six other trustees appointed by Her Majesty by commission under the Great Seal. The Board manages and administers the Fund in accordance with and subject to the Act.

2. Accounting policies

Investment in Government of Canada securities

Investment in Government of Canada securities is recorded at cost. All gains or losses, including any premium or discount on acquisition, are recognized as revenue when the securities are sold. Interest income is recorded on an accrual basis.

Scientist awards

Scientist awards are provided for in the year the awards are approved. Any subsequent increase or decrease in an award is accounted for in the year the increase or decrease is approved. Any awards cancelled subsequent to the year of approval are recognized as revenue in the year of cancellation. Refunds of unspent awards are recorded as revenue when received.

Services provided without charge

The Medical Research Council provides the Board without charge with such secretarial and other administrative and technical services and facilities as are required for the purposes of the Act.

3. Queen Elizabeth II Visiting Professorships

At a Board of Trustees meeting on March 20, 1985, a decision was taken not to offer any new scientist awards for the time being. At the same meeting, the Board approved the establishment of a Lectureship Award, to be known as the Queen Elizabeth II Visiting Professorship, to enable Canadian departments of pediatrics to invite scientists of international calibre to visit their departments. This is designed to help strengthen the departments' scientific and research efforts in childhood diseases. The first awards are scheduled to be made in 1986-87.

Board of Trustees of the Queen Elizabeth II Canadian Fund to Aid in Research on the Diseases of Children—*Concluded*

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 1986—*Concluded*

4. Investment in Government of Canada securities

	1986			1985		
	Par Value	Cost	Market Value	Par Value	Cost	Market Value
	$	$	$	$	$	$
Government of Canada bonds	150,000	138,000	144,750	319,000	293,075	284,825

	414,000	346,702	372,370	404,000	376,069	367,885

Under the terms of the Act, the Board may invest any moneys of the Fund in bonds or other securities of the Government of Canada and may sell any such bonds and securities. The securities held at March 31, 1986 bear interest at rates ranging from 6.75% to 10.67% a year. The market value of the Government of Canada residuals is the market value at May 9, 1986. Since interest is paid only at maturity, the market price of these residuals takes into account accrued interest, current prevailing interest rates and the term to maturity.

Canadian Grain Commission

MANAGEMENT REPORT

We have prepared the accompanying statement of operations of the Canadian Grain Commission in accordance with the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in this financial statement rests with the management of the Commission.

This statement of operations was prepared in accordance with the accounting policies set out in Note 2, on a basis consistent with that of the preceding year. To fulfill its reporting responsibility, the Commission maintains a set of accounts which provides a centralized record of the Commission's financial transactions. Financial information contained in the departmental statements and elsewhere in the Public Accounts is consistent with that in the statement of operations, unless indicated otherwise.

The Department of Agriculture's directorate of financial services develops and disseminates financial management and accounting policies, and issues directives which maintain standards of accounting and financial management. The Commission maintains systems of financial management and internal control. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities, and are properly recorded to maintain accountability of Government funds and safeguard the Commission's assets. Financial management and internal control systems are augmented by the maintenance of internal audit programs where frequent contacts are maintained between staffs of the Commission and of the Office of the Auditor General. The Commission also seeks to assure the objectivity and integrity of data in its financial statement by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communications programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

The statement of operations has been examined by the Auditor General, his role being to express an informed opinion as to whether the Commission's statement of operations, considered in its entirety, presents fairly, in conformity with stated accounting policies, the Commission's financial transactions.

The accounting system and financial statement of the Commission have evolved over the years to meet changing conditions.

Approved by:

GEORGE G. LEITH
Chief Commissioner

R. KULLMAN
Senior Financial Officer

July 10, 1986

AUDITOR'S REPORT

TO THE CHIEF COMMISSIONER AND COMMISSIONERS
CANADIAN GRAIN COMMISSION

I have examined the statement of operations of the Canadian Grain Commission for the year ended March 31, 1986. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, this financial statement presents fairly the results of operations of the Commission for the year ended March 31, 1986 in accordance with the accounting policies set out in Note 2 to the financial statement applied on a basis consistent with that of the preceding year.

D. Larry Meyers, F.C.A.
Deputy Auditor General
for the Auditor General of Canada

Ottawa, Canada

The accompanying schedule and notes are an integral part of this statement.

NOTES TO STATEMENT OF OPERATIONS MARCH 31, 1986

1. Authority and objectives

The Canadian Grain Commission was established under Section 3 of the Canada Grain Act (1970) to establish and maintain standards of quality for Canadian grain and regulate grain handling in Canada, to ensure a dependable commodity for domestic and export markets. The Canadian Grain Commission operates under lapsing authority however, there are some personnel costs covered by statutory authorities.

The Commission exercises certain responsibilities under the following Acts and associated regulations in addition to the Canadian Grain Act.

Financial Administration Act
Grain Futures Act
Inland Water Freight Rates Act
Weights and Measures Act
Western Grain Stabilization Act
Western Grain Transportation Act

2. Significant accounting policies

(a) Expenditure recognition

Expenditure is recorded for all goods and services received and/or performed up to March 31, 1986, with the exception of termination payments and vacation pay which are recorded on the cash basis.

(b) Revenue recognition

Revenue is recorded on a cash basis in accordance with Government of Canada accounting policies. Revenue is credited directly to non-tax revenue.

(c) Capital purchases

Acquisitions of capital assets are charged to operating expenditure in the year of purchase.

(d) Amounts representing services provided without charge from Government departments are included in expenditures.

(e) Refunds of previous years' expenditure are recorded as revenue when received and are not deducted from expenditure.

3. Parliamentary appropriations

	1985-86	1984-85
	$	$
Department of Agriculture		
Vote 50 (Vote 40, 1984-85)—		
Program expenditures and contributions	42,256,000	36,372,000
Amount lapsed	8,855,619	3,657,923
	33,400,381	32,714,077
Statutory—Salaries		258,493
Statutory—Contributions to employee benefit plans	4,904,000	4,565,000
Total use of appropriations	38,304,381	37,537,570

4. Accounts receivable

As at March 31, 1986, accounts receivable from outside parties for services provided by the Commission were $3,338,463 (1985—$1,388,069).

5. Contingent liabilities

The Commission has exercised its powers under Sections 36 and 38 of the Canada Grain Act in revoking licences which included the realization of posted securities. As a result, various claims and lawsuits have been brought against the Commission. In the opinion of management and legal counsel the losses, if any, cannot be determined at this time.

The Commission was given notice of a statement of claim that names the Commission as one of several Government departments who allegedly were negligent in the manner of testing of toxins contained in the winter wheat crops of 1980.

Damages are claimed for storage costs and transportation costs incurred by reason of the alleged negligence.

Accordingly, no provision has been made in the accounts of the Commission.

Remissions of less than $1,000	521,831
	34,007,096

Tariff items 41100-1, 42700-1, 42700-2, 42700-3, 42700-4, 42700-5, 42700-9, 42700-10, 42700-11, 42700-12, 42700-13, 42700-14, 42700-15, 42700-16, 42701-1, 42701-2 and 42701-3 provide that in the case of importations into Canada of any goods enumerated in the items, the Governor in Council, on the recommendation of the Minister of Department of National Revenue, may, whenever he considers that it is in the public interest and that the goods are not available from production in Canada, remit the duty specified in these items applicable to the goods. Remission of duty are less the duty applicable to the first $500 of value for duty in respect of each application. The following remissions were granted on the recommendation of the Minister of Department of National Revenue and the Treasury Board under the provisions of the tariff items and represent customs duty on machinery and parts as described in the various remission Orders and Schedules thereto, the amounts shown representing that portion of the remission applicable to the machinery and parts imported during the period of April 1, 1985 to March 31, 1986 inclusive:

PC 1971—2727, December 14, 1971, amended by PC 1973—4030, December 18, 1973, PC 1974—547, March 12, 1974, PC 1975—2943, December 18, 1974, PC 1977—2546, September 15, 1977, PC 1977—3373, December 1, 1977, PC 1979—3466, December 19, 1979 and PC 1981—69, January 15, 1981, remits the duty payable under Schedule A of the Customs Tariff on certain parts classified under tariff item 42700-1 and 42701-1 entered for consumption:

(a) in 1985 and that are for machines, or for accessories or attachments for machines, that were imported under a remission of duty authorized during 1975, 1976, 1977, 1978, 1979 or 1980;
(b) in 1986 and that are for machines, or for accessories or attachments for machines, that were imported under a remission of duty authorized during 1976, 1977, 1978, 1979 or 1980—$4,709,231;

PC 1970—1200, July 8, 1970, remits the sales tax paid or payable on goods in respect of which customs duties have been remitted pursuant to tariff item 42700-1 and which are entered for consumption on and after July 8, 1970, in an amount equal to the difference between the sales tax calculated on the duty paid value of the goods and the value for duty of the goods—$2,877,182:

Tariff items 41100-1, 42700-1, 42700-2, 42700-3, 42700-4, 42700-5, 42700-9, 42700-10, 42700-11, 42700-12, 42700-13, 42700-14, 42700-15, 42700-16, 42701-1, 42701-2 and 42701-3:

PC 1973—228, January 30, 1973, remission of sales tax on domestically manufactured aircraft used for demonstration to prospective customers.

PC 1973—745, March 27, 1973, remission of customs duties and excise taxes in respect of the temporary entry of specified articles imported for the special uses set forth in Schedule "A" of the order.

PC 1973—2529, August 21, 1973, remission of customs duties and excise taxes on goods for use in cases of emergency.

PC 1974—1/1188, May 30, 1974, remission of the customs duties paid or payable on nylon staple fibres for use in the manufacture of moulded car mats to be supplied as original equipment parts to the Canadian automobile manufacturers.

PC 1974—2246, October 8, 1974, remission of excise taxes payable by diplomats and others representing another country.

PC 1974—2522, November 19, 1974, remission of customs duty and excise taxes paid or payable on certain kinds of advertising material.

PC 1974—2523, November 19, 1974, remission of customs duties and excise taxes paid or payable on commercial samples temporarily imported for exhibition or demonstration.

PC 1975—287, February 11, 1975, partial remission of sales tax on aircraft temporarily exported from Canada in fulfillment of a contract for commercial air service.

PC 1975—1973, August 27, 1975, remission of customs duties paid or payable on various types of railway rolling stock entering Canada for use in international service (railway rolling stock Remission Order No 2).

PC 1975—1974, August 27, 1975, remission of customs duty paid or payable on railway rolling stock manufactured in Canada imported for use in international service (Remission Order No 3).

PC 1975—1975, August 27, 1975, remission of customs duty paid or payable on foreign railway rolling stock entering Canada for use in international service (Remission Order No 4).

PC 1976—957, April 27, 1976, remission of sales and excise taxes on imported aircraft used for demonstration to prospective customers.

PC 1976—1930, July 27, 1976, remission of customs duty and taxes underpaid due to customs entry error.

PC 1976—17/3066, December 9, 1976, remission of air transportation tax paid or payable in accordance with Part II of the Excise Tax Act with respect to the transportation of United States personnel to or from the joint Canada, United States defence project "Dew Line" for the purpose of its construction, maintenance or operation.

PC 1977—1682, June 16, 1977, remission of customs duties and excise taxes on the importation of household goods by a seasonal resident.

PC 1978—2023, June 22, 1978, remission of customs duties and excise taxes on vehicles and baggage temporarily imported by non-residents.

PC 1978—2963, September 27, 1978, remission of sales and excise taxes on motor vehicles purchased or imported by diplomatic and other representatives of foreign countries without payment of sales and excise taxes and after two years diverted to taxable use.

PC 1978—3279, October 26, 1978, remission of penalty of less than $10 in respect of late payment of tax imposed under Part III, IV or V of the Excise Tax Act.

PC 1980—278, January 25, 1980, remission of customs duty on specified commercial vehicles parts and accessories and parts thereof.

PC 1981—4/2723, October 8, 1981, remission of customs duty and taxes on machinery and equipment imported by various companies.

PC 1982—197, January 21, 1982, remission of duties, sales and excise taxes on certain imported goods transported into Canada by courier services.

PC 1982—386, February 11, 1982, remissions of customs duty on certain vacuum evaporator mask from stainless steel and employed in the production of photocells.

PC 1982—4/1788, June 17, 1982, remission of customs duty and taxes paid on machinery and equipment imported by various companies.

PC 1982—2182, July 22, 1982, remission of customs duty and sales tax on specified commercial vehicles, parts and accessories and parts thereof of Funcraft Vehicles (1981) Limited.

PC 1982—2622, September 3, 1982, remission of fifty per cent of the sales tax paid or payable on certain retail scales capable of being converted to metric, imported or sold during the period beginning July 1, 1981 and ending December 31, 1983.

PC 1983—1250, April 28, 1983, remission of customs duty and taxes on imported coffins or caskets.

PC 1983—1439, May 12, 1983, remission of customs duty and sales tax on buses, parts and accessories and parts thereof of Girardin Vehicles Industries.

PC 1983—5/1519, May 26, 1983, remission of customs duty and taxes paid on machinery and equipment imported by various companies.

PC 1983—2989, September 29, 1983, remission of customs duty and sales tax on automotive machinery and equipment imported into Canada by certain specified companies.

PC 1983—3776, November 30, 1983, remission of air transportation tax on transportation beginning and ending outside Canada that does not include an intermediate stop in Canada other than a transfer stop or a technical landing.

PC 1984—54, January 11, 1984, remission of customs duty and sales tax on specified commercial vehicles, parts and accessories and parts thereof of Western Utilities Equipment Company Limited.

PC 1984—1760, May 24, 1984, remission of duty and taxes on machinery and equipment imported by specified companies.

PC 1984—2048, June 14, 1984, remission of customs duty on chemicals and photomasks used in the production of semiconductor devices and imported by Mitel Corporation.

PC 1984—2331, June 28, 1984, remission of customs duty and sales tax on specified commercial vehicles, parts and accessories and parts thereof of SMI Industries Canada Limited.

PC 1984—2508, July 12, 1984, remission of customs duty and sales tax on specified commercial vehicles, parts thereof of Peabody Myers (Canada) division of Peabody International Canada Limited.

PC 1984—3119, August 31, 1984, remission of sales tax paid or payable on certain snowshoes manufactured or produced in Canada and sold during the period beginning February 13, 1984 and ending December 31, 1986.

PC 1984—3685, November 15, 1984, remission of customs duty, sales and excise taxes on certain articles imported by Pringle and Booth Limited.

$

PC 1985—1358, April 19, 1985, remission of customs duty, excise duty and sales and excise taxes on sales of alcohol and tobacco products to designated persons participating in the Human Rights Experts Meeting of the Conference on Security and Cooperation in Europe held in Ottawa from April 23, 1985 to June 18, 1985.

PC 1985—3488, November 28, 1985, remission of excise duty paid or payable on domestic spirits by a board, commission or other government agency that under provincial law is empowered to sell or to authorize the sale or distribution of alcoholic beverages.

PC 1986—200, January 23, 1986, remission of customs duty and taxes on machinery and equipment imported by specified companies.

PC 1986—681, March 20, 1986, remission of customs duty, excise duty and sales and excise taxes paid or payable on alcohol and tobacco products imported into or purchased in Canada by Commissioners General and Deputy Commissioners General representing participating States at the 1986 World Exposition on Transportation.

NATIONAL REVENUE—
TAXATION

Remissions of income tax:

American Telephone and Telegraph Company

PC 1985—1476, dated May 2, 1985, authorizes the remission of income tax, interest and penalties to certain shareholders in respect of shares received on the divestiture of the American Telephone and Telegraph Company.

Bain, Ronald N 1,624

PC 1985—13/2838, dated September 19, 1985, authorizes the remission of income tax in the amount of $1,624, plus relevant interest, for the 1979 taxation year, to Ronald N Bain.

When the taxpayer filed his 1979 return, five months after a demand for the return was issued, the four year period for the refund, to which he would have been entitled based on the information in the return, had expired. The taxpayer claimed that he had not filed his 1979 return on time because his marriage had broken up and he was left with the responsibility of three small children.

Because of the hardship he suffered due to his low income and the fact that he was required to care for his three children by himself, and since the Department's demand for the filing of a return was made only 18 days before the refund was statute-barred, the remission was granted.

Chwaluczyk, Janusz 29,970

PC 1985—4/1941, dated June 13, 1985, authorizes the remission of income tax of $17,607, $4,349 and $8,014 for 1980, 1981 and 1982 respectively, plus relevant interest, payable by Janusz Chwaluczyk.

The taxpayer is a member of a religious order in Poland and has taken a vow of perpetual poverty. Since 1977, he has been residing and teaching in Quebec. He did not pay over his entire income to the order in Poland since the political regime in Poland would not have allowed the funds to be returned to Canada. Instead, he used part of his income to defray his personal living expenses and the remainder was forwarded to his order and family. He was, therefore, disallowed the deduction normally available to a member of a religious order who pays his income to the order. His situation has since been regularized, in that arrangements have been made with the US mother house.

$

Because the refusal of the remission would cause financial hardship to the taxpayer and his religious order, and the situation was beyond the taxpayer's control and has since been corrected, the remission was granted.

Fillion, Alfred J 2,648

PC 1985—11/1416, dated April 25, 1985, authorizes the remission of income tax of $1,520 and $1,128 for the taxation years 1977 and 1978 respectively.

The taxpayer, a Winnipeg fireman, suffered a heart attack in 1977. He was denied Workmen's Compensation but received sick leave pay until August 1978. In 1984, he was awarded compensation for this period. As a result, the taxpayer paid more income tax than would have been payable had his worker's compensation award not been unduly delayed. Furthermore, the taxpayer was unaware of the requirement to file waivers in order to prevent his 1977 and 1978 from becoming statute-barred.

On equitable grounds, the remission was granted.

G C C Limited 113,791

PC 1986—14/767, dated March 26, 1986, authorizes the remission of income tax for 1982 of $91,033, a penalty of $22,768 and relevant interest payable by G C C Limited.

The company was incorporated for the purpose of constructing a tunnel in Thunder Bay. Because of unanticipated bedrock in the area, the company sustained substantial losses prior to the completion of its contract in 1977. The company sued the City of Thunder Bay and recovered $750,000 in 1982, by which time it could no longer set off its 1976 losses against the $750,000.

Because the taxpayer was unaware of the bedrock in the area and because the date of receipt of the $750,000 was dependent on the judgment of the Court over which the taxpayer had no control, a remission was granted.

Garnett, Marion 44,871

PC 1985—6/2838, dated September 19, 1985, authorizes the remission of income tax payable by Marion Garnett, for the 1982 and 1983 taxation years, that would not have been payable had she not made a forward averaging election in 1982.

The taxpayer made a forward averaging election for the 1982 taxation year. She died in 1983 and her will provided for sizeable amount of charitable donations that could not be fully deducted in 1983. The unused deductions could not be carried back to 1982 because Mrs Garnett's taxable income for 1982 was, as a result of her forward averaging election for that year, reduced to an amount which was well under that of the carry back.

Consequently, the taxpayer paid more tax for 1982 and 1983 combined under the forward averaging mechanism than she would have paid had she not made the forward averaging election.

Legislation is being changed to address this situation; however, it will be effective for the 1984 and subsequent taxation years.

Since the proposed amendment will not apply to the 1982 taxation year, the remission was granted.

Ghadaki, Hashem 129,681

PC 1985—2/3341, dated November 7, 1985, authorizes the remission of Part XIII tax of $129,681 plus relevant interest, payable by Hashem Ghadaki.

In 1983, the taxpayer filed returns for 1979 to 1981 under subsection 216(1) of the Income Tax Act; but those for 1979 and 1980 were invalid as they were not filed within the required two years. He was assessed Part XIII tax of $63,500 for 1979 and $66,231 for 1980.

Remissions of tax, fee or penalty—*Continued*

NATIONAL REVENUE—
TAXATION—*Continued*

The returns were filed late because the taxpayer was, at the relevant time, an Iranian resident, prohibited from leaving Iran because of allegations involving connections with the deposed Shah. He was also unable to communicate with anyone in Canada since it was dangerous for Iranians to own property outside of Iran. In 1983, he came to Canada.

Because of the significant financial setback that would be suffered by the taxpayer and the fact that the late filing of the relevant returns was caused by conditions beyon his control, the remission was granted.

Government and Long-Term Corporate Debt Obligations

PC 1985—3480, dated November 28, 1985, authorizes the remission of income tax payable on interest income received by non-resident persons from residents of Canada in respect of government and long-term corporate debt obligations issued in 1986.

Indian

PC 1985—2446, dated August 7, 1985, authorizes the remission, for the 1983, 1984 and 1985 taxation years, of certain income tax payable by an Indian in respect of employment income earned by him on a reserve.

Knystautas, Emile J ..... $ 3,881

PC 1985—4/3270, dated October 31, 1985, authorizes the remission of income tax of $3,528, under subsection 215(6) of the Income Tax Act plus penalties of $353 payable by Emile J Knystautas.

The taxpayer failed to withhold tax on alimony and child support payments to his ex-spouse who resides in the United States. He was aware of neither the requirement to withhold nor of the possibility of her electing to file a return and reduce her tax liability. Repeated requests to obtain information from Revenue Canada were unsuccessful.

Because of Revenue Canada's failure to advise the taxpayer, a remission of part of his liability for failure to withhold, being the difference between his total liability and the taxes that would have been payable by his ex-spouse had she elected to file returns on time, plus relevant penalties, was granted.

Manitoba Credit Union and Caisse Populaire Stabilization Funds

PC 1985—1410, dated April 25, 1985, authorizes the remission of income tax payable in respect of certain government assistance provided to the Credit Union Stabilization Fund of Manitoba and Le Fonds de Sécurité des Caisses Populaires du Manitoba Ltée.

Mathes, Harold E 1,832

PC 1986—13/767, dated March 26, 1986, authorizes the remission of income tax of $1,004 and $828 for the taxation years 1977 and 1978 respectively, plus relevant interest, payable by Harold E Mathes.

The tax is in respect of income reported by the taxpayer from the operation of a group home for problem teenagers. Revenue Canada later decided that such income was exempt but, when the taxpayer learned about the new policy, the years were statute-barred.

The taxpayer has been living in difficult circumstances and on the grounds of extreme hardship, a remission was granted.

Norcen 1,577,760

PC 1985—7/2838, dated September 19, 1985, authorizes the remission of an amount equal to $1,577,760, being a portion of the taxes payable by Norcen International Ltd under subsection 99(1) of the Petroleum and Gas Revenue Tax Act on its incremental resource royalties for 1982, 1983 and 1984 taxation years.

Schaffer, William 1,545

PC 1986—5/229, dated January 23, 1986, authorizes the remission of income tax of $541, $369, $231 and $404 for the 1976, 1977, 1978 and 1979 taxation years respectively, payable by William Schaffer.

The taxpayer, a victim of a heart attack received long term disability payments commencing in 1976. He reported the receipts from 1976 to 1983 until a relative discovered that they were not subject to tax. By that time, the 1976 to 1979 years were statute-barred.

Because of the taxpayer's financial circumstances and health, a remission of the said amounts was granted.

Suncor Inc 42,866,597

PC 1985—1680, dated May 17, 1985, authorizes the remission of an amount of $42,866,597, being a portion of the taxes payable by Suncor Inc under section 81 of the Petroleum and Gas Revenue Tax Act, on its taxable incremental oil revenue IORT for the taxation years 1982, 1983 and 1984.

In the period of 1982 to 1984, the Suncor tar sands mining operations experienced problems in both quality and production, the effect of which caused below capacity output.

A remission of IORT has been granted to facilitate Suncor's expansion projects.

Sylvestre, Jean R 4,726

PC 1985—6/2787, dated September 12, 1985, authorizes the remission of income tax of $812, $904 and $743 for the taxation years 1974, 1975 and 1976 respectively, plus relevant interest, payable by Jean R Sylvestre.

The taxpayer claimed deductions for maintenance paid to his wife. Revenue Canada Taxation disallowed the claim when it received no reply to its request for receipts; the taxpayer was a non-resident and was working abroad. When he returned to Canada, the taxpayer supplied the necessary receipts but by that time the taxation years were statute-barred.

Because to deny this remission will cause a net financial setback and because this situation is due to circumstances beyond the taxpayer's control, the remission was granted.

Town of Gagnon

PC 1985—1359, dated April 19, 1985, authorizes the remission of income tax in respect of capital gains, recapture of capital cost allowance and separation allowances payable as a result of payments received by taxpayers pursuant to a program established by Sidbec Normines Inc regarding the closing of its mining operations at Fire Lake and Lac Jeannine due to a depressed situation in the steel industry.

Since the company is the principal employer in the Town of Gagnon, the cessation of operation will cause the complete closing of the town and the displacement of its citizens. It will be making various types of compensation payments to its employees, to the citizens of Gagnon and to the owners of local businesses.

Remissions of tax, fee or penalty—*Concluded*

NATIONAL REVENUE
TAXATION—*Concluded*

	$

The remission was granted because taxing such payments would result in additional financial hardship to a group of persons who will incur a financial setback as a result of events beyond their control.

United Kingdom Residents

PC 1986—479, dated February 27, 1986, authorizes the remission of income tax, interest and penalties payable by certain United Kingdom residents.

The remission is effected in order to provide relief for United Kingdom residents deriving profits in 1986 from the transportation of passengers or goods to a location where activities in connection with the exploration and exploitation of natural resources are exercised in Canada or from the operation tugboat, and similar vessels in connections with such activities.

Such profits were exempt under the Canada-United Kingdom Income Tax Convention, as amended by the First Protocol and will cease to be exempt upon the Second Protocol to the Convention taking effect for the 1986 taxation year.

The effect of this Order is to provide transitional relief for a one year period.

Vancouver Express	80,160

PC 1986—750, dated March 26, 1986, authorizes the remission of income tax of $80,160, plus relevant interest, for the taxation year 1979, regarding the Vancouver Express and benefits received by union members.

Members of five labour unions published a newspaper known as the Vancouver Express during a strike. Revenue Canada assessed some 1,400 members in respect of payments they received while operating the newspaper but the Federal Court held that the payments were not subject to tax.

	$

Many of the members have been reassessed pursuant to the judgment, but some have not since their 1979 taxation year is statute-barred. Because of a misunderstanding between a solicitor for one of the unions and Revenue Canada, there was insufficient time to obtain waivers or Notices of Objections from all employees.

Because of the misunderstanding and because Revenue Canada publicly announced its intention to reassess all of the members in accordance with the judgment, remission in respect of those members who cannot be reassessed was granted.

(2) After March 18, 1985, Treasury Board approval was needed for ministerial write-off of the accounts of a department that exceeded $25,000.

(3) Interest of $46,706 forgiven pursuant to Vote 546, Appropriation Act No. 3, 1953 as amended.

(4) The above statement excludes the following write-offs authorized by Acts other than the Financial Administration Act: National Health and Welfare, 26,759 items totalling $4,271,654 pertaining to remission of debts under Section 22(3) of the Old Age Security Act; National Revenue, Customs and Excise, 30 items totalling $79,050, Taxation, 10,410 items totalling $91,348,107, both under the Bankruptcy Act; Secretary of State, 671 items totalling $1,056,338 under the Bankruptcy Act; Solicitor General, 1 item of $2,119 under the Bankruptcy Act; Transport, 1 item of $1,583,864 under the Northern Transportation Company Limited Disposal Authorization Act; Veterans Affairs, 3,904 items totalling $2,788,006 pertaining to remission of debts under Section 19(2) of the War Veterans Allowance Act and 5 items totalling $26,590 under Section 26(1) of the Veterans Land Act.

(5) Vote L103b, Appropriation Act No. 1, 1969 authorizes the Minister, in the current and subsequent years, to forgive the repayment of a loan or any part thereof made to parolees for assistance in their rehabilitation.

Accountable advances not repaid, accounted for or recovered

Note: this information is required by Section 31(3) of the Financial Administration Act.

Statement of accounts receivable	4.2
Notes to statement of accounts receivable	4.5
Deletions from accounts receivable during 1985-86	4.6

Statement of accounts receivable

The Government generally reports revenue in the year in which it is received. Therefore, revenue due but not collected, expenditure overpayments, goods delivered or services rendered by the Government prior to year end for which payment was not received by year end, and interest capitalized, deferred, due and accrued are not recorded as accounts receivable in the accounts of Canada, nor are they reported as assets on the Statement of Assets and Liabilities. These items, however, are controlled through memorandum accounts kept by Government bodies and are presented in this statement.

Items shown as "Interdepartmental" accounts receivable are internal to the Government and thus do not represent cash to be received.

"Net accounts receivable" is the amount to be received by the Government from outside parties

Notes to statement of accounts receivable

NOTE A—EMPLOYMENT AND IMMIGRATION—CANADA EMPLOYMENT AND IMMIGRATION COMMISSION

Receivables of the Unemployment Insurance Account are reported in 1985-86 for the first time. National Revenue—Taxation has reported $58,117,941 in Unemployment insurance accounts receivable as at March 31, 1986 ($61,638,172 as at March 31, 1985) in Note C.

NOTE B—NATIONAL REVENUE—CUSTOMS AND EXCISE

Not included in the statement are contingent receivables estimated at $140,351 for customs duties and excise taxes relating to motor vehicles and motor vehicle parts imported by vehicle manufacturers who have not fully complied with conditions specified under automotive incentive programs.

	Customs	Excise	Total
	$	$	$
Active	140,400,497	42,613,441	183,013,938
This category represents accounts other than bankruptcies and receiverships upon which collection action is being taken, and accounts being disputed or appealed which are awaiting a decision under governing acts or regulations. There are 12,773 such accounts.			
Active/uncollectable	6,275,577	28,146,715	34,422,292
This category includes accounts in bankruptcy or receivership awaiting finalization by trustees or receivers, and accounts awaiting approval for deletion by the Departmental Uncollectable Accounts Committee. There are 303 such accounts.			
	146,676,074	70,760,156	217,436,230

NOTE C—NATIONAL REVENUE—TAXATION

The total receivables amount to $3,239,873,946 and consist of 1,161,411 accounts:

Note: refer to footnotes at bottom of the following table.

Notes to statement of accounts receivable—*Concluded*

(in thousands of dollars)

	Number of accounts	Amount
BY COLLECTION STATUS		
Current assessments:		
Assessed since January 1, 1986	268,427	428,654
Deferred tax[4]	585	1,073
Non-current assessments:		
Assessed in prior years		
Segregated uncollectable[2]	23,819	221,122
Bankrupts and receiverships	26,167	289,126
Under appeal	12,508	668,728
Others:		
(a) Under arrangement[7]	36,146	91,256
(b) Under definitive action[8]	17,434	196,594
(c) Not under definitive action[9]	210,610	1,232,332
(d) Minor balance	565,420	110,412
(e) Sundry—Non-tax revenue	295	577
Total[6]	1,161,411	3,239,874

[1] An amount of $298,023,286 representing accounts receivable from corporations and individuals in bankruptcy or in receivership is included herein, since the department has filed claims against their assets.

[2] An amount of $2,621,938 representing 3 uncollectable accounts for the fiscal years 1980-81 to be deleted from the accounts is included since Parliamentary approval to delete these debts has not been granted.

[3] The classification "Miscellaneous" includes tax and penalty assessed under T3-T4-T5 series of returns.

[4] Under Section 13 of the Income War Tax Act 1943-44, C. 14, taxes which were assessed need not be paid until death of the taxpayer.

[5] Part VIII Refundable Corporation Tax in respect of Scientific Research Tax Credit is not reflected as part of Corporation Tax Receivables. Assessments to the extent of $3,217,998 (number of accounts 1,730) have been levied based on designations filed. However, these are not receivables in the true sense as legal offsets are permitted by legislation and collectibility of these assessments in full is doubtful.

[6] Funds are remitted by taxpayers without the provision of specific taxpayer identification. These funds, therefore, are placed in suspense accounts. Since assessed taxes form a part of these accounts, the accounts receivable are overstated by an amount which is not determinable. The total amount of these suspense accounts as at March 31, 1986 is $14,741,758 consisting of 11,273 accounts.

[7] The category "under arrangement" represents accounts for which conclusive arrangements to pay have been negotiated and terms of payment are definite.

[8] The category "under definitive action" represents accounts for which specific collection or legal action has been taken to control the accounts.

[9] The category "not under definitive action" represents accounts for which conclusive arrangements to pay have not been negotiated and terms of payment are not definite.

NOTE D—PUBLIC WORKS

Under the heading of 1986 previous years collectable, are included the following deferred accounts:

	$
Electric Reduction Company of Canada Ltd	1,576,081

PROFESSIONAL AND SPECIAL SERVICES

The following statement presents a summary of professional and special services by ministry and main classification for the year ended March 31, 1986. This section also presents, for each program, the total amount spent for each classification of services together with a detailed listing of (a) individual payments of $50,000 or over; or (b) the aggregate of all payments to one individual or one organization that totals $50,000 or over. A summary of total current year's expenditure (standard object 04) by department and agency is provided in Section 1 (table 4) of Volume II (Part I).

Construction and acquisition of land, buildings and works

This statement provides total current year's expenditure by program, with details for contracts of $250,000 or over ($25,000 or over for cost plus contracts). In this statement:

- one asterisk (*) adjacent to amounts in the expenditures to date column indicates that amounts reported in previous year's Public Accounts have been amended in the current year;
- two asterisks (**) adjacent to name and location of contractor indicate the contracts that have been awarded through the Department of Public Works;
- three asterisks (***) adjacent to amounts in the amount of contract column indicate cost plus contracts; and
- and (*f*) adjacent to amounts in the expenditures to date column indicates the contracts completed in the current year.

A summary of total current year's expenditure (standard object 08) by department and agency is provided in Section 1 (Table 4) of Volume II (Part I).

* Amends reporting in previous year's Public Accounts.
** Awarded through Public Works.
*** Cost plus contract.
(*f*) Contract completed.
(1)Related to a project in excess of $250,000.
(2)Shared cost project, in addition to the amount reported, Public Works Canada has disbursed $140,000 on contract no 043184.
(3)The amount of $512,860,502 includes the Public Works Revolving Fund. Since the Public Works Revolving Fund provides construction services on a cost recoverable basis to other programs, departments and agencies of the Government of Canada, detailed information for inclusion in this statement is therefore reported by the entities that received such services.

Construction and acquisition of machinery and equipment

This statement provides an analysis of the current year's expenditure (standard object 09) by main category of machinery and equipment for the year ended March 31, 1986. A summary of total current year's expenditure by department and agency is provided in Section I (Table 4) of Volume II (Part I).

* An amount of $2,100,000 was charged to standard object 12.
(1) This amount was charged to standard object 12.

APPENDIX 1

Payments under Federal-Provincial Fiscal Arrangements and Federal Post-Secondary Education and Health Contributions Act, 1977 (National Health and Welfare)
(in thousands of dollars)

Provinces and territories	Insured health services	Extended health care services	Total 1985-86
Newfoundland	141,880	24,613	166,493
Prince Edward Island	31,069	5,390	36,459
Nova Scotia	214,679	37,368	252,047
New Brunswick	172,505	30,499	203,004
Quebec	1,124,887	279,064	1,403,951
Ontario	1,920,018	384,753	2,304,771
Manitoba	262,277	45,358	307,635
Saskatchewan	280,883	43,376	324,259
Alberta	477,999	98,970	576,969
British Columbia	669,836	122,191	792,027
Total provinces	5,296,033	1,071,582	6,367,615
Northwest Territories	10,123	2,157	12,280
Yukon Territory	5,301	968	6,269
Total	5,311,457	1,074,707	6,386,164

Federal contributions in respect of provincial and territorial health care services are included under the established programs financing arrangements found in Part VI of the Federal-Provincial Fiscal Arrangements and Federal Post-Secondary Education and Health Contributions Act, 1977. These contributions take the form of a transfer of a predetermined number of tax points (and associated equalization) which are estimated at $4.7 billion in 1985-86, together with the payment of a predetermined base amount of cash escalated on the basis of growth of the gross national product and population (as shown above). The payment of cash contributions is also subject to various provisions of the Canada Health Act. In order that a full cash contribution may be paid, provinces must satisfy program criteria respecting public administration, comprehensiveness, universality, portability and accessibility throughout the fiscal year, and in addition, give recognition to the contributions and payments made by Canada under the Canada Health Act.

Additionally, the Act requires that the provinces must not permit extra-billing by a medical practitioner or a dentist or the assessment of user charges by a hospital. Should a province fail to comply with these conditions, the Act provides for automatic deductions from cash contributions.

The Act also provides that if, prior to March 31, 1987, a province eliminates extra-billings or user charges, the amount deducted shall be refunded to the province. During the year 1985-86, the provinces of Manitoba, Saskatchewan and Quebec complied with these requirements. The amounts previously deducted from Manitoba and Saskatchewan were refunded during the year and are included in the payments shown for Insured Health Services. Payment to Quebec ($14,032,000) was made after the close of the fiscal year and will be included in next year's Public Accounts.

As at the end of 1985-86, four provinces still have not complied with these conditions, and consequently, deductions were made from the payment of cash contributions during the year.

The cumulative position is as follows:

Provinces	Deductions 1984-85	Deductions 1985-86		Refunds 1985-86	Cumulative deductions to date
		Extra-billings	User charges		
	(in thousands of dollars)				
New Brunswick[1]	3,078	84	3,222		6,384
Quebec	7,893		6,139		14,032
Ontario[2]	39,996	53,328			93,324
Manitoba	810	460		(1,270)	
Saskatchewan	1,451	656		(2,107)	
Alberta	9,936	9,216	2,640		21,792
British Columbia	22,797		30,620		53,417
Total	85,961	63,744	42,621	(3,377)	188,949

(1) Legislation banning user charges was passed by the New Brunswick legislature in May 1986. Subsequently, the amount previously deducted in relation to user charges ($6,533,000) was refunded and will be reflected in next year's Public Accounts. Deductions made in regard to the extra-billings have not been refunded.

(2) Legislation banning extra-billing and user charges was passed by the Ontario legislature in June 1986. The amount deducted to date ($106,656,000) will be reported when it is repaid.

APPENDIX 2

Payments under the Canada Assistance Plan (National Health and Welfare)
(in thousands of dollars)

Provinces and territories	Year ended March 31		Increase or decrease (–)
	1986	1985	
Newfoundland	75,694	74,081	1,613
Prince Edward Island	20,734	17,575	3,159
Nova Scotia	104,476	104,672	(196)
New Brunswick	136,906	126,175	10,731
Quebec[1]	1,198,334	1,147,850	50,484
Ontario	1,052,343	943,523	108,820
Manitoba	141,306	132,178	9,128
Saskatchewan	148,630	143,512	5,118
Alberta	389,773	334,286	55,487
British Columbia	593,473	598,787	(5,314)
Total provinces	3,861,669	3,622,639	239,030
Northwest Territories	11,576	10,227	1,349
Yukon Territory	2,860	2,424	436
Total	3,876,105	3,635,290	240,815

The Canada Assistance Plan Act authorizes the Government to enter into agreements with provinces and territories for sharing the costs of social assistance provided to persons in need, and welfare services provided to persons in need or likely to be in need. The rate of the federal contribution is 50% of the eligible and shareable costs.

(1) The Province of Quebec has opted to receive special funding in lieu of cost sharing under the Canada Assistance Plan, in accordance with Part VII for Special Welfare programs of the Federal-Provincial Fiscal Arrangements and Federal Post-Secondary Education and Health Contributions Act, 1977. Under these provisions, the Province of Quebec is entitled to receive a combination of cash and tax abatement units equivalent to the transfer payments which would have been made had it opted to participate in the Canada Assistance Plan.

The amounts received by Quebec were:

	1985-86	1984-85
	(in thousands of dollars)	
Cash payments	1,198,334	1,147,850
5 tax abatement units (estimated value)	407,445	365,265
	1,605,779	1,513,115

APPENDIX 3

Details of New Horizons Payments (National Health and Welfare)
(in thousands of dollars)

Provinces and territories	Year ended March 31, 1986		Year ended March 31, 1985	
	Number of projects funded	Payments	Number of projects funded	Payments
Newfoundland	48	235	46	257
Prince Edward Island	17	96	20	91

Yukon Territory	1	2	1	11*
Total	1,903	12,127	2,145	13,371

* Amends reporting in previous year's Public Accounts.

The New Horizons Program was established in 1972 to encourage and enable retired Canadians to become more actively involved in the life of their community. This objective is accomplished by providing professional assistance and financial contributions to help groups of seniors to plan and develop projects in keeping with their interests and talents. These projects help participating seniors to remain socially active and provide them with an opportunity to become involved in community service projects which help many seniors to prolong an independent life-style.

APPENDIX 4

Summary of payments under the Family Allowances Act (National Health and Welfare)

Year ended March 31	Number of recipients (in thousands)	Number of children (in thousands)	Payments (in millions of dollars)
1986	3,645	6,585	2,501
1985	3,635	6,586	2,418
1984	3,638	6,622	2,326
1983	3,642	6,672	2,231
1982	3,642	6,733	2,020

Federal family allowances are paid in respect of dependent children under age 18. Although payment is normally made to the mother, it may be made to any person who has assumed responsibility for the maintenance of the child. Special allowances are paid for children who are maintained by agencies or institutions. The legislation provides for annual escalation of the allowance in January of each year based on increases in the Consumer Price Index in excess of 3%. The federal monthly rate of family allowances per child was $31.27 in 1985 and $31.58 in 1986. Special allowances were $46.65 a month in 1985 and $47.12 in 1986.

A provincial government may request the federal government to vary the federal family allowances rate payable in that province on the basis of the age of the children or the number of children in the family, or both, provided that the smallest monthly payment in that province is at least 60% of the federal rate and the average monthly amount paid for all children in that province is equal to the monthly federal rate. The provinces of Alberta and Quebec have exercised this option.

In March 1986, there was 3,644,829 families and agencies receiving an average of $57.88 on behalf of 6,584,620 eligible children.

Child Tax Credit is an income-tested benefit designed to assist low and middle income families with children. The basic amount of 1985 Child Tax Credit was $384.00 per child. The total credit payable in 1986 was reduced by 5% of net family income above $26,330 in 1985. Payments applicable to taxation years 1983, 1984 and 1985 made from April 1, 1985 to March 31, 1986 amounted to $21,305,874, $797,638,308 and $685,871,195 respectively, a total of $1,504,815,377.

APPENDIX 5

Summary of payments under the Old Age Security Act (National Health and Welfare)
(in millions of dollars)

	Year ended March 31				
	1986	1985	1984	1983	1982
Old age security pension (OAS)	8,858	8,216	7,649	7,005	6,140
Guaranteed income supplement (GIS)	3,319	2,953	2,524	2,416	2,242
Spouse's allowance (SPA)	348	249	233	222	203
	12,525	11,418	10,406	9,643	8,585

A full or partial basic Old Age Security pension is payable at age 65 or later to everyone who has met certain residence requirements.

A guaranteed income supplement is an additional amount payable to pensioners who have little or no other income apart from the old age security pension. Entitlement is normally based on income in the preceding calendar year, computed in accordance with the Income Tax Act. Where a married couple is concerned, each is considered to have one half of their combined income.

Spouse's allowance is payable to the spouse of a pensioner if the spouse is age 60 to 64 and to widows and widowers aged 60 to 64. All recipients must meet certain residence requirements. Entitlement is based on income.

All benefits under the old age security program are subject to change in January, April, July and October of each year based on increases in the consumer price index.

The benefits in effect as at April 1, 1986 were as follows:

	$
Monthly benefits	
OAS (basic)	288.34
GIS (maximum)	
Single person or a married person whose spouse is not in receipt of OAS or SPA	342.68
Married couple, both pensioners—Each	223.18
Spouse's Allowance (maximum)	511.52
Widowed recipients	564.74

In March 1986, there were 2,652,234 old age security pensioners, of whom 1,329,886 or 50% were also receiving a supplement; the average supplement paid was $213.76. In addition there were 142,302 spouses of pensioners in receipt of spouse's allowance. The average spouse's allowances benefit was $279.57.

(1) For unmatured debt, the amount of principal represents the closing balance as at March 31, 1986. For the specified purpose accounts and the other accounts, the amount of principal represents the net closing balance as at March 31, 1986.
(2) Amounts reported in this column represent interest (i.e. interest on unmatured debt (including Treasury bill discounts), on specified purpose accounts and on other accounts) unless otherwise indicated.
(3) Exchangeable at the option of the holder for an equal par value bond bearing the same interest rate.
(4) Converted to $1 US = $1.3958 Canadian.
(5) Converted to 1 DM = $.5954 Canadian.
(6) Converted to 1 SF = $.7138 Canadian.
(7) Converted to 1 Y = $.007864 Canadian.
(8) Term to maturity is 20 years, or such lesser period as may from time to time be fixed by the Minister of Finance on recommendations of the Chief Actuary of the Department of Insurance, redeemable in whole or in part before maturity only at the option of the Minister of Finance.
(9) Interest on this balance is distributed to the Provinces of Ontario and Quebec on a basis of population.

Federal Court awards	9.19
Nugatory payments	9.21

Payments of damage claims

This statement provides, by ministry and program, details for all payments of damage claims of $1,000 or over. Payments of less than $1,000 are reported as one amount at the end of each program, together with the total number of such claims. A damage claim is a claim for damages for which the Crown was liable under the Crown Liability Act.

Ex gratia payments

This statement provides, by ministry and program, details for all ex gratia payments of $100 or over. Payments of less than $100 are reported as one amount at the end of each program, together with the total number of such payments. For the purposes of this statement, an ex gratia payment is a payment for which no liability is recognized, whether or not any value or service has been received, and that is made as an act of benevolence in the public interest.

Nugatory payments

This statement provides, by ministry and program, details for all nugatory payments of $100 or over. Payments of less than $100 are reported as one amount at the end of each program, together with the total number of such payments. For the purposes of this statement, a nugatory payment is a payment for which no value or service has been received but for which a liability is recognized.

FEDERAL-PROVINCIAL SHARED-COST PROGRAMS

This statement presents, by province and territory, and for each federal-provincial shared-cost program, the current year and previous year expenditures and the expenditures from inception of the program. Programs are reported year after year until completion, and this even if there is no expenditure in a given year. An (f) adjacent to the total expenditures from inception indicates the programs completed in the current year. In this statement, amounts in roman type represent current year expenditures, amounts in **bold face** type represent previous year expenditures and amounts in *italic* type represent expenditures from inception.

Amounts in roman type are 1985-86 expenditures.
Amounts in **bold face** type are 1984-85 expenditures.
Amounts in *italic* type are expenditures from inception (including 1985-86 expenditures).

(0) Program completed.
(1) Amends reporting in previous year's Public Accounts.
(2) Includes amounts previously reported in the 1984-85 Public Accounts under the Ministry of Environment.
(3) These figures have been revised to reflect an additional 14 % on salaries to account for "Other Benefits and Allowances". Also revised to reflect amounts reported under Mineral Development Agreements that should have been reported under Newfoundland Mineral Development Program in the 1984-85 Public Accounts.
(4) Includes the Energy buses program.
(5) These figures have been revised to reflect 1984-85 expenditures reported under Mineral Development Agreements that should have been reported under Newfoundland Mineral Development Program in the 1984-85 Public Accounts.
(6) No payment is made to Quebec under this legislation. However, payments are made under the Canada Assistance Plan towards costs associated with the rehabilitation of disabled persons.
(7) Includes programs in respect to comprehensive rural area development programs, Special Agricultural and Rural Development Act, development opportunity initiatives, atlantic provinces management training agreement and the atlantic provinces physical distribution advisory services, Newfoundland and Labrador Development Corporation.
Does not include an amount of $32,006 from inception: not allocated by province.

Commissions

General information by Commission

The purpose of the following statement is to present general information for all commissions that are part of the Government of Canada as an accounting entity, and also for all commissions funded at least 50% by the Government of Canada. Amounts in *italic* type represent current year estimates and amounts in roman type represent current year expenditures.

COMMUNICATIONS					
Canadian Radio-television and Telecommunications Commission	*180,000*[1] 152,340[1]	*294,400* 231,148	*20,112,667* 19,483,637	*5,180,601* 5,162,465	*25,767,668* 25,029,590
The Commission was established under Part I of the Canadian Radio-television and Telecommunications Commission Act, SC 1975, c.49. It consists of not more than nine full-time members and not more than ten part-time members to be appointed by the Governor in Council. Its mandate is to encourage the implementation of the national broadcasting policy through the regulation and supervision of the Canadian broadcasting system; and to regulate rates and other aspects of the services offered by telecommunications common carriers under federal jurisdiction. The Commission is ongoing.					
National Film Board	*12,500* 12,150	*16,000* 15,715	*12,000* 11,152	*59,500* 65,731	*100,000* 104,748
The Board of Trustees was established under Part IV of the National Film Act, 1950, consisting of the Commissioner, who shall be Chairman, and eight other members to be appointed by the Governor in Council. The Board is permanent.					
National Museums of Canada					
Board of Trustees		*70,000* 69,003		*81,000* 80,461	*151,000* 149,464
The Board of Trustees was established under the authority of the National Museums Act (1967-68, c.21, s.1). Its mandate is to act as the legal and governing authority for the National Museums Corporation and to ensure that the purposes of the Corporation, as stated in Section 5 of the NMC Act, are carried out. Term indeterminate.					
CONSUMER AND CORPORATE AFFAIRS					
Restrictive Trade Practices Commission[3]	314,837	8,200	540,599	556,364	1,420,000
The Commission was created by an Act, to amend the Combines Investigation Act and the Criminal Code on July 4, 1952. The objective of the Commission is to maintain free and open competitive conditions in the market economy, to eliminate certain practices in restraint of trade and afford protection against false and misleading advertising. Term indeterminate.					
EMPLOYMENT AND IMMIGRATION					
Commission of Inquiry on Equality in Employment		*2,366*		*8,718* 5,650	*11,084* 5,650
The Commission was established under Part I of the Inquiries Act by Order in Council PC 1983-1924, June 24, 1983. Its mandate was to inquire into the most efficient, effective and equitable means of promoting employment opportunities, eliminating systemic discrimination and assisting all individuals to compete for employment opportunities on an equal basis. The Commission dissolved during 1985.
